## 1. SAFETY INFORMATION

Please read all safety instructions carefully before assembling or using the Qsun Kitchen Island. Failure to follow these instructions may result in injury or damage to the product.

- **Weight Capacity:** Do not exceed the maximum weight capacity of 250 pounds (113 kg) on the countertop. Distribute weight evenly.
- **Lockable Wheels:** Always engage the wheel locks when the kitchen island is stationary to prevent unintended movement.
- **Foldable Countertop:** Exercise caution when extending or folding the countertop to avoid pinching fingers or hands. Ensure the support brackets are fully engaged when extended.
- **Children Safety:** Supervise children around the kitchen island to prevent accidents, especially when the countertop is extended or wheels are unlocked. Do not allow children to climb on the unit.
- **Stability:** Do not lean heavily on the extended drop-leaf countertop without ensuring the main unit is stable and wheels are locked. Adding weight to the base cabinets can improve stability if needed.

## 2. PRODUCT FEATURES

The Qsun Kitchen Island is designed to enhance your kitchen's functionality and storage. Key features include:

### 2.1 Ample Storage Solutions

# Large Storage Space

Keep The Kitchen Clean and Tidy

- **Metal Wheels:** Five metal wheels provide enhanced load-bearing capacity and resistance to friction.
- **Stable Metal Brackets:** Metal brackets ensure the foldable tabletop remains stable when extended.
- **Soft Close Drawer Slides:** Drawers are equipped with soft-close slides and a double anti-drop function for smooth and safe operation.

## 3. SETUP & ASSEMBLY

The Qsun Kitchen Island requires assembly. It comes with step-by-step instructions, numbered parts, and necessary hardware. We recommend two people for assembly.

### 3.1 Before You Begin

- Unpack all components and verify against the parts list provided in your assembly manual.
- Ensure you have all necessary tools (e.g., screwdriver, hammer) as specified in the manual.
- Clear a spacious, clean area for assembly to prevent damage to parts.

### 3.2 Assembly Steps (General Overview)

Refer to the detailed assembly manual included in your product packaging for precise, step-by-step instructions and diagrams.

1. Attach the wheels to the base of the main cabinet structure. Ensure lockable wheels are placed as indicated.
2. Assemble the main cabinet frame, securing panels with the provided hardware.
3. Install the drawer slides and assemble the drawers. Insert drawers into their designated slots.
4. Attach the cabinet doors and adjust hinges for proper alignment.
5. Secure the rubber wood countertop to the main cabinet.
6. Install the foldable drop-leaf extension, ensuring the metal support brackets operate smoothly.
7. Attach the towel bar and spice rack to the side of the island.
8. Perform a final check to ensure all connections are secure and the island is stable.

## 4. OPERATING INSTRUCTIONS

### 4.1 Moving the Kitchen Island

- To move the island, ensure both lockable wheels are in the unlocked position.
- Gently push the island to your desired location. The 360° swivel casters allow for easy maneuverability.
- Once in position, engage the locks on the two lockable wheels by pressing down on the brake levers. This will secure the island and prevent accidental movement.

## 4.2 Using the Collapsible Countertop

# Foldable Drop Leaf Countertop

Providing A Small Bar  
for You and Your Family to Enjoy The Meal

*Image: The kitchen island with its drop-leaf countertop fully extended, demonstrating its use as a compact dining or bar area, complete with two stools.*

- **To Extend:** Gently lift the drop-leaf section of the countertop. Pull out the metal support brackets underneath until they click securely into place, supporting the extended leaf.
- **To Fold Down:** Carefully disengage the metal support brackets by pressing their release mechanisms (if applicable) or pushing them back. Slowly lower the drop-leaf countertop until it rests flush with the main unit.
- Ensure the island is stable and wheels are locked when using the extended countertop, especially if applying pressure or weight.

## 4.3 Utilizing Storage

- **Drawers:** Pull the drawer handles to open. The soft-close slides ensure smooth operation. Do not overload drawers to maintain functionality.
- **Cabinets:** Open the cabinet doors to access the interior storage space. Organize items on the tiered shelf as desired.
- **Towel Bar & Spice Rack:** Use the side-mounted towel bar for kitchen towels and the spice rack for easy access to frequently used spices.

## 5. CARE & MAINTENANCE

- **Cleaning:** Wipe the surfaces of the kitchen island with a dry, soft cloth. For spills, use a damp cloth and mild detergent, then dry immediately. Avoid abrasive cleaners or harsh chemicals.
- **Rubber Wood Top:** The rubber wood countertop is stain and water-resistant, but it is recommended to wipe up spills promptly to prevent water damage or staining. Do not place extremely hot items directly on the wood surface; use trivets or hot pads.
- **Hardware:** Periodically check all screws and fasteners to ensure they are tight. Retighten if necessary to maintain stability and structural integrity.
- **Wheels:** Keep the wheels clean and free of debris to ensure smooth movement. If wheels become stiff, a small amount of silicone spray can be applied to the axles.
- **Storage:** When not in use, especially if space is limited, fold down the collapsible countertop to maximize space.

## 6. TROUBLESHOOTING

Problem	Possible Cause	Solution
Island wobbles or is unstable.	Wheels not locked; uneven floor; loose fasteners.	Ensure both lockable wheels are engaged. Move to a level surface. Check and tighten all assembly screws.
Drawers do not slide smoothly or get stuck.	Overloaded drawer; debris in slides; misaligned slides.	Reduce weight in the drawer. Clean drawer slides. Check assembly to ensure slides are correctly aligned and installed.
Foldable countertop does not extend or fold properly.	Support brackets stuck or misaligned; obstruction.	Ensure support brackets are fully extended or retracted. Check for any obstructions. Lubricate hinges if necessary.
Wheels are difficult to roll.	Wheels locked; debris in wheels; worn wheels.	Unlock wheels. Clean any hair or debris from around the wheels. If severely worn, contact customer support for replacement parts.
