ARIEL T036S-L-BC-WHT

ARIEL Hepburn 36 Inch Left Offset Single Sink Base Cabinet Instruction Manual

Model: T036S-L-BC-WHT | Brand: ARIEL

1. Product Overview

The ARIEL Hepburn 36 Inch Left Offset Single Sink Base Cabinet is a high-quality, durable vanity designed for bathroom installations. Constructed from hardwood plywood with a white painted finish, it features soft-closing doors, full-extension self-closing drawers, and dovetail construction for enhanced strength and stability. This cabinet is designed to provide ample storage and a modern aesthetic to your bathroom space.

2. Safety Information

Please read all instructions carefully before beginning installation. Failure to follow these instructions may result in property damage or personal injury.

- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves during installation.
- Ensure the installation area is clear of obstructions and well-lit.
- Verify that all plumbing and electrical connections are turned off before beginning work.
- This product is heavy. Exercise caution and seek assistance when lifting or moving the cabinet to prevent injury.
- Do not overtighten fasteners, as this may damage the cabinet material.

3. Included Components

The following components are included with your ARIEL Hepburn 36 Inch Left Offset Single Sink Base Cabinet:

- Vanity Cabinet (1)
- Matte Black Finish Hardware (Handles/Pulls)

Note: Sink top, faucet, and plumbing fixtures are sold separately and are not included with the base cabinet.

4. Setup & Installation

4.1 Pre-installation Checklist

- Confirm product dimensions (21.5"D x 36"W x 34.5"H) fit your space.
- Ensure the floor is level and capable of supporting the weight of the cabinet, sink top, and contents.
- Verify plumbing rough-ins are correctly positioned for a left offset sink.
- Unpack all components and inspect for any shipping damage. Report any issues immediately.

4.2 Tools Required (Not Included)

- Tape Measure
- Level
- Phillips Head Screwdriver

- Adjustable Wrench (for plumbing connections)
- Drill (if securing to wall studs)
- Caulk Gun and Silicone Sealant (for sink top installation)

4.3 Installation Steps

1. **Position the Cabinet:** Carefully place the vanity cabinet in its desired location. The open back design facilitates easier plumbing installation.
2. **Level the Cabinet:** Use a level to ensure the cabinet is perfectly level. Adjust the plinth base as needed.
3. **Secure to Wall (Optional but Recommended):** For added stability, secure the cabinet to wall studs using appropriate screws (not included).
4. **Install Sink Top:** Apply a bead of silicone sealant along the top edges of the cabinet where the sink top will rest. Carefully lower the sink top onto the cabinet, aligning it properly. Allow sealant to cure as per manufacturer's instructions.
5. **Connect Plumbing:** Connect the faucet and drain lines according to the manufacturer's instructions for your specific sink and faucet. Ensure all connections are watertight.
6. **Install Hardware:** Attach the matte black finish hardware to the doors and drawers using the provided screws.

5. Operating Instructions

The ARIEL Hepburn cabinet is designed for ease of use and durability.

- **Soft-Closing Doors:** The cabinet features two soft-closing doors. Gently push the doors to close them; the hinges will engage to ensure a quiet and smooth closure, preventing slamming.
- **Full-Extension, Self-Closing Drawers:** The four full-extension drawers and one 45-degree open drawer are equipped with self-closing mechanisms. Pull the drawers out completely for full access to contents. When closing, gently push the drawer until the self-closing mechanism engages, pulling the drawer shut smoothly.

Image 5.2: Close-up of a drawer box, highlighting the durable dovetail construction.

6. Maintenance & Care

Proper care and maintenance will ensure the longevity and beauty of your ARIEL Hepburn cabinet.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. For stubborn marks, use a mild, non-abrasive cleaner. Avoid harsh chemicals, abrasive pads, or ammonia-based cleaners, as these can damage the finish.
- **Spills:** Wipe up spills immediately to prevent water damage or staining, especially around the sink area.
- **Hardware:** Periodically check and tighten any loose hardware (handles, hinges) to ensure smooth operation.
- **Humidity:** Maintain a consistent humidity level in your bathroom to prevent wood expansion or contraction.

7. Troubleshooting

Refer to the table below for common issues and their solutions.

Problem	Possible Cause	Solution
Drawer does not close smoothly or completely.	Obstruction in drawer slide; drawer overloaded; slide mechanism dirty.	Remove drawer and check for obstructions. Reduce load. Clean drawer slides with a damp cloth.
Door does not align properly.	Hinges are loose or out of adjustment.	Adjust the screws on the hinges to realign the door. Refer to hinge manufacturer's instructions if needed.
Hardware (handles/pulls) feels loose.	Mounting screws have loosened over time.	Tighten the mounting screws from the inside of the door/drawer. Do not overtighten.

8. Specifications
