

XIAOMI Mi Portable Photo Printer

Xiaomi Mi Portable Photo Printer User Manual

1. INTRODUCTION

This manual provides essential instructions for the safe and effective use of your Xiaomi Mi Portable Photo Printer. Please read this manual thoroughly before operating the device and retain it for future reference. This portable printer allows you to print 2x3 inch photos instantly from your iOS or Android device using ZINK inkless printing technology, featuring AR photos and dynamic video capabilities.

2. PACKAGE CONTENTS

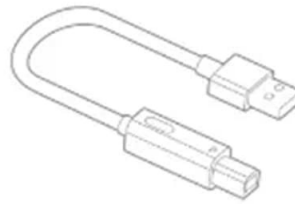

Verify that all items listed below are included in your package:

- Mi Portable Photo Printer x 1
- Photo paper pack (5-sheet) x 1
- USB cable x 1
- User manual x 1

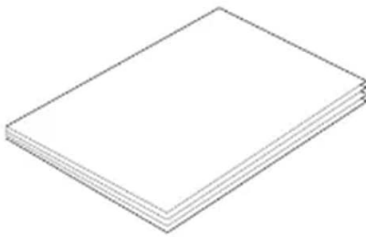

Package List

Printer X 1

USB data cable X 1

Instruction manual X 1

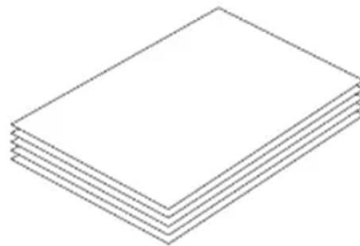

Photo paper bag(5 sheets)

Figure 2.1: Package Contents Diagram. This image illustrates the printer, USB cable, instruction manual, and a 5-sheet photo paper pack included in the box.

3. PRODUCT OVERVIEW

The Xiaomi Mi Portable Photo Printer is a compact and lightweight device designed for on-the-go photo printing. It utilizes ZINK (Zero Ink) technology, eliminating the need for ink cartridges.

3.1 Key Features

- **Compact Design:** Small and portable, easily fits into a pocket or bag.
- **ZINK Inkless Printing:** Prints vibrant 2x3 inch photos without ink.
- **AR Photos & Dynamic Videos:** Scan printed photos with the Mi Home/Xiaomi Home app to view augmented reality effects or dynamic videos.
- **Bluetooth Connectivity:** Connects wirelessly to iOS and Android devices.
- **Multi-Device Connection:** Supports simultaneous Bluetooth connections for shared printing.
- **App Integration:** Offers various templates, collages, and filters via the Mi Home/Xiaomi Home app.

3.2 Device Components

Figure 3.1: Front view of the Xiaomi Mi Portable Photo Printer with a photo being ejected. This image highlights the printer's compact size and its primary function.

Figure 3.2: Frontal view of the printer, displaying the photo output slot and branding.

Figure 3.3: Top view of the printer, illustrating the control panel with the power button, charging port, and status indicators.

Figure 3.4: The printer held in a hand, emphasizing its compact and portable design.

4. SETUP

4.1 Charging the Printer

Before first use, fully charge the printer. Connect the provided USB cable to the printer's charging port and a suitable USB power adapter (not included). The indicator light will show charging status.

4.2 Loading Photo Paper

1. Open the paper tray cover on the printer.
2. Insert the ZINK photo paper pack into the tray with the blue calibration card facing down, followed by the photo paper with the glossy side facing up.
3. Close the paper tray cover securely.

4.3 Installing the Mi Home/Xiaomi Home App

Download and install the 'Mi Home' or 'Xiaomi Home' app from your device's app store (Google Play Store for Android, Apple App Store for iOS). Follow the on-screen instructions to create an account or log in.

Important Note: Some users have reported regional restrictions with the app, limiting device usability to

specific regions. Please ensure the app and device are compatible with your geographical location before use.

4.4 Pairing via Bluetooth

1. Ensure your printer is charged and powered on.
2. Enable Bluetooth on your iOS or Android device.
3. Open the Mi Home/Xiaomi Home app and tap the '+' icon to add a new device.
4. Select the Xiaomi Mi Portable Photo Printer from the list of available devices.
5. Follow the app's instructions to complete the pairing process.

5. OPERATING INSTRUCTIONS

5.1 Power On/Off

- **Power On:** Press and hold the power button on the printer until the indicator light illuminates.
- **Power Off:** Press and hold the power button again until the indicator light turns off.

5.2 Printing Photos

1. Ensure the printer is connected to your device via Bluetooth and has sufficient paper loaded.
2. Open the Mi Home/Xiaomi Home app.
3. Select the photo you wish to print from your device's gallery or take a new photo within the app.
4. Utilize the app's editing features, such as filters, collages, or templates, if desired.
5. Tap the print icon in the app to send the image to the printer. The photo will emerge from the output slot.

Figure 5.1: Printer in use with the companion app, showcasing printed photos and creative possibilities.

5.3 AR Photos and Dynamic Videos

The printer supports AR (Augmented Reality) photos and dynamic videos. When printing a photo, you can record or upload a video within the Mi Home/Xiaomi Home app. After printing, scan the physical photo using the app's AR feature to experience the embedded virtual effects or play the dynamic video.

5.4 Multi-User Connection

The printer supports multiple simultaneous Bluetooth connections. Up to three devices can connect to the printer at once. Print jobs from different devices will be added to a queue and printed sequentially.

6. MAINTENANCE

6.1 Cleaning the Printer

To maintain optimal print quality, periodically clean the exterior of the printer with a soft, dry cloth. Do not use liquid cleaners or abrasive materials. The ZINK printing technology does not require print head cleaning as there are no ink cartridges.

6.2 Replacing Photo Paper

When the paper supply is depleted, follow the instructions in Section 4.2 to load a new pack of ZINK 2x3 inch photo paper. Always use genuine Xiaomi ZINK photo paper for best results.

6.3 Battery Care

To prolong battery life, avoid exposing the printer to extreme temperatures. If the printer will not be used for an extended period, charge it to approximately 50% before storage and recharge it every few months.

7. TROUBLESHOOTING

If you encounter issues with your Xiaomi Mi Portable Photo Printer, refer to the following common problems and solutions:

Problem	Possible Solution
Printer does not power on	Ensure the printer is fully charged. Connect it to a power source and try again.
Cannot connect via Bluetooth	Verify Bluetooth is enabled on your device and the printer. Restart both devices. Ensure the printer is not already connected to another device. Check app permissions.
Poor print quality / Blank prints	Ensure genuine ZINK photo paper is loaded correctly with the glossy side up. Check if the blue calibration card was used with the paper pack. The paper may be expired or damaged.
Paper jam	Power off the printer. Carefully open the paper tray and remove any jammed paper. Do not force the paper out. Reload paper correctly.
App not functioning correctly / Regional restrictions	Ensure the Mi Home/Xiaomi Home app is updated to the latest version. Check your device's region settings. Some app features or device functionality may be restricted based on geographical location.

If the problem persists, consult the official Xiaomi support website or contact customer service.

8. SPECIFICATIONS

Feature	Specification
Model	Mi Portable Photo Printer
Brand	XIAOMI
Printing Technology	Zink Technology
Connectivity Technology	Bluetooth
Compatible Operating Systems	Android, iOS
Maximum Media Size	2 x 3 inches
Sheet Size	2 x 3 inches
Maximum Print Resolution	313 x 400 dpi

Feature	Specification
Printer Output	Colour
Dual-sided Printing	No (Simplex)
Max Input Sheet Capacity	1
Control Method	App
Battery Type	Lithium Ion (included)
Product Dimensions (LxWxH)	12.42 x 2.46 x 8.51 cm (124 x 25 x 85 mm)
Item Weight	281 g
Colour	White

9. SAFETY INFORMATION

- Do not disassemble, repair, or modify the device yourself.
- Keep the printer away from water, moisture, and high temperatures.
- Avoid dropping or subjecting the printer to strong impacts.
- Use only the specified charging cable and genuine ZINK photo paper.
- Keep out of reach of children.

10. WARRANTY AND SUPPORT

For warranty information, technical support, or service inquiries, please refer to the warranty card included with your product or visit the official Xiaomi support website. Ensure you have your product model and purchase details available when contacting support.

Drukarka fotograficzna Xiaomi Mi

Kod: 49069 Producent: Xiaomi Kod producenta: TEJ4018GL

Cena: 251.19 zł

Opis

Drukarka fotograficzna XIAOMI Mi Portable Photo Printer

Producent: Xiaomi

Cechy

- Materiały: ABS, PC
- Pozycjonowanie na rynku: Dom i biuro
- Złącze micro-USB: Tak
- Kolor produktu: Białe

Moc

- Zdroło zasilania: Bateria

Waga i wymiary

- Waga produktu: 345 g
- Szerokość produktu: 85 mm
- Wysokość produktu: 24,8 mm
- Głębokość produktu: 12,4 mm

Szczegóły

- Bateria: Tak
- Przewodność: Nie

Wspierane systemy

- Systemy obsługiwane systemy operacyjne: Android, iOS

Wydruk

- Format kompozycji zdjęć: JPEG, PNG

Parametry drukowania

- Maksymalna rozdzielczość: 300 x 400 DPI
- Technologia druku: Druko (Druko atramentowy)

Max pojemność i funkcje

- Całkowita pojemność pojemnika: 10 ark.
