

VICNIE XEB-B02-12inch-ORB

VICNIE 12-Inch Oil Rubbed Bronze Flush Mount Ceiling Light Manual

Model: XEB-B02-12inch-ORB

INTRODUCTION

This manual provides detailed instructions for the safe installation, operation, and maintenance of your VICNIE 12-Inch Oil Rubbed Bronze Flush Mount Ceiling Light. Please read all instructions carefully before beginning installation and retain this manual for future reference.

PRODUCT FEATURES

- **Elegant Design:** Features a patterned metal frame with an oil-rubbed bronze finish and a white frosted glass panel for optimal light diffusion.
- **Versatile Application:** Suitable for various indoor spaces including hallways, entryways, living rooms, bedrooms, basements, bathrooms, kitchens, and dining rooms.
- **Standard E26 Base:** Compatible with E26 base LED and CFL bulbs (bulbs not included), supporting up to 20W max per bulb.
- **Durable Construction:** Constructed from high-quality metal with multiple layers of paint for lasting durability, rust, and corrosion resistance.
- **Easy Installation:** Designed for straightforward installation with all necessary mounting hardware included.
- **Dimmable:** Compatible with dimmable bulbs and a dimmer switch (not included) for adjustable lighting.

WHAT'S IN THE BOX

- 1 x 2-Light Ceiling Light (Oil Rubbed Bronze)
- Mounting Hardware
- Instruction Manual
- (Bulbs not included)

SAFETY INFORMATION

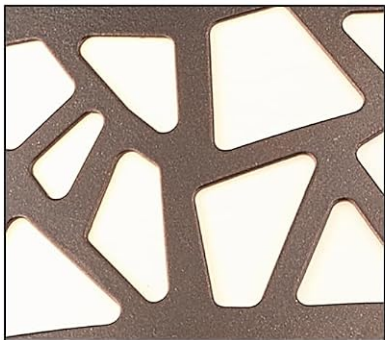

WARNING: To avoid the risk of electric shock, always disconnect power at the circuit breaker or fuse box before installation, servicing, or cleaning. All electrical connections must be in accordance with local codes, ordinances, or the National Electric Code (NEC). Consult a qualified electrician if you are unfamiliar with electrical wiring.

- Do not install this fixture in wet locations.
- Ensure all connections are secure and properly insulated.
- Use only E26 base LED or CFL bulbs, not exceeding 20W per bulb.
- Do not exceed the maximum wattage specified.
- Handle glass components with care to prevent breakage.

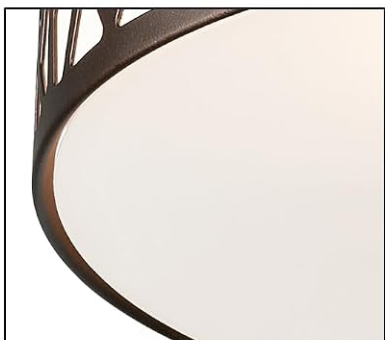

SETUP AND INSTALLATION

Follow these steps for proper installation. An online video guide is also available for visual assistance.

1. **Prepare for Installation:** Turn off power at the main circuit breaker. Ensure the mounting surface is clean and dry.
2. **Attach Mounting Bracket:** Secure the mounting bracket to the junction box using the provided screws.
3. **Wire Connections:** Connect the fixture's wires to the corresponding household wires (black to black, white to white, ground to ground) using wire nuts. Ensure all connections are tight.
4. **Secure Fixture:** Carefully push the wired fixture up to the mounting bracket and secure it with the provided screws or nuts.
5. **Install Glass Shade:** Place the frosted glass shade onto the fixture and secure it with the decorative knob.
6. **Install Bulbs:** Screw in two E26 base LED or CFL bulbs (max 20W each) into the sockets.
7. **Restore Power:** Turn on power at the main circuit breaker.

OPERATING INSTRUCTIONS

Once installed, operate the light fixture using your standard wall switch. If a compatible dimmer switch is installed, you can adjust the light intensity by rotating or sliding the dimmer control.

- **Bulb Type:** Use E26 base LED or CFL bulbs.
- **Wattage:** Do not exceed 20 watts per bulb.

- **Dimmable Functionality:** For dimming capabilities, ensure you use dimmable E26 bulbs and a compatible dimmer switch (not included).

MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your ceiling light.

- **Cleaning:** To clean the fixture, first turn off the power. Wipe the metal frame with a soft, dry cloth. The frosted glass shade can be easily removed by unscrewing the decorative knob for thorough cleaning with a mild glass cleaner. Ensure the shade is completely dry before reattaching.
- **Bulb Replacement:** Turn off power before replacing bulbs. Unscrew the decorative knob, carefully remove the glass shade, and replace the E26 bulbs. Reattach the shade and knob securely.
- **Inspection:** Periodically check for any loose wiring or damaged components. If any issues are found, consult a qualified electrician.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Light does not turn on	1. Power is off 2. Loose wiring 3. Faulty bulb	1. Check circuit breaker/fuse 2. Verify wire connections (power off) 3. Replace bulb(s)
