naspaluro Office Chair X21F00H011 User Manual

Model: X21F00H011

1. SAFETY INFORMATION

Please read all safety instructions before assembly and use. Retain this manual for future reference.

- **Maximum Weight Limit:** Do not exceed the maximum weight limit of 102 kg (225 lbs). Exceeding this limit may cause damage to the chair and potential injury.
- **Assembly:** Ensure all parts are securely fastened before use. Do not use the chair if any components are damaged or missing.
- **Usage:** Use the chair on a flat, stable surface. Avoid standing on the chair or using it for purposes other than its intended use as an office chair.
- **Children:** Keep children away from the chair during assembly. Small parts may pose a choking hazard.

2. PRODUCT OVERVIEW

The naspaluro Office Chair X21F00H011 is designed for ergonomic support and comfort in home and office environments. It features adjustable components to customize your seating experience.

Image: The naspaluro ergonomic office chair positioned in a modern office environment, highlighting its design and suitability for professional use.

Key Features:

- Adjustable Lumbar Support
- High Back Mesh Design for Breathability
- Adjustable Headrest
- Flip-up Armrests
- Thick Seat Cushion
- 90-120 Degree Rocking Motion

3. COMPONENTS LIST

Before assembly, ensure all components are present and undamaged. Refer to the diagram below for identification.

Image: An exploded view of the chair components and a step-by-step visual guide for assembly.

1. Casters (5 pcs)
2. Chair Base
3. Gas Lift Cylinder
4. Seat Mechanism
5. Seat Cushion
6. Backrest
7. Armrests (2 pcs)
8. Headrest

9. Hardware Pack (screws, washers, Allen wrench)

4. SETUP AND ASSEMBLY

Follow these steps carefully to assemble your naspaluro office chair.

Image: A visual representation of the six main assembly steps for the office chair.

1. **Attach Casters to Base:** Insert the five casters into the holes at the end of each leg of the chair base until they click into place.
2. **Insert Gas Lift:** Place the gas lift cylinder into the center hole of the assembled chair base.
3. **Attach Seat Mechanism:** Secure the seat mechanism to the underside of the seat cushion using the provided screws. Ensure the front of the mechanism faces the front of the seat.
4. **Attach Armrests:** Fasten the armrests to the seat cushion using the designated screws.
5. **Connect Backrest to Seat:** Attach the backrest to the seat cushion and armrests using the appropriate screws.
6. **Attach Headrest:** Slide the headrest into the slots at the top of the backrest.
7. **Assemble Chair:** Place the assembled seat and backrest onto the gas lift cylinder.

5. OPERATING INSTRUCTIONS

Learn how to adjust your naspaluro office chair for optimal comfort and support.

Image: Visual instructions for adjusting the headrest, utilizing the flip-up armrests, and engaging the rocking function.

5.1. Chair Height Adjustment

To adjust the seat height, locate the lever on the right side beneath the seat. Pull the lever upwards while seated to lower the chair, or stand up and pull the lever upwards to raise the chair. Release the lever at your desired height.

5.2. Backrest Recline and Rocking Motion

The chair supports a 90-120 degree rocking motion. To engage or disengage the rocking function, use the tilt lock knob located under the seat. Turn the knob to adjust the tension of the rocking motion. To recline, lean back gently. The chair will rock within its adjustable range.

Image: A visual guide demonstrating the chair's rocking motion capability, ranging from 90 to 120 degrees.

5.3. Armrest Adjustment (Flip-up)

The armrests can be flipped up to allow the chair to be pushed closer to a desk or for easier storage. Simply lift the armrests upwards until they lock into the vertical position. To return them to the down position, gently pull them down.

5.4. Headrest Adjustment

The headrest can be adjusted for height and angle. To adjust the height, slide the headrest up or down. To adjust the angle, tilt the headrest forward or backward to find your preferred position.

5.5. Lumbar Support Adjustment

The chair features an adjustable lumbar support. To adjust the lumbar support, locate the knob or lever on the backrest. Turn or slide it to move the lumbar support up or down, or to increase/decrease its protrusion, providing tailored support to your lower back.

Easy For Installation

Image: A detailed view of the chair's 'Y' shaped back design and the mechanism for adjusting the lumbar support height.

6. MAINTENANCE

Proper maintenance ensures the longevity and performance of your office chair.

- **Cleaning:** Spot clean the fabric and mesh surfaces with a mild detergent and a damp cloth. Avoid using harsh chemicals or abrasive cleaners.
- **Inspection:** Periodically check all screws and bolts to ensure they are tight. Re-tighten if necessary.
- **Casters:** Clean casters regularly to remove dust and debris that may hinder smooth movement.
- **Moving the Chair:** When moving the chair, lift it rather than dragging it to prevent damage to the casters or base.

7. TROUBLESHOOTING

Refer to this section for solutions to common issues.

Problem	Possible Cause	Solution
Chair does not adjust height	Gas lift cylinder malfunction or lever issue	Ensure the height adjustment lever is fully engaged. If the issue persists, the gas lift cylinder may need replacement.
Chair squeaks	Loose bolts or friction between components	Tighten all assembly bolts. Apply a small amount of silicone lubricant to moving parts if necessary.

Problem	Possible Cause	Solution
Casters do not roll smoothly	Debris in casters or damaged casters	Remove any hair or debris from the caster wheels. If damaged, casters may need replacement.
Backrest feels loose	Loose connection bolts	Check and tighten the bolts connecting the backrest to the seat and armrests.
