OUPES OP-2400w cart

OUPES Portable Hand Truck User Manual

Model: OP-2400w cart

1. Introduction

Thank you for choosing the OUPES Portable Hand Truck. This manual provides essential information for the safe and efficient operation, maintenance, and troubleshooting of your hand truck. Please read this manual thoroughly before use and retain it for future reference.
The OUPES Portable Hand Truck is designed for universal compatibility with OUPES Mega 1, Mega 2, Exodus 2400W/1500W/1200W power stations, and other similar-sized units. It features a 3-level telescopic handle and all-terrain wheels for easy transport of heavy items up to 500 lbs.

2. Safety Instructions

Always follow basic safety precautions when using this product to reduce the risk of injury or damage.

- Do not exceed the maximum load capacity of 500 lbs (227 kg).
- Ensure the load is securely placed and balanced on the hand truck before moving.
- Always adjust the telescopic handle to a comfortable height to avoid straining your back.
- Be cautious when moving the hand truck on uneven or sloped surfaces.
- Keep hands and feet clear of moving parts, especially during folding and unfolding.
- Store the hand truck in a dry, safe place when not in use.

3. Product Features

- **Universal Compatibility:** Designed to securely transport OUPES Mega 1, Mega 2, Exodus 2400W/1500W/1200W power stations and similar units.
- **3-Level Telescopic Handle:** Adjustable heights of 24.8", 33.5", and 39.7" for ergonomic use.
- **All-Terrain Wheels:** Durable rubber tires for smooth navigation over various surfaces including hardwood, concrete, grass, and gravel.
- **Sturdy Steel Build:** Reinforced steel frame supports up to 500 lbs (227 kg).
- **Foldable & Portable:** Compact design for easy storage and transport.

4. Setup and Assembly

The OUPES Portable Hand Truck comes pre-assembled and requires no complex setup. Simply unfold and adjust the handle.

1. **Unfolding the Hand Truck:**
   Gently pull the base plate downwards until it locks into position. The wheels will automatically extend.

Figure 4.1: Front view of the OUPES Portable Hand Truck in its unfolded, ready-to-use state. The telescopic handle is fully retracted, and the base plate is extended.

2. **Adjusting the Telescopic Handle:**
   Locate the locking mechanisms on the side of the handle bars. Press the buttons or release the clamps to extend the handle to your desired height (24.8", 33.5", or 39.7"). Ensure the handle locks securely into place at each level.

Figure 4.2: The OUPES Portable Hand Truck with its telescopic handle fully extended, illustrating the maximum height and overall dimensions of the unit.

5. Operating Instructions

1. **Loading the Hand Truck:**
   Place the item, such as an OUPES power station, onto the base plate. Ensure the item is centered and stable. The hand truck's design includes supports to cradle compatible power stations.

Figure 5.1: The OUPES Portable Hand Truck shown with an OUPES power station securely placed on its base, demonstrating its intended use for transporting compatible devices.

2. **Transporting Items:**
   Hold the telescopic handle firmly and tilt the hand truck backward to balance the load on the wheels. Push or pull the hand truck to move your items. The all-terrain wheels are designed for smooth movement across various surfaces.

3. **Folding for Storage:**

   To fold the hand truck, first retract the telescopic handle to its lowest position. Then, lift the base plate upwards. The wheels will retract automatically as the base plate folds against the frame.

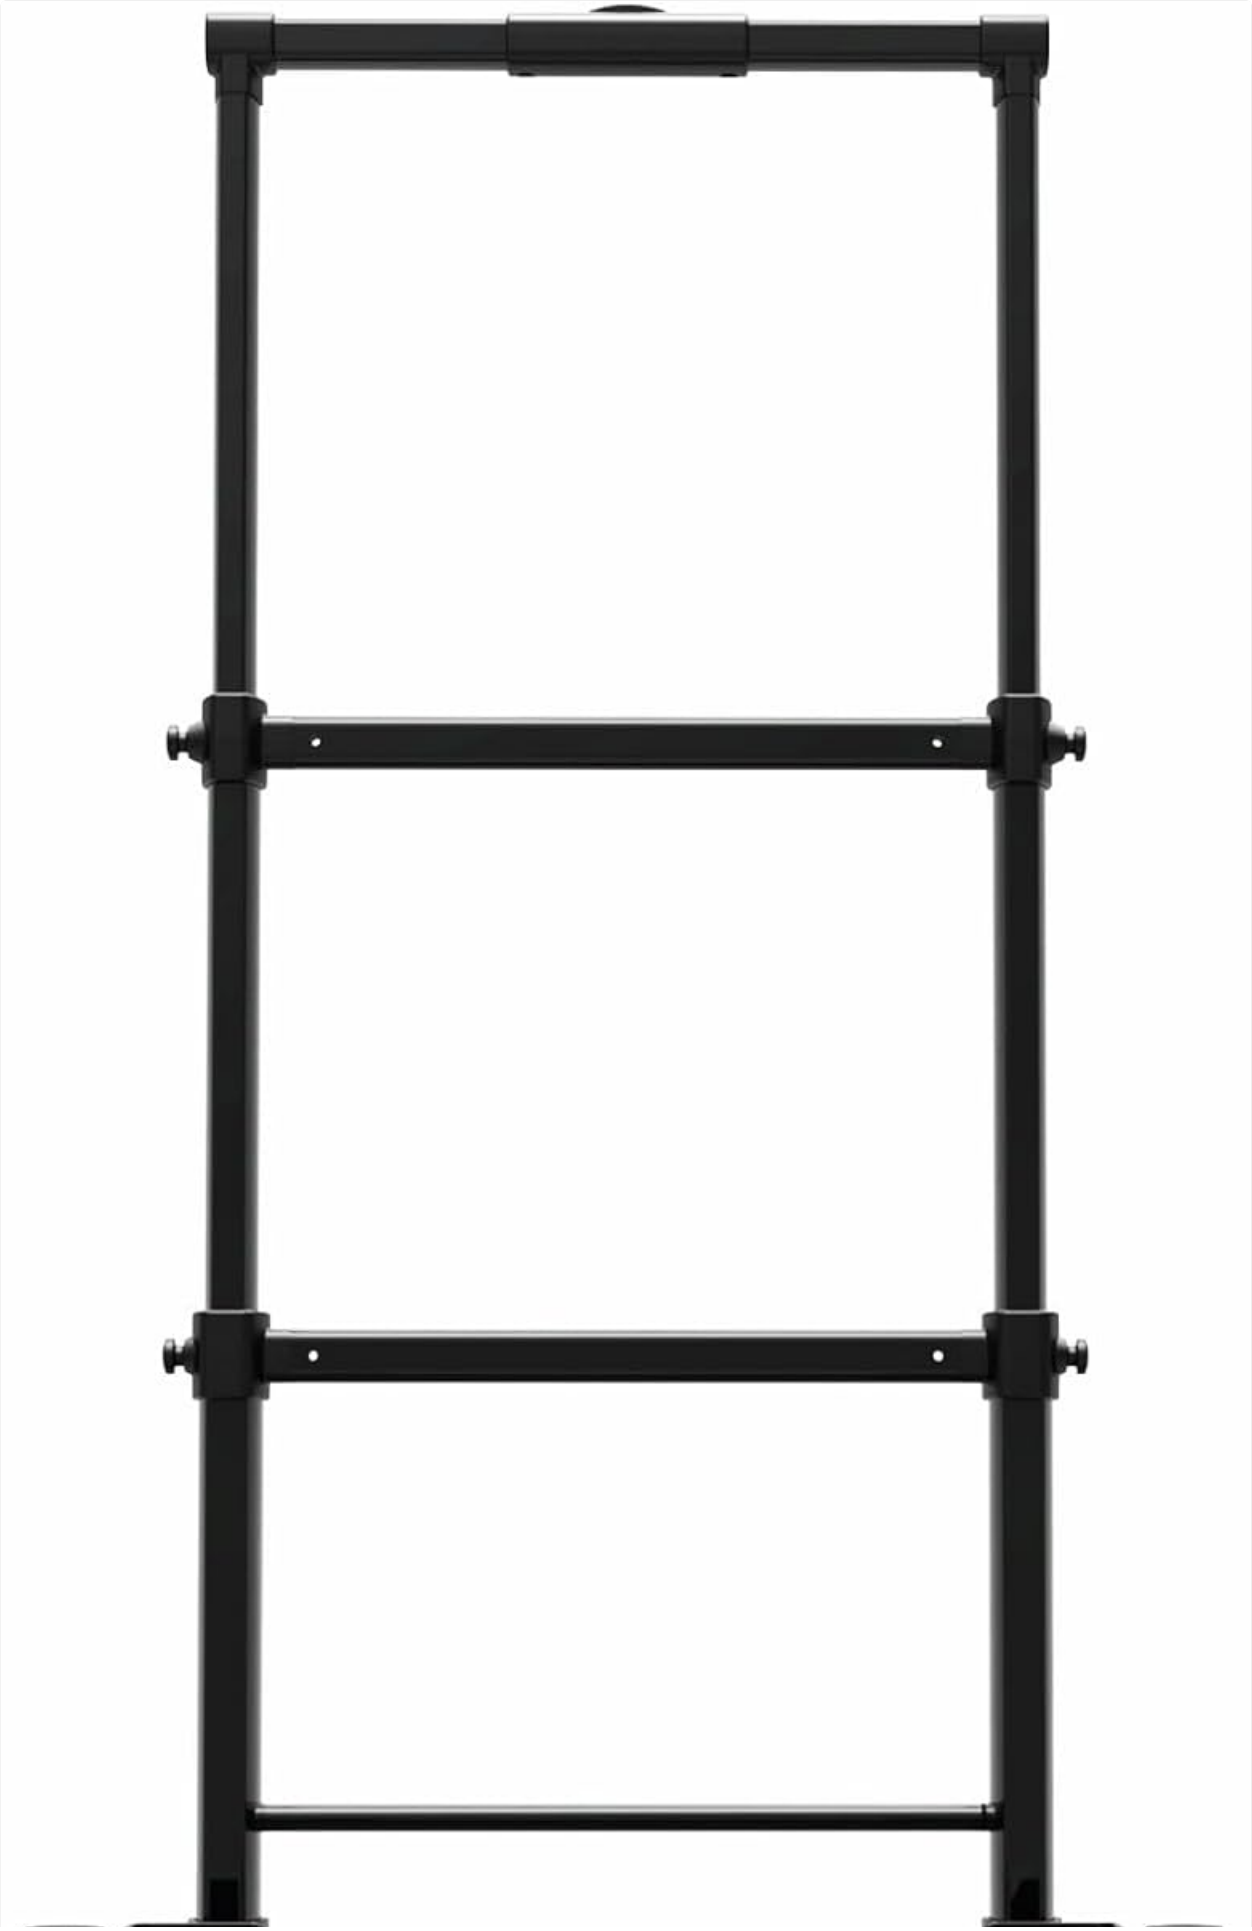

Figure 5.2: The OUPES Portable Hand Truck shown in its compact, folded configuration, ready for storage or transport.

6. Maintenance

- **Cleaning:** Wipe down the hand truck with a damp cloth to remove dirt and debris. Avoid using harsh chemicals.
- **Lubrication:** Periodically check the wheel axles and telescopic handle mechanisms. Apply a small amount of silicone-based lubricant if movement becomes stiff.
- **Inspection:** Regularly inspect the frame, wheels, and handle for any signs of damage, wear, or loose fasteners. Tighten any loose screws or bolts.
- **Storage:** Store the hand truck in a dry environment to prevent rust and prolong its lifespan.

7. Troubleshooting

Problem	Possible Cause	Solution
Handle is stiff or difficult to extend/retract.	Lack of lubrication; dirt/debris in mechanism.	Clean the handle mechanism and apply a silicone-based lubricant.
Wheels do not roll smoothly.	Debris caught in wheels; worn axles.	Remove any debris from the wheels. Inspect axles for damage; lubricate if necessary.
Hand truck feels unstable with a load.	Load is unbalanced; exceeding weight capacity.	Re-center the load. Ensure load does not exceed 500 lbs (227 kg).

8. Specifications

Feature	Detail
Model Number	OP-2400w cart
Brand	OUPES
Material	Aluminum (with reinforced steel frame)
Color	Black

Feature	Detail
Item Weight	11.5 Pounds (5.2 kg)
Product Dimensions (Unfolded, Max Height)	22.2"L x 15.4"W x 39.7"H
Wheel Type	Solid Rubber, All-Terrain
Load Capacity	500 Pounds (227 kg)
Handle Adjustment Levels	3 (24.8", 33.5", 39.7")
