2. Carefully lift the tabletop upwards. The internal mechanism will extend.
3. Once fully extended, rotate the upper part of the table 90 degrees.

5. To return to the coffee table height, reverse these steps: lift, rotate 90 degrees, and gently lower the tabletop.

## 6. Maintenance

Regular maintenance will help preserve the appearance and functionality of your Lviden Patio Rattan Coffee Table.

- **Cleaning:** Wipe the table surface and wicker with a soft, damp cloth. For stubborn dirt, use a mild soap solution and rinse thoroughly. Avoid harsh chemicals or abrasive cleaners.
- **Protection:** Although the wicker is UV-water resistant, covering the table when not in use or during prolonged periods of harsh weather (heavy rain, snow, intense sun) will extend its lifespan.
- **Inspection:** Periodically check all screws and bolts to ensure they remain tight. Retighten if necessary.

- **Storage:** During off-season or extended periods of non-use, store the table in a dry, protected area.
