### Fantech WGC2 Mint

# Fantech VENOM II WGC2 Mint Wireless Gaming Mouse User Manual

Model: WGC2 Mint | Brand: Fantech

## PRODUCT OVERVIEW

The Fantech VENOM II WGC2 Mint is a high-performance wireless gaming mouse designed for precision and durability. It features a Pixart 3212 optical sensor, offering adjustable DPI settings from 800 to 2400. With a durable design rated for 20 million clicks, a speed of 30 inches per second (ips), and 10g acceleration, it provides a responsive gaming experience. The mouse is equipped with a 300mA battery, ensuring extended usage.

Image: Top view of the Fantech VENOM II WGC2 Mint wireless gaming mouse. The mouse is a vibrant mint blue color with a scroll wheel and a DPI button located between the main left and right click buttons. Side buttons are visible on the left side.

## PACKAGE CONTENTS

---

- Fantech VENOM II WGC2 Mint Wireless Gaming Mouse
- USB Receiver
- Charging Cable (USB-A to Micro-USB, typically)
- User Manual (this document)

## SETUP GUIDE

---

### Initial Charging

Before first use, it is recommended to fully charge the mouse. Connect the charging cable to the mouse's charging port and the other end to a USB power source (e.g., computer USB port, USB wall adapter). The LED indicator on the mouse will typically show charging status and turn off or change color when fully charged.

### Connecting the Mouse

1. Locate the USB receiver, usually stored in a compartment on the underside of the mouse.
2. Remove the USB receiver from its storage slot.
3. Plug the USB receiver into an available USB port on your computer.
4. Turn on the mouse using the power switch located on the underside of the mouse.
5. Your computer should automatically detect and install the necessary drivers. The mouse will be ready for use once the connection is established.

## OPERATING INSTRUCTIONS

---

### DPI Adjustment

The Fantech VENOM II WGC2 Mint features adjustable DPI settings. Press the DPI button (located behind the scroll wheel) to cycle through the available DPI levels (800, 1200, 1600, 2400). The LED indicator may change color or flash to indicate the current DPI setting.

### Button Functions

- **Left Click Button:** Standard primary click function.
- **Right Click Button:** Standard secondary click function.
- **Scroll Wheel:** Scrolls content up or down. Can also be pressed for middle-click functionality.
- **DPI Button:** Cycles through DPI sensitivity settings.
- **Side Buttons:** Typically function as 'Forward' and 'Backward' in web browsers and file explorers. These can often be customized via software (if available).

### Power Saving Mode

To conserve battery life, the mouse may enter a sleep mode after a period of inactivity. To wake the mouse, simply move it or click any button.

## MAINTENANCE

---

### Cleaning

To clean the mouse, use a soft, dry cloth. For stubborn dirt, a slightly damp cloth with mild soap can be used, ensuring no liquid enters the mouse. Avoid using harsh chemicals or abrasive materials.

### Battery Care

- Avoid fully discharging the battery frequently.
- Charge the mouse regularly to maintain optimal battery health.
- Store the mouse in a cool, dry place when not in use for extended periods.

## TROUBLESHOOTING

---

Problem	Possible Cause	Solution
Mouse not responding	Low battery; USB receiver not connected; Mouse power off; Driver issue.	Charge the mouse; Ensure USB receiver is securely plugged in; Turn on the mouse; Try a different USB port; Restart computer.

Problem	Possible Cause	Solution
Lag or erratic movement	Interference; Dirty sensor; Surface issues.	Move closer to the receiver; Clean the optical sensor; Use on a clean, non-reflective mouse pad.
DPI button not changing sensitivity	Software conflict; Button malfunction.	Restart computer; Check for any conflicting software; Contact support if issue persists.
