Mumgaroo MM007

Mumgaroo Breastmilk Storage Bag Instruction Manual

Brand: Mumgaroo | Model: MM007

1. Introduction

The Mumgaroo Breastmilk Storage Bags are designed for safe and convenient storage of breast milk. These pre-sterilized bags feature a double zip lock for leak-proof sealing, a self-standing base for easy filling and storage, and a unique pour spout for hygienic transfer of milk. Each bag has a capacity of 8.5 oz / 250 ml and is made from food-grade, BPA/BPS-free material, ensuring the freshness and safety of your breast milk.

2. Key Features

- **Independent Inlet and Outlet:** Designed for convenient filling and pouring, minimizing secondary contamination.
- **Super Leak-Proof Design:** Features a double zipper pre-sealed top and side seal protection to prevent leakage.
- **Writable Area:** Includes a dedicated label area to record essential information such as name, volume, date, and time.
- **Healthy and Safe Material:** Pre-sterilized and free from BPA/BPS, ensuring the freshness and purity of breast milk.
- **Self-Standing Base:** Gusseted bottom design allows bags to stand upright for easy filling and storage, or lay flat to maximize freezer space.

3. Setup

Mumgaroo Breastmilk Storage Bags are pre-sterilized and ready for immediate use. No prior cleaning or sterilization is required before filling with breast milk.

1. Remove a single breastmilk storage bag from its packaging.
2. Gently open the top seal of the bag to prepare for filling. The bag is designed to stand upright on its own for convenience.

4. Operating Instructions

4.1 Filling the Bag

1. Hold the bag upright.
2. Carefully pour breast milk into the bag through the designated inlet at the top. Do not exceed the maximum capacity of 8.5 oz / 250 ml.
3. Gently squeeze out any excess air from the bag above the milk level.
4. Firmly press the double zipper seal closed to ensure an airtight and leak-proof seal.

4.2 Recording Information

Use the writable area on the bag to record important details for safe storage and use:

- **Name:** For identification if storing milk for multiple children.
- **Volume:** The exact amount of milk stored.
- **Date:** The date the milk was expressed.
- **Time:** The time the milk was expressed.

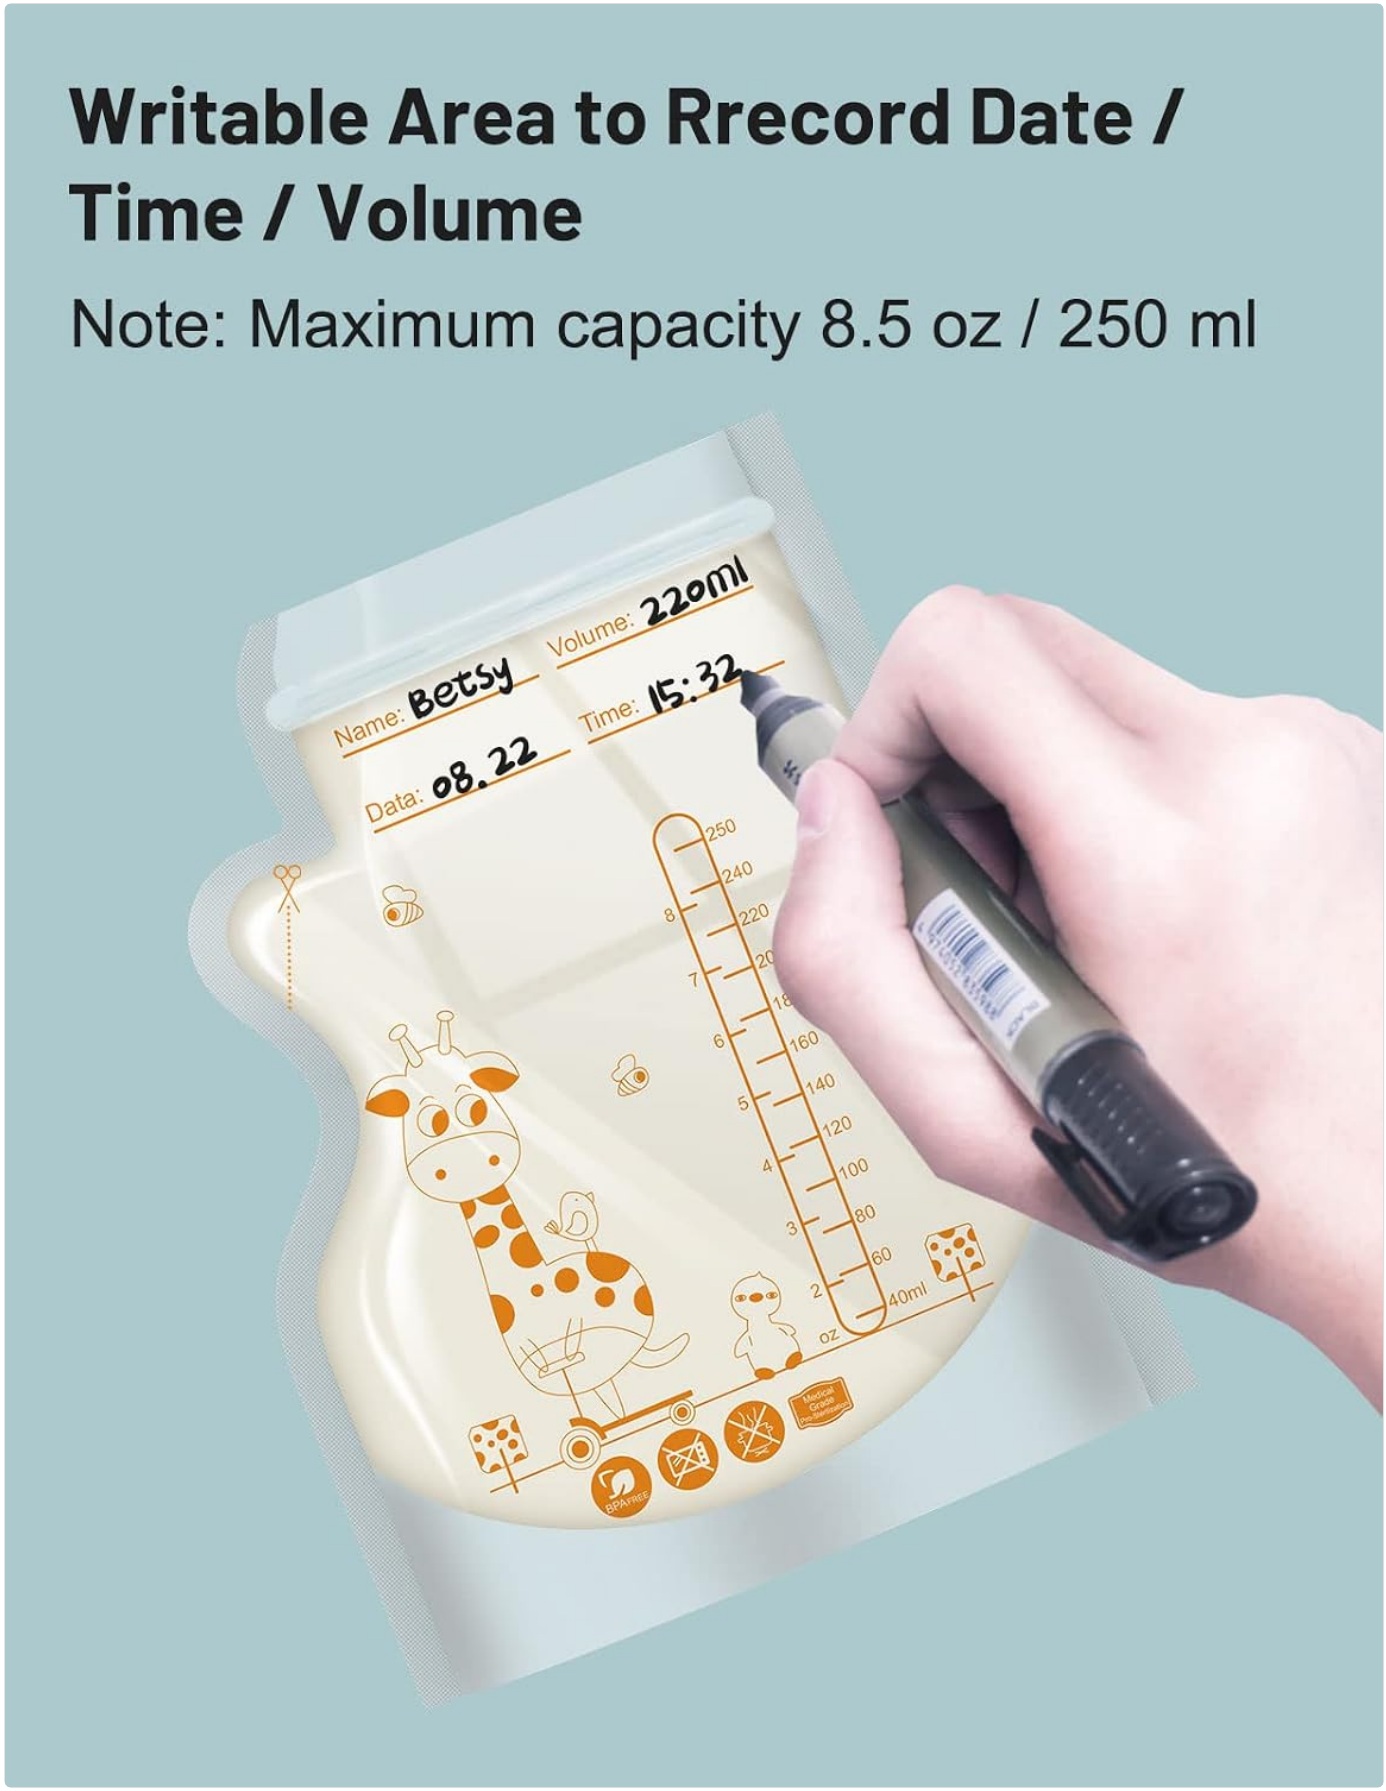

Image: Demonstrating how to use the writable area on the bag for recording essential information.

4.3 Pouring Out Milk

1. Locate the unique pour spout at the corner of the bag.
2. Tear off the corner of the bag along the perforated line to open the pour spout.
3. Carefully pour the breast milk into a feeding bottle or container.

5. Storage Guidelines

Proper storage of breast milk is crucial for maintaining its nutritional value and safety. The Mumgaroo Breastmilk Storage Bags are compatible with refrigerator and freezer storage.

Image: Breastmilk storage bags stored upright in a refrigerator, demonstrating space-saving design.

5.1 Breast Milk Storage Chart

	Freshly Pumped	Thawed Breast Milk
Room Temperature (23-26°C)	4-6 hours	4 hours
Room Temperature (19-22°C)	6-10 hours	4 hours
Refrigerator (0-4°C)	3-5 days	24 hours
Freezer (-18°C)	3-4 months	Do Not Refreeze
Deep Freeze (< -18°C)	> 6 months	Do Not Refreeze

**Note: Do not keep breast milk at the refrigerator door, as temperature fluctuations can affect freshness.*

6. Maintenance and Disposal

Mumgaroo Breastmilk Storage Bags are designed for single-use to ensure maximum hygiene and safety. They are pre-sterilized and should not be washed or reused.

6.1 Disposal

After use, dispose of the breastmilk storage bags according to local waste disposal guidelines. Ensure the bag is empty before disposal.

7. Troubleshooting

7.1 Leakage Concerns

Mumgaroo Breastmilk Storage Bags are designed with a super leak-proof double zipper and side seals. If you experience any leakage:

- Ensure the double zipper seal is fully closed by pressing firmly along the entire length of the seal.
- Avoid overfilling the bag beyond the maximum capacity line (8.5 oz / 250 ml).
- Check for any visible damage or punctures to the bag before use. Do not use damaged bags.
- Ensure the pour spout is not accidentally torn open before intended use.

8. Product Specifications

Attribute	Detail
Brand	Mumgaroo
Model Name	breastmilk storage bag
Item Model Number	MM007
Material	Polyethylene (PE)
Capacity	8.5 ounces / 250 ml
Product Dimensions	4.72"W x 2.76"H
Closure Type	Zipper
Number of Items	40 bags per pack
Special Features	Freezer Safe, Leak Resistant, Stand Up
Material Type Free	BPA Free, BPS Free
Is Microwaveable	Yes
UPC	742732051188
