MAINTENANCE

To ensure the longevity and optimal performance of your 1Mii S04 Multimedia Volume Controller, follow these maintenance guidelines:

- Keep the device clean by wiping it with a soft, dry cloth.
- Avoid exposing the device to liquids, excessive moisture, or extreme temperatures.
- Do not attempt to disassemble or repair the device yourself, as this may void the warranty and cause damage.

TROUBLESHOOTING

If you encounter issues with your 1Mii S04 controller, please refer to the following common solutions:

- **No Power/LED Not Lit:**
  - Ensure the USB cable is securely connected to both the controller and your computer.
  - Try connecting the controller to a different USB port on your computer.
  - Test with a different USB-C to USB-A cable if available.

- **Volume Control Not Working:**
  - Verify that the controller is recognized by your operating system. Check your computer's sound settings to ensure the correct audio output device is selected.
  - Restart your computer.

- **Multimedia Buttons Not Responding:**
  - Ensure you are using a compatible media player application. Some web-based players may not fully support these controls.
  - Close and reopen the media player application.

- **Audio Distortion or No Sound (when using 3.5mm AUX):**
  - Check that the 3.5mm AUX cables are fully inserted into both the controller and your audio device.
  - Ensure your audio device (headphones, speakers) is functioning correctly.
