1. Safety Instructions

- **Weight Capacity:** Do not exceed a weight capacity of 300 lbs (136 kg) to ensure stability and longevity of the product.
- **Stable Surface:** Always place the chair on a stable, level surface.
- **Adjustable Mechanisms:** Keep fingers away from adjustable mechanisms while changing positions to prevent injury.
- **Children:** Supervise children when they are using the chair.
- **Cleaning:** Follow maintenance instructions for cleaning to avoid damage to materials.
- **Damage:** Do not use the chair if any part is damaged or broken. Contact customer support for replacement parts.

2. Package Contents

Ensure all components are present before assembly:

- Floor Chair Unit (1)
- Removable Armrests (2)
- USB Charging Cable (1)
- Assembly Screws (Long)
- L-Wrench (1)

3. Setup

The STHOUYN Comfy Floor Chair requires minimal assembly. Follow these steps:

1. **Unpack Components:** Carefully remove all parts from the packaging.
2. **Attach Armrests:** Align the armrests with the designated holes on the sides of the chair. Use the provided long screws and L-wrench to secure them. Ensure they are tightened firmly. The armrests are removable and can be positioned on either side as preferred.
3. **Position Floor Protector:** A protective bag is included to cover the metal base of the chair. This prevents scratches on your floor. Place the chair on the floor protector.
4. **Connect USB Cable:** Plug the USB charging cable into the designated ports on the armrest and connect the other end to a power source (e.g., wall adapter, power bank).

4. Operation

4.1 Adjusting the Backrest

The chair features a 5-position adjustable backrest, ranging from 90° to 180° (flat). To adjust:

1. Push the backrest forward until you hear a click, releasing the locking mechanism.
2. Slowly recline the backrest to your desired angle. You will hear clicks as it locks into each position.
3. To flatten the chair completely, push the backrest all the way forward until it releases, then lay it flat.

4.2 Using USB Charging Ports

The chair is equipped with two USB charging ports for convenience:

- Connect your devices (e.g., smartphone, tablet) to the USB ports using their respective charging cables.
- Ensure the chair's main power cable is connected to a wall outlet or power bank.
- The ports provide standard charging speeds.

It shows the chair's 360-degree swivel function and its ability to convert into different positions, including a floor chair, chaise lounge, and flat sleeping surface. The integrated USB charging ports are also highlighted.

4.4 Folding and Storage

For compact storage, the chair can be folded:

1. Ensure the backrest is in the fully upright position.
2. Push the backrest forward until it folds completely over the seat.
3. The chair will then be in a compact, folded state for easy storage in cabinets or small spaces.

5 Angle Adjustment Backrests Achieve a Comfortable Experience

- **Watching TV**
- **Reading book**
- **Listening to music**
- **Playing with children**
- **Talking a rest**
- **Working at home**
- **Sleeping**

5. Maintenance

5.1 Cleaning

To maintain the chair's appearance and longevity:

- **Spot Cleaning:** For minor spills, wipe clean with a damp cloth and mild detergent.
- **Removable Cover:** The fabric cover is attached with Velcro and can be easily disassembled for cleaning. Refer to the care label for specific washing instructions.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners or harsh chemicals, as these may damage the fabric.

5.2 General Care

- Regularly check all screws and connections to ensure they are tight.
- Avoid prolonged exposure to direct sunlight to prevent fading of the fabric.

- Keep sharp objects away from the chair to prevent tears or punctures.

6. Troubleshooting

Problem	Possible Cause	Solution
Backrest does not adjust or lock.	Mechanism is stuck or not fully disengaged.	Push the backrest fully forward until it clicks, then recline slowly. Ensure no obstructions are present.
USB ports not charging.	Power cable not connected or faulty device cable.	Ensure the chair's power cable is securely plugged in. Test with a different device cable or power source.
Chair feels unstable or wobbly.	Loose assembly screws.	Check and tighten all assembly screws, especially those on the armrests and base. Ensure the chair is on a level surface.
Swivel function is stiff.	Debris in the swivel mechanism or lack of lubrication.	Clean any visible debris from the swivel base. Apply a silicone-based lubricant if necessary (avoid oil-based lubricants).
