3. SETUP AND ASSEMBLY

Each Keeppley City Corner model comes with its own detailed instruction booklet. Follow the steps outlined in each booklet carefully for successful assembly.

General Assembly Guidelines:

1. **Unpack:** Carefully open the packaging for the model you wish to assemble.
2. **Sort Pieces:** It is highly recommended to sort the building blocks by color, size, or type before starting. This will significantly speed up the assembly process.
3. **Follow Instructions:** Refer to the specific instruction booklet provided for each model. Each step will illustrate which pieces are needed and how they connect.
4. **Connect Firmly:** Ensure all blocks are pressed firmly together to create stable connections.
5. **Review:** After completing each section or the entire model, review the assembly to ensure all parts are correctly placed and secured.

5. MAINTENANCE

Proper care will ensure the longevity and appearance of your Keeppley building block models.

Cleaning Instructions:

- Use a soft, damp cloth to gently wipe down the surfaces of the assembled models.
- Avoid using harsh chemicals, abrasive cleaners, or excessive water, as these can damage the plastic or printed details.
- For stubborn dirt, a mild soap solution can be used, followed by wiping with a clean, damp cloth. Ensure models are completely dry before storage.

Storage:

- Store the models in a cool, dry place away from direct sunlight to prevent discoloration or warping of the plastic.
- If disassembling for storage, keep all pieces organized, preferably in sealed bags, to prevent loss.

6. TROUBLESHOOTING

Should you encounter any issues during assembly or use, please refer to the following common solutions:

- **Missing Pieces:** If you find any pieces are missing from your set, please double-check all packaging materials. If still missing, contact customer support with the specific model number and part description.
- **Difficulty Assembling:** Ensure you are following the instruction booklet step-by-step. Sometimes, a small piece might be misplaced, affecting subsequent steps. Re-examine the previous steps.
- **Loose Connections:** Apply firm, even pressure when connecting blocks. If a connection remains loose, ensure the studs and holes are clean and free of debris.
- **Incorrectly Placed Pieces:** If a piece is difficult to remove, use a brick separator tool (if available) or gently pry it apart to avoid damage.
