- USB Charging Cable

2. SETUP GUIDE

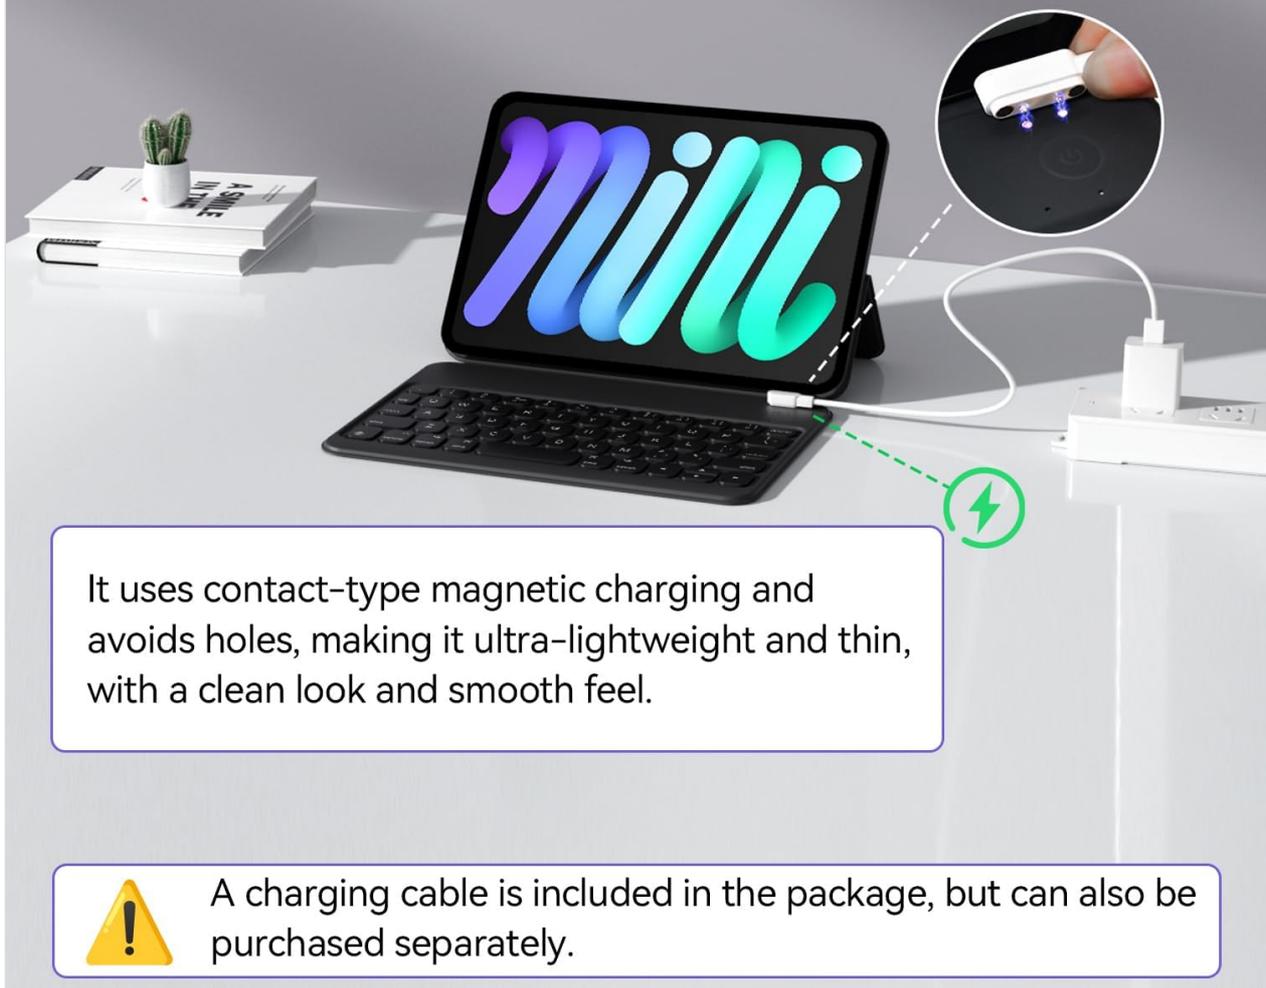

2.1 Attaching Your iPad

1. Align your iPad mini with the magnetic area on the keyboard case.
2. The strong magnets will automatically secure your iPad in place.

2.2 Charging the Keyboard

The keyboard case uses a magnetic contact charging method. Connect the provided USB charging cable to the magnetic charging port on the keyboard and a power source. A full charge takes approximately 2 hours and provides up to 100 hours of uninterrupted use.

Magnetic contact charging method makes it extremely light and thin

It uses contact-type magnetic charging and avoids holes, making it ultra-lightweight and thin, with a clean look and smooth feel.

A charging cable is included in the package, but can also be purchased separately.

2.3 Bluetooth Pairing

1. Ensure the keyboard is charged.
2. Turn on the keyboard.
3. On your iPad, go to **Settings > Bluetooth** and turn Bluetooth on.
4. Select the HOU Keyboard from the list of available devices to pair.
5. Once paired, the keyboard is ready for use.

3. OPERATION

3.1 Adjusting Viewing Angles

The keyboard case features an infinitely adjustable shaft, allowing you to tilt your iPad to any desired viewing angle from 0 to 180 degrees. This provides stable support for various scenarios, including desk use, lap use, or in bed.

3.2 Typing and Shortcut Keys

The keyboard's scissor-switch mechanism provides a comfortable and responsive typing experience. Utilize the integrated shortcut keys to quickly access common functions and enhance your productivity.

Troubleshooting Guide & After-Sales Support

1. Missing Charging Cable

This keyboard works only with our store's proprietary magnetic charging cable.
All buyers: Get a free spare cable by contacting support with your order number.

If your package arrived without the cable: Provide proof (e.g., unboxing photos) to get an extra free cable—anytime.

2. Key Malfunctions/Character Mismatches

If keys don't work or type wrong characters:
Hold Z + X + H for 3-5 seconds to reset the keyboard's language settings.

3. Bluetooth Errors/Unresolved Key Issues

If Bluetooth fails or keys still don't work:
Hold Control + FN + R until the indicator flashes. Reconnect to your iPad (delete old pairing first).

4. After-Sales Support

If troubleshooting doesn't help:
Contact support for a free replacement or full refund (no complicated steps). We prioritize quality, and strive to protect your rights—your trust is our top priority.

5. TROUBLESHOOTING

Image: A visual guide to common troubleshooting steps for the HOU Keyboard Case.

5.1 Key Malfunctions or Character Mismatches

If keys are not functioning correctly or typing incorrect characters, you may need to reset the keyboard's language settings. Hold down **Z + X + H** simultaneously for 3-5 seconds to perform a reset.

5.2 Bluetooth Connection Issues

If the Bluetooth connection fails or keys are unresponsive, try the following:

1. Hold down **Control + FN + R** until the indicator light flashes. This will reset the Bluetooth module.
2. On your iPad, go to **Settings > Bluetooth**, forget or delete the old pairing for the HOU Keyboard.

3. Attempt to re-pair the keyboard following the steps in Section 2.3.

5.3 Missing Charging Cable

This keyboard works only with its proprietary magnetic charging cable. If your cable is missing or damaged, please contact customer support for assistance.
