3. SETUP

Your Fjords Anne R Recliner and Ottoman arrive largely pre-assembled in a large box. Minimal setup is required.

- Unpacking:** Carefully remove the recliner and ottoman from their packaging. Due to the size and weight, it is recommended to have assistance during unpacking and placement.
- Placement:** Position the recliner and ottoman in your desired location. Ensure there is adequate space around the chair for reclining and swiveling without obstruction.
- Inspection:** Before use, inspect the chair and ottoman for any signs of damage that may have occurred during transit. Contact customer support immediately if any issues are found.

4. OPERATION

The Fjords Anne R Recliner offers intuitive adjustments for personalized comfort.

- **Reclining Function:** To recline, gently push back on the chair while seated. The chair is designed to respond to your body's weight and movement, allowing for smooth adjustment to your preferred reclining position. The chair supports two reclining positions.
- **Adjustable Headrest:** The headrest angle can be adjusted manually. Locate the manual release mechanism (typically a lever or knob on the side of the headrest or chair back) and adjust the headrest to your desired angle. Release the mechanism to lock it in place.
- **Swivel Feature:** Both the recliner and ottoman are equipped with a 360° swivel base. Simply rotate the chair or ottoman to face any direction.

5. MAINTENANCE

Proper care will extend the life and beauty of your Fjords Anne R Recliner and Ottoman.

- **General Cleaning:** Wipe clean with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, as these can damage the leather and wood finish.
- **Leather Care:** For specific leather care, use a reputable leather cleaner and conditioner as recommended by leather care specialists. Test any cleaning product on an inconspicuous area first.
- **Wood Base Care:** Dust the wood base regularly with a soft, dry cloth. For deeper cleaning, use a wood-safe cleaner and polish as needed.

- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause leather to fade or crack. Position your recliner away from direct sunlight or use window coverings.

6. TROUBLESHOOTING

If you encounter any issues with your recliner, please refer to the following common solutions:

- **Reclining Mechanism Stiffness:** If the reclining mechanism feels stiff, ensure no objects are obstructing its movement. Regular use typically smooths the mechanism. If stiffness persists, contact customer support.
- **Headrest Adjustment Issues:** Check that the manual release mechanism is fully engaged or disengaged as intended. Ensure no fabric or debris is caught in the mechanism.
- **Swivel Base Not Rotating Smoothly:** Ensure the chair is placed on a flat, even surface. Check for any debris or obstructions under the base.
- **Unusual Noises:** If you hear creaking or other unusual noises, inspect all visible connections for tightness. Do not attempt to disassemble the chair. Contact customer support for assistance.
