› Aroepurt Phone Case for Kalley Black Z (Model KB-LV10) - Instruction Manual

Aroepurt KB-LV10

Aroepurt Phone Case for Kalley Black Z (Model KB-LV10)

Instruction Manual

INTRODUCTION

This manual provides essential information for the proper installation, use, and maintenance of your Aroepurt protective phone case, designed specifically for the Kalley Black Z smartphone (Model KB-LV10). This case offers robust protection with a combination of a soft silicone frame and a hard PC backplane.

SETUP AND INSTALLATION

1. **Prepare Your Device:** Ensure your Kalley Black Z smartphone is clean and free of dust or debris before installing the case.
2. **Align the Case:** Hold the phone case with the back facing up. Carefully align your Kalley Black Z smartphone with the case, ensuring the camera cutout and charging port align correctly.
3. **Insert the Phone:** Gently push your phone into the soft silicone frame of the case, starting from one side and working your way around. Ensure all corners are securely seated within the case's thickened corner protection.
4. **Verify Fit:** Once installed, check that the case fits snugly around your phone. Ensure all buttons (power, volume) are accessible and functional, and that the charging port and speaker cutouts are unobstructed.

SHOCKPROOF

Soft silicone frame + hard PC backplane, thickened four corners, and a silicone buffer layer in the middle, which is higher than the screen and camera design.

OPERATING AND FEATURES

The Aroepurt phone case is engineered to provide comprehensive protection and a comfortable user experience for your Kalley Black Z.

- **Enhanced Shock Protection:** The case features a soft silicone frame combined with a hard PC backplane. It includes thickened four corners and a silicone buffer layer in the middle, providing superior shock absorption. This design is specifically engineered to be higher than the screen and camera, offering additional protection against drops and impacts.
- **Dirt and Oil Resistance:** The material composition is resistant to dirt and oil, helping to prevent fingerprints and maintain a clean appearance.
- **Comfortable Grip:** The silicone material provides a tactile feel similar to human skin, enhancing grip and overall handling comfort. The shock-resistant cushioning design further contributes to a secure hold.
- **Durable Construction:** The combination of a flexible silicone frame and a rigid PC backplane ensures durability and long-lasting protection for your device.

DELICATE SURFACE

High-definition image, no fading, no discoloration, enhanced hand feel, good holding experience.

Image: A close-up of a hand interacting with the case, demonstrating the delicate surface and comfortable feel, which resists fingerprints and offers a good holding experience.

MAINTENANCE

To ensure the longevity and appearance of your Aroepurt phone case, follow these simple maintenance guidelines:

- **Cleaning:** Use a soft, damp cloth to wipe down the case. For stubborn dirt, a small amount of mild soap can be used. Avoid harsh chemicals or abrasive cleaners, as these can damage the material.
- **Drying:** Allow the case to air dry completely before reattaching it to your phone.
- **Storage:** When not in use, store the case in a cool, dry place away from direct sunlight or extreme temperatures.

TROUBLESHOOTING

If you encounter any issues with your phone case, consider the following:

- **Case Not Fitting Properly:** Ensure your phone model is indeed the Kalley Black Z. Remove the case and re-install it carefully, making sure all corners and edges are properly seated.
- **Buttons Not Responding:** Check that the case is not misaligned, which might obstruct button presses. Re-adjust the phone within the case.
- **Discoloration or Stains:** Refer to the "Maintenance" section for cleaning instructions. Persistent stains may indicate exposure to strong dyes or chemicals not recommended for the case material.

SPECIFICATIONS
