### 3. SETUP GUIDE

---

Follow these steps to set up your SCOORNEST A9 camera:

#### 3.1 Download the Mobile App

1. Scan the QR code provided in the quick start guide or search for "HDwifCamPro" in the Apple App Store (for iOS devices) or Google Play Store (for Android devices).
2. Download and install the app on your smartphone.

#### 3.2 Connect the Camera to Your Phone

1. Ensure the camera is charged or connected to a power source using the USB cable.
2. Power on the camera using the 'ON/OFF' button.
3. Open the HDwifCamPro app and follow the on-screen instructions to add a new device. This typically involves connecting to the camera's direct Wi-Fi hotspot (usually starting with 'IPC-' or similar) in your phone's Wi-Fi settings, then returning to the app.

#### 3.3 Connect to Home Wi-Fi

1. Once connected to the camera's hotspot, the app will prompt you to connect the camera to your home 2.4GHz Wi-Fi network.
2. Select your Wi-Fi network from the list and enter the password.
3. The camera will then connect to your home Wi-Fi, allowing you to view live video remotely from anywhere.

Image: A visual guide illustrating the three-step process for connecting the camera: downloading the HDwifCamPro app, connecting the camera directly to the phone, and then connecting the camera to a 2.4GHz Wi-Fi network for remote access.

## 4. OPERATING INSTRUCTIONS

### 4.1 Power On/Off

Press and hold the 'ON/OFF' button to power the camera on or off. An indicator light will confirm the status.

### 4.2 Live View

Once the camera is connected to your Wi-Fi network, open the HDwifCamPro app to access the live video feed. You can monitor your space in real-time.

## 1080P RESOLUTION

### Clear picture and smooth video

Image: A smartphone screen showing a clear and smooth 1080P resolution video feed of a modern living room, demonstrating the camera's video quality.

#### 4.3 Motion Detection

Enable motion detection in the app settings. When motion is detected, the camera can automatically start recording and send push notifications to your phone.

Image: A scene depicting motion detection, where a person is shown in a room, and a red alarm icon signifies that motion has been captured by the camera.

#### 4.4 Night Vision

The camera is equipped with night vision capabilities for monitoring in low-light or dark environments. This feature typically activates automatically or can be toggled in the app.

Image: A split image demonstrating the camera's day and night vision capabilities, showing a child sleeping in color during the day and in black and white with night vision enabled.

## 4.5 Recording and Storage

Insert a Micro SD card (up to 128GB, not included) into the camera's slot for local storage. The camera supports loop recording, overwriting the oldest footage when the card is full.

## 4.6 Flexible Placement

The camera's wireless and compact design, along with the magnetic bracket, allows for versatile placement in various indoor settings.

Image: Several mini cameras are shown discreetly placed in different areas of a home, highlighting their wireless and battery-operated nature for flexible installation.

## 4.7 Multi-Scenario Use

The SCOORNEST A9 camera is suitable for various indoor monitoring needs, including:

- **Home Security:** Monitor entryways, living areas, or valuables.
- **Baby Monitoring:** Keep an eye on infants in their nursery.
- **Pet Monitoring:** Observe pets while away from home.
- **Elderly Care:** Provide surveillance for elderly family members.
- **Office Security:** Monitor small office spaces.

## 5. MAINTENANCE

---

### 5.1 Cleaning

To clean the camera, gently wipe the lens and body with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials that could damage the device.

### 5.2 Battery Charging

Charge the camera using the provided USB cable and a standard 5V USB power adapter. A full charge typically takes a few hours. The indicator light will change to show charging status.

### 5.3 Storage

When not in use for extended periods, store the camera in a cool, dry place. Ensure the battery is partially charged to maintain its health.

## 6. TROUBLESHOOTING

---

If you encounter issues with your SCOORNEST A9 camera, please refer to the following common problems and solutions:

- **Camera not connecting to Wi-Fi:** Ensure your Wi-Fi network is 2.4GHz. Check the Wi-Fi password for accuracy. Restart both the camera and your router.
- **No live video feed:** Verify the camera is powered on and connected to your Wi-Fi. Check your phone's internet connection.
- **Motion detection not working:** Ensure motion detection is enabled in the app settings. Check the sensitivity level.
- **Poor video quality:** Ensure the camera lens is clean. Check your Wi-Fi signal strength; a weak signal can affect video streaming quality.
- **Battery life is short:** Battery life can vary based on usage (e.g., continuous recording, frequent

motion detection). Ensure the camera is fully charged before use. For continuous operation, keep it plugged into a power source.

If problems persist, please contact customer support for assistance.

## 7. SPECIFICATIONS

Feature	Specification
Model Number	A9
Dimensions (L x W x H)	1.69 x 1.69 x 0.87 inches
Item Weight	2.39 ounces
