ABIKSMEBLE Tokio 100

ABIKSMEBLE Tokio 100 Wardrobe Instruction Manual

Model: Tokio 100

1. PRODUCT OVERVIEW

The ABIKSMEBLE Tokio 100 is a modern wardrobe designed for bedroom use, featuring two sliding doors, a mirror, hanging rods, and multiple shelves. Its contemporary design allows it to integrate into various interior styles, making it suitable for diverse living spaces. The wardrobe offers significant storage capacity for clothing and accessories.

Image 1.1: Front view of the ABIKSMEBLE Tokio 100 Wardrobe with mirror doors.

Key Features:

- **Modern Design:** Suitable for various interior aesthetics, including minimalist, industrial, and Scandinavian styles.
- **Ample Storage:** Features two internal compartments. The left side includes two hanging rods separated by a shelf. The right side contains five shelves for folded items.
- **Durable Construction:** Manufactured from 16 mm thick laminated panel with 0.5 mm durable, damage-resistant PVC veneer edges.
- **Sliding Doors:** Equipped with smooth-gliding aluminum guides for easy operation.
- **Integrated Mirror:** A polished mirror is incorporated into the front design.

2. SAFETY INFORMATION

Please read and follow all safety instructions carefully before assembly and use to prevent injury or damage to the product.

- **Assembly:** This wardrobe requires self-assembly. Follow the provided instructions precisely.

Incorrect assembly can lead to instability and potential hazards.

- **Stability:** Ensure the wardrobe is assembled on a stable, level floor to prevent tipping. Consider securing the wardrobe to a wall, especially in households with children or pets, using appropriate anti-tip hardware (not included).
- **Sliding Doors:** Exercise caution when operating the sliding doors to avoid pinching fingers or other body parts. Ensure the doors move freely and are not obstructed.
- **Weight Distribution:** Distribute weight evenly across shelves and hanging rods. Overloading one section can compromise the wardrobe's stability.
- **Mirror Care:** The mirror is polished and integrated into the door. Handle with care during assembly and use to prevent breakage. In case of damage, replace the mirror immediately to avoid injury.

3. SETUP AND ASSEMBLY

The ABIKSMEBLE Tokio 100 wardrobe is delivered in packages for self-assembly. Detailed instructions are included with the product. It is recommended that two adults assemble the wardrobe.

Before You Begin:

- **Check Contents:** Verify all parts and hardware are present against the packing list in the instruction manual.
- **Clear Area:** Ensure you have a spacious, clean, and level area for assembly.
- **Tools Required:** Gather necessary tools, typically including a screwdriver (Phillips and flathead), hammer, and possibly an Allen key (often provided).
- **Protective Surface:** Lay down a blanket or cardboard to protect floor surfaces and furniture components during assembly.

Assembly Steps:

1. Follow the step-by-step diagrams and instructions provided in the included assembly manual.
2. Begin by assembling the main frame of the wardrobe.
3. Install the internal shelves and hanging rods according to the design.
4. Attach the aluminum guides for the sliding doors.
5. Mount the sliding doors, ensuring they are properly aligned and glide smoothly.
6. Secure any mirrors or decorative elements as instructed.
7. Once assembled, gently move the wardrobe to its final position.
8. Perform a final check to ensure all connections are tight and the wardrobe is stable.

4. OPERATING INSTRUCTIONS

Using your ABIKSMEBLE Tokio 100 wardrobe is straightforward. Follow these guidelines for optimal functionality.

- **Sliding Doors:** To open or close the doors, gently push or pull them along the aluminum guides. Avoid forcing the doors, as this can damage the mechanism.
- **Hanging Rods:** Utilize the metal hanging rods for garments that require hanging. Ensure clothes are evenly distributed to prevent excessive strain on the rods.
- **Shelves:** The five shelves on the right side are ideal for folded clothing, linens, or other items. Do not overload shelves beyond their capacity.
- **Mirror:** The integrated mirror can be used for dressing. Keep it clean for best visibility.

5. MAINTENANCE

Regular maintenance will help preserve the appearance and functionality of your wardrobe.

- **Cleaning Surfaces:** Wipe all laminated surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals, which can damage the finish.
- **Mirror Cleaning:** Use a standard glass cleaner and a soft, lint-free cloth to clean the mirror. Spray cleaner onto the cloth, not directly onto the mirror, to prevent liquid from seeping into edges.

- **Sliding Mechanism:** Periodically check the aluminum guides for any dust or debris that might impede smooth operation. Clean with a dry cloth or a soft brush. Avoid lubricating the tracks unless specifically recommended by the manufacturer.
- **Hardware Check:** Every few months, check all screws and fittings to ensure they are tight. Retighten if necessary to maintain structural integrity.
- **Avoid Moisture:** Protect the wardrobe from excessive moisture and direct sunlight, which can cause warping or fading.

6. TROUBLESHOOTING

If you encounter any issues with your ABIKSMEBLE Tokio 100 wardrobe, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Sliding doors are stiff or difficult to move.	Debris in tracks, misaligned doors, or worn rollers.	Clean the aluminum guides thoroughly. Check door alignment and adjust if necessary (refer to assembly manual). Inspect rollers for damage.
Wardrobe feels wobbly or unstable.	Loose fasteners, uneven floor, or incorrect assembly.	Tighten all screws and connections. Ensure the wardrobe is on a level surface; use shims if needed. Re-check assembly steps.
Mirror detaches or cracks.	Improper adhesion, impact, or material stress.	If the mirror is loose, re-secure it using appropriate adhesive and fasteners as per manufacturer's recommendation. If cracked, replace the mirror immediately for safety. Contact customer support for replacement parts.
Shelves sag or break.	Overloading or improper installation.	Reduce the weight on the shelves. Ensure shelf supports are correctly installed and fully seated.

7. SPECIFICATIONS

Detailed technical specifications for the ABIKSMEBLE Tokio 100 Wardrobe.

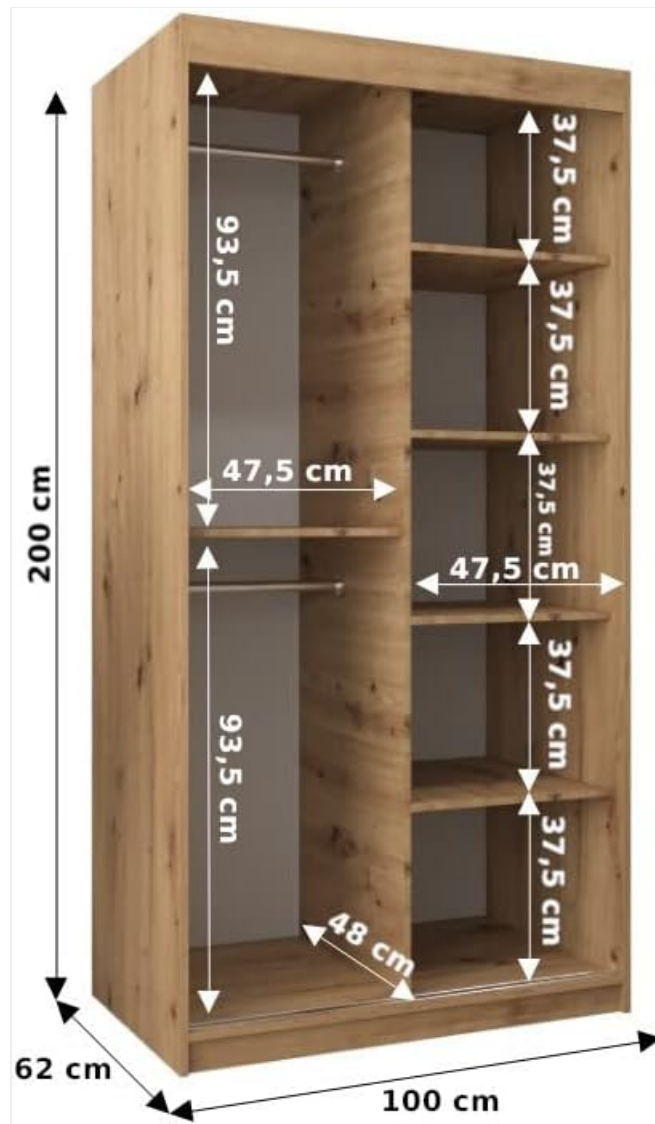

Image 7.1: Dimensional diagram of the wardrobe.

Attribute	Detail
Brand	ABIKSMEBLE
