3. OPERATING INSTRUCTIONS

The primary function of the Mibao Front Door Mat is to prevent dirt, dust, mud, and moisture from being tracked into your home. Its textured surface is designed to effectively scrape debris from footwear, while the absorbent material soaks up water.

Key Features:

- **Dirt Trapping:** The robust polypropylene fibers are structured to capture dirt and debris, keeping it off your floors.
- **Moisture Absorption:** The mat effectively soaks up water, helping to keep your entryways dry, especially during wet weather conditions.
- **Non-Slip Backing:** The natural rubber backing provides excellent grip, preventing the mat from sliding or bunching.
- **Low Profile:** Its thin design allows most doors to open and close smoothly without catching on the mat.

4. MAINTENANCE AND CARE

Maintaining your Mibao Front Door Mat is simple, ensuring its longevity and continued effectiveness.

Cleaning Instructions:

- **Vacuum:** The mat can be easily vacuumed to remove trapped particles.
- **Hose Down:** For heavier dirt or mud, hose down the mat with water.
- **Machine Washable:** The mat is machine washable. Use cold water on a gentle cycle. Do not bleach.
- **Drying:** Air dry the mat completely before placing it back in its location. Do not tumble dry.

5. TROUBLESHOOTING

If you encounter any issues with your Mibao Front Door Mat, consider the following common solutions:

- **Mat is slipping:** Ensure the floor surface beneath the mat is clean and dry. The non-slip backing works best on dry, clean surfaces.
- **Dirt not trapping effectively:** Ensure the mat is placed in a high-traffic area where shoes can be wiped. Regular cleaning will also maintain its dirt-trapping capabilities.
- **Mat appears flattened:** Over time, fibers may compress. Regular cleaning and shaking can help restore some of the pile.
- **Odor:** A new mat may have a slight odor upon unboxing. This will dissipate quickly with ventilation.
