The device includes the following ports and slots:

- **Micro USB Port:** For charging the device and connecting to a computer for data transfer.
- **3.5mm Audio Jack:** For connecting the included headset or other standard headphones.
- **TF Card Slot (MicroSD):** For expanding storage capacity (supports up to 16GB, TF card not included).
- **Reset Pinhole:** Used to reset the device in case of unresponsiveness.

4. SETUP

4.1 Charging the Device

1. Connect the provided Micro USB data cable to the e-reader's Micro USB port.
2. Plug the other end of the cable into a USB power adapter (not included) or a computer's USB port.
3. The device will indicate charging status. A full charge typically takes a few hours.

4.2 Powering On/Off

- **To Power On:** Press and hold the power button located on the left side of the device until the screen activates.
- **To Power Off:** Press and hold the power button until a power-off prompt appears, then confirm.
- **Sleep Mode:** A short press of the power button will put the device into sleep mode. Press again to wake it up.

4.3 Initial Configuration

Upon first power-on, you may be prompted to set up basic preferences:

- **Language:** Select your preferred language.
- **Date and Time:** Set the current date and time.

5.3 File Management

To access other files or manage content:

- Select the "Explorer" icon from the main menu to browse internal storage or the inserted TF card.
- You can view photos by selecting the "Photo" icon.

5.4 Other Functions

- **FM Radio:** Select the "FM" icon to listen to FM radio. Ensure the headset is connected as it acts as an antenna.
- **Music Playback:** The device supports music playback. Access music files through the "Explorer" or a dedicated music application if available.
- **Calendar:** Access the calendar function from the main menu.

6. SUPPORTED FILE FORMATS

The Vbestlife BK6006 E-Reader supports a wide range of file formats:

- **Ebook Formats:** TXT, DOC, PDF, FB2, HTML, PDB, EPUB, MOBI, RTF
- **Image Formats:** JPG, BMP, PNG, GIF

7. MAINTENANCE

- **Cleaning:** Use a soft, dry, lint-free cloth to clean the screen and body of the device. Avoid using liquid cleaners or abrasive materials.
- **Screen Care:** The E-Ink screen is delicate. Avoid applying excessive pressure or sharp objects to the screen. Use the provided screen protector for added protection.
- **Storage:** Store the e-reader in a cool, dry place, away from direct sunlight and extreme temperatures.
- **Battery:** To prolong battery life, avoid fully discharging the battery frequently. Charge the device regularly.

8. TROUBLESHOOTING

8.1 Screen Ghosting / Slight Back Image

The E-Ink screen technology prioritizes eye protection and has a lower refresh rate compared to LCD screens. It is normal for the screen to sometimes display a slight "back image" or ghosting from previous content. This is a characteristic of E-Ink displays.

Solution: In text reading mode, you can press the **M** setting key and adjust the refresh setting (often labeled as "Refresh Mode" or similar) to a higher frequency (e.g., setting to "1" if options are numerical) to minimize this effect.

8.2 Device Unresponsive

If the device becomes unresponsive, you can perform a soft reset:

- Locate the **Reset** pinhole on the bottom of the device.
- Gently insert a small, pointed object (like a paperclip) into the pinhole and press briefly.
- The device should restart.

8.3 Cannot Transfer Files

- Ensure the Micro USB cable is securely connected to both the e-reader and your computer.
- Check if the e-reader is recognized as a removable disk on your computer.
- Try a different USB port on your computer or a different Micro USB cable.
