MICSIU 900016

MICSIU 5-Light Crystal Chandelier Model 900016 Instruction Manual

Your guide to safe installation, operation, and maintenance.

1. Introduction

Thank you for choosing the MICSIU 5-Light Crystal Chandelier, Model 900016. This fixture features a durable oil-rubbed bronze metal frame adorned with clear crystal rods, designed to provide elegant illumination. This manual provides essential information for the safe and correct installation, operation, and maintenance of your new chandelier.

2. Important Safety Information

- Always turn off the main power supply at the circuit breaker before beginning installation or performing any maintenance.
- Consult a qualified electrician if you are not familiar with electrical wiring.
- Use only bulbs of the specified type and wattage to avoid overheating and potential fire hazards.
- Do not connect the fixture to an ungrounded electrical system.
- Handle crystal components with care to prevent breakage.
- Ensure all connections are secure and properly insulated.
- This fixture is designed for indoor, dry location use only.

3. Package Contents

Carefully unpack all components and check against the list below. Retain all packaging materials until installation is complete.

- Chandelier Frame (Drum D20" 5-Light)
- Crystal Rods
- Mounting Hardware (Canopy, Mounting Plate, Screws, Wire Nuts)
- Adjustable Chain
- Instruction Manual

Image 3: Detailed view of smaller mounting hardware, including wire nuts, screws, and a wrench.

4. Setup and Installation

Follow these steps for proper assembly and installation. It is recommended to have a second person assist with installation due to the size and weight of the fixture.

4.1 Assembly of the Chandelier Frame

1. Carefully unfold the metal frame components.
2. Secure the frame sections together using the provided screws and nuts. Ensure all connections are tight.
3. Thread the electrical wires through the central rod and connect the light base to the frame.

4.2 Electrical Connection and Mounting

1. Turn off power at the circuit breaker.
2. Attach the mounting plate to the junction box in the ceiling.
3. Determine the desired hanging height and adjust the chain length accordingly.
4. Thread the electrical wires through the chain and canopy.
5. Connect the fixture's wires to the house wiring: black to black (live), white to white (neutral), and copper to green/bare (ground). Secure with wire nuts.
6. Secure the canopy to the mounting plate.

4.3 Attaching Crystal Rods

1. Carefully attach each crystal rod to the designated hooks on the chandelier frame.
2. Ensure all crystals are securely fastened.

5. Operating Instructions

5.1 Bulb Installation

- This chandelier requires 5 x Max 60-Watt E26 base bulbs (bulbs not included).
- Ensure power is off before installing or replacing bulbs.
- Screw bulbs firmly into the sockets.

Image 6: An example of a compatible E26 base bulb for the chandelier.

5.2 Dimmable Functionality

The fixture is dimmable with a compatible standard dimmer switch (not included) and dimmable bulbs (not included). This allows for adjustment of light intensity to create the desired ambiance.

6. Maintenance

- **Cleaning:** Turn off power before cleaning. Use a soft, dry cloth to wipe the metal frame. For crystal rods, a damp cloth with mild glass cleaner can be used, then dry immediately. Avoid abrasive cleaners or solvents.
- **Bulb Replacement:** Ensure power is off. Allow bulbs to cool before replacing.
- **Inspection:** Periodically check all connections and components for tightness and wear.

Image 7: Close-up view of the crystal rods, highlighting their clarity and design, which require careful cleaning.

7. Troubleshooting

Problem	Possible Cause	Solution

Problem	Possible Cause	Solution
Light does not turn on.	Power is off at the circuit breaker. Loose wire connections. Faulty bulb(s).	Check circuit breaker and wall switch. Verify all wire connections are secure. Replace bulb(s) with new ones.
Flickering lights.	Loose bulb. Incompatible dimmer switch or bulb.	Tighten bulbs. Ensure dimmer switch and bulbs are compatible and rated for LED/incandescent use.
Chandelier hangs unevenly.	Improperly secured mounting plate or chain.	Re-check mounting plate and chain connections for proper alignment and security.

8. Specifications

- **Brand:** MICSIU
- **Model:** 900016
- **Type:** Chandelier
- **Color:** Oil Rubbed Bronze
- **Material:** Crystal, Metal
- **Dimensions:** 20.25"L x 20.25"W x 17.75"H (Fixture body)
- **Adjustable Chain Length:** Max 72"
- **Canopy Dimension:** Diameter 5.35"
- **Bulb Base:** E26
- **Number of Lights:** 5
- **Max Wattage per Bulb:** 60 Watts
- **Voltage:** 120 Volts
- **Dimmable:** Yes (with compatible dimmer switch and bulbs)
- **Indoor/Outdoor Usage:** Indoor
- **Special Features:** Adjustable Height, Suitable for Sloped Ceilings
- **Certifications:** ETL Listed
