

STANI Display - 71"H

STANI 71-Inch Black Metal Display Storage Cabinet Instruction Manual

Model: Display - 71"H

1. INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your STANI 71-inch Black Metal Display Storage Cabinet. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

2. SAFETY INFORMATION

Adhering to these safety guidelines is crucial for preventing injury and damage to the product.

- Keep keys safe and away from children.
- Always assemble and use the cabinet on a stable, level surface to prevent tipping.
- Be cautious of sharp edges during assembly and when handling components.
- Distribute weight evenly on shelves to maintain stability.
- Do not exceed the maximum weight capacity per shelf or for the entire cabinet.
- Always follow assembly instructions carefully.

3. PACKAGE CONTENTS

The STANI 71-inch Black Metal Display Storage Cabinet is shipped unassembled in two packages. Verify that all components are present before beginning assembly. If any parts are missing or damaged, contact customer support.

Expected Components:

- Cabinet panels (sides, top, bottom, back)
- Adjustable shelves (2 included)
- Door panels (2 metal, 2 glass)
- Locking mechanisms and keys
- Assembly hardware (screws, nuts, bolts, shelf clips)
- Assembly instructions manual

4. ASSEMBLY INSTRUCTIONS

Assembly requires attention to detail. It is recommended to have two people for certain steps, especially when attaching the top panel. A Phillips head screwdriver and a small wrench (not included) are recommended for easier assembly.

General Assembly Steps:

1. **Unpack and Identify Parts:** Carefully remove all components from both packages. Lay them out and identify each part using the provided parts list in the separate assembly guide.
2. **Assemble Base Frame:** Connect the bottom panel to the side panels using the specified hardware. Ensure all connections are secure.
3. **Attach Back Panel:** Secure the back panel to the assembled frame.
4. **Install Shelves:** Insert shelf clips into the desired height slots on the side panels. Place the adjustable shelves onto the clips.
5. **Attach Top Panel:** This step may require two people. Carefully align and secure the top panel to the assembled frame.

6. **Install Doors:** Attach the door hinges to the cabinet frame and then mount the door panels. Ensure doors open and close smoothly.
7. **Install Locking Mechanisms:** Secure the locking mechanisms to the doors and test with the provided keys.

5. OPERATING INSTRUCTIONS

Adjusting Shelves:

The cabinet features two adjustable shelves. To adjust a shelf, remove all items from the shelf. Lift the shelf slightly and remove the four shelf clips from their current slots. Reinsert the clips into the desired new height slots, ensuring they are level, then place the shelf back onto the clips.

SAFETY LOCK DESIGN

QUALITY HAEDWARE

Image 5.1: Detail of adjustable shelf mechanism.

Using the Locking Mechanism:

The cabinet is equipped with a locking mechanism for security. Insert the key into the lock on the door handle and turn to lock or unlock. Ensure the doors are fully closed before attempting to lock.

Image 5.2: Detail of the door lock with key.

Recommended Uses:

This cabinet is suitable for various storage needs in home offices, garages, basements, or workshops. It can store books, files, folders, office supplies, tools, and other items requiring secure or organized storage.

6. MAINTENANCE

Cleaning:

To clean the cabinet, wipe surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the powder-coated finish. For glass doors, use a standard glass cleaner.

General Care:

- Regularly check all screws and connections to ensure they remain tight.

- Avoid placing excessively heavy items on shelves to prevent warping or damage.
- Keep the cabinet in a dry environment to prevent rust or corrosion.

7. TROUBLESHOOTING

Cabinet Instability:

Ensure the cabinet is placed on a flat, level surface. Verify that all assembly hardware is securely tightened. Uneven weight distribution can also cause instability; redistribute items if necessary.

Doors Not Closing/Locking Properly:

Check if the cabinet is level. Inspect hinges for proper alignment and ensure no obstructions are preventing the doors from closing fully. If the lock mechanism feels stiff, a small amount of graphite lubricant can be applied to the keyhole.

Minor Dents or Scratches:

While packaging is designed to protect the product, minor cosmetic imperfections can sometimes occur during transit. These typically do not affect the structural integrity or functionality of the cabinet.

8. SPECIFICATIONS

Feature	Detail
Brand	STANI
Model	Display - 71"H
Color	Black
Product Dimensions (D x W x H)	16" x 32" x 71"
Material	Alloy Steel
Finish Type	Powder Coated
Number of Shelves	2 (Adjustable)
Weight Limit (per shelf)	120 Pounds
Total Weight Limit	240 Pounds
Assembly Required	Yes
