

hai 2.5 GPM Citron

hai Smart Shower Head User Manual

Model: 2.5 GPM Citron

Brand: hai

1. INTRODUCTION

The hai Smart Shower Head is designed to enhance your showering experience while promoting water conservation. This innovative showerhead features Bluetooth connectivity for app integration, customizable LED alerts, and adjustable spray settings to suit your preferences. It can be used as a wall-mounted or handheld device, offering versatility and ease of use.

2. PRODUCT COMPONENTS

Your hai Smart Shower Head package includes the following components:

- hai Smart Shower Head (Handheld unit)
- Shower Hose (6 feet, flexible PVC)
- Wall Mount Bracket
- Integrated Installation Tool

Image: The hai Smart Shower Head, its packaging, and a smartphone displaying the companion app interface.

3. INSTALLATION GUIDE

The hai Smart Shower Head is designed for easy, tool-free DIY installation, typically taking less than 5 minutes. It is compatible with standardized 1/2" NPT thread wall mount shower arms.

Installation Steps:

1. Ensure your existing shower arm is clean and free of debris.
2. Thread the hai wall mount bracket onto your shower arm. Hand-tighten firmly. The integrated tool can be used for additional leverage if needed.
3. Connect the flexible PVC shower hose to the wall mount bracket and the handheld shower head. Ensure connections are secure to prevent leaks.
4. Place the handheld shower head into the wall mount bracket.

5. Turn on the water supply and check for any leaks. If leaks occur, ensure all connections are tightened. Teflon tape may be used on threads if necessary, though it is often not required.

Easy DIY install

~~No plumber \$\$\$~~
~~No fancy tools~~
~~No stress~~

- ✓ Easy DIY install
- ✓ Renter-friendly
- ✓ Moves with you

4. OPERATING YOUR HAI SMART SHOWER HEAD

Bluetooth Connectivity and App Usage:

The hai Smart Shower Head features water-powered Bluetooth technology, eliminating the need for batteries. Download the free hai companion app on your smartphone (compatible with iOS and Android) to unlock smart features:

- **Water Usage Tracking:** Monitor your water and energy consumption over time.
- **Customizable LED Alerts:** Set personalized LED alerts that indicate when the water has reached your desired temperature (green light) and when you are approaching or have reached your set water usage target (red light).

Save water & money with the hai app

Shower-powered LED alerts

Custom LED light notifies you:

- When shower reaches your perfect temp
- When shower reaches your set water limit

Image: A close-up of the hai shower head's base, showing the custom LED light that notifies users about water temperature and usage limits.

Adjusting Spray Settings:

The hai Smart Shower Head features a specially designed spray slider that allows for easy adjustment between different spray modes:

- **High Pressure Stream:** Ideal for rinsing and a powerful shower experience.
- **Steamy Fine Mist:** Provides a spa-like experience with increased steam.

Simply slide the control on the shower head to transition between these settings and everything in between.

Better pressure, better spray

Image: A side-by-side comparison illustrating the strong pressure mode and the fine mist mode of the hai shower head.

Handheld and Wall-Mounted Use:

The hai Smart Shower Head is designed for dual functionality. It can be mounted on the wall for a fixed shower experience or easily removed and used as a handheld device for targeted rinsing or cleaning.

5. CARE AND MAINTENANCE

To ensure the longevity and optimal performance of your hai Smart Shower Head, follow these maintenance guidelines:

- **Cleaning:** The shower head and hose are constructed from durable, high-quality stainless steel materials with an easy-to-clean, flexible PVC hose. The sleek hose has zero grooves, making it harder for buildup and bacteria to hide. Clean regularly with a soft cloth and mild soap. Avoid abrasive cleaners or scouring pads, as these can damage the finish.
- **Mineral Buildup:** In areas with hard water, mineral deposits may accumulate on the spray nozzles. Gently rub the nozzles with your finger or a soft brush to dislodge any buildup. For stubborn deposits, a solution of white vinegar and water can be used.

- **Hose Care:** Periodically check the shower hose for any kinks or damage. Ensure it is not excessively twisted during use or storage.

6. TROUBLESHOOTING

If you encounter any issues with your hai Smart Shower Head, please refer to the following common solutions:

Problem	Possible Cause	Solution
Low Water Pressure	Mineral buildup in nozzles; partially closed water valve; low household water pressure.	Clean shower head nozzles. Ensure main water valve is fully open. Consult a plumber if household water pressure is consistently low.
Leaks from Connections	Loose connections; worn out washer.	Ensure all connections are hand-tightened. If leaks persist, disassemble, check rubber washers for damage, and reassemble. Apply plumber's tape to threads if necessary.
LED Lights Not Functioning	No water flow; app not connected or settings incorrect.	Ensure water is flowing through the shower head. Check Bluetooth connection to the hai app and verify LED alert settings.
Difficulty Adjusting Spray Slider	Mineral buildup or debris.	Clean the spray slider area. Ensure no foreign objects are obstructing its movement.

If the issue persists after attempting these solutions, please contact hai customer support for further assistance.

7. PRODUCT SPECIFICATIONS

Feature	Detail
Brand	hai
Model Number	2.5 GPM Citron (HSBTHI5)
Style	Regular
Color	Citron
Material	Stainless Steel
Finish Type	Brushed
