Jeadiuwe KYMQ-15C

Jeadiuwe Electric Salt and Pepper Grinder Set (Model KYMQ-15C) - Instruction Manual

Automatic, USB Rechargeable, Adjustable Coarseness

1. INTRODUCTION

Thank you for purchasing the Jeadiuwe Electric Salt and Pepper Grinder Set. This manual provides essential information for the safe and efficient operation, maintenance, and care of your new appliance. Please read it thoroughly before first use and keep it for future reference.

2. PACKAGE CONTENTS

- 2 x Electric Salt and Pepper Grinders
- 1 x Charging Base
- 1 x Type-C USB Charging Cable
- 1 x Cleaning Brush
- 1 x User Manual (this document)

3. PRODUCT OVERVIEW

Familiarize yourself with the components of your Jeadiuwe Electric Salt and Pepper Grinder Set:

Rapid USB Rechargeable Salt and Pepper Grinder Set

Figure 1: Product Diagram. This image displays two black electric grinders on a charging base, with labels pointing to the ABS frame, smart light indicator, power button, lid lock indicator, ceramic grinder, transparent lid, capacity (2.5 oz / 75 ml), charging base, and Type-C USB charging cable.

Power Button: Activates the grinding mechanism.

Smart Light Indicator: Shows charging status (red when charging, white when fully charged) and illuminates during operation.

Transparent Lid/Window: Allows visibility of spice levels.

Ceramic Grinder: Durable ceramic burr for efficient grinding.

Adjustable Coarseness Dial: Located at the bottom, rotate to select desired grind size.

Charging Base: Provides convenient charging and storage for both grinders.

Type-C USB Charging Port: Located on the charging base for power input.

4. SETUP

4.1 Initial Charging

1. Connect the provided Type-C USB charging cable to the charging port on the base.

2. Plug the USB-A end of the cable into a compatible USB power adapter (not included).
3. Place the grinders onto the charging base. The smart light indicator on each grinder will illuminate red, indicating they are charging.
4. Once fully charged, the indicator light will turn white.

Figure 2: Grinders on Charging Base. This image shows two black electric grinders on their charging base, with one grinder's indicator light glowing red, signifying it is charging. The charging cable is connected to the base.

4.2 Filling the Grinders

1. Hold the grinder horizontally.
2. Locate the transparent window on the side of the grinder.
3. Twist the transparent window cover to open the filling compartment.
4. Carefully pour your desired spices (e.g., whole peppercorns, coarse salt, red pepper flakes) into the compartment. Each grinder can hold up to 70ml of spices.
5. Close the transparent window cover by twisting it back until it locks securely.

ALWAYS READY

TYPE C USB CHARGING BASE

Figure 3: Filling the Grinder. A hand is shown carefully pouring peppercorns into the transparent side window of the electric grinder, demonstrating the refill process.

5. OPERATING INSTRUCTIONS

5.1 One-Handed Operation

- Simply press and hold the power button located on the top of the grinder.
- The grinder will automatically activate, and the LED light at the bottom will illuminate, allowing you to see the amount of spice being dispensed.
- Release the button to stop grinding.

1 HANDED OPERATION

LONG PRESS TO START GRINDING

Figure 4: One-Handed Operation. A hand is shown holding the electric pepper grinder over a plate of pasta, demonstrating the ease of use with a single press of the button, and the LED light illuminating the food.

5.2 Adjusting Coarseness

- Turn the adjustment dial located at the bottom of the grinder.
- Rotate clockwise for a finer grind and counter-clockwise for a coarser grind.
- There are 5 levels of coarseness to choose from, allowing you to customize your seasoning.

5 GRINDING LEVELS

Fine

Extra Fine

ADJUSTABLE COARSENESS

Figure 5: Adjustable Coarseness. This image illustrates the 5 different coarseness settings available by rotating the dial at the bottom of the grinder, ranging from extra coarse to extra fine.

6. MAINTENANCE

6.1 Cleaning

- After each use, wipe the bottom grinding area and the charging port area with a dry cloth to prevent spice residue buildup.
- Use the included small cleaning brush to regularly clean the grinding mechanism for optimal performance.
- **DO NOT** immerse the grinders or the charging base in water. They are not dishwasher safe.

6.2 Storage

- Store the grinders on their charging base when not in use to keep them organized and fully charged.
- Keep the grinders in a dry place away from direct sunlight and excessive heat.

Figure 6: Maintenance Tips. This image shows the grinders on their charging base with text overlay detailing maintenance instructions, including wiping the charging port area with a dry cloth and regularly cleaning with the small brush.

7. TROUBLESHOOTING

- **Grinder not operating:**

- Ensure the grinder is fully charged. Place it on the charging base and check if the indicator light turns white after charging.
- Verify that the spice compartment is correctly closed and locked.
- Check if there are any blockages in the grinding mechanism. Use the cleaning brush to clear any residue.

- **Grinder not charging:**

- Ensure the USB cable is securely connected to both the charging base and the power adapter.
- Check if the power adapter is working correctly and the outlet has power.
- Clean the charging contacts on both the grinder and the base with a dry cloth to remove any spice residue.

- **Inconsistent grind:**

- Adjust the coarseness dial at the bottom of the grinder.
- Ensure the spice compartment is not overfilled, which can affect grinding consistency.

8. SPECIFICATIONS
