# Fjords Anne R Small Recliner and Ottoman Instruction Manual

Model: Anne R Small | Brand: Fjords

## INTRODUCTION

---

This manual provides essential information for the proper setup, operation, and maintenance of your Fjords Anne R Small Norwegian Ergonomic Swivel Recliner Lounge Chair and Ottoman. Please read these instructions carefully before use to ensure optimal comfort and longevity of your product.

The Fjords Anne R chair is designed to provide continuous support for your legs and back, featuring a 360° swivel base for enhanced mobility. The base is crafted from stained laminate wood, contributing to its elegant character. This model offers maximum comfort with a manual release adjustable headrest angle.

## SETUP AND ASSEMBLY

---

Your Fjords Anne R Recliner and Ottoman arrive largely pre-assembled. Minimal setup is required to prepare your furniture for use.

1. **Unpacking:** Carefully remove all packaging materials. Inspect the chair and ottoman for any signs of damage during transit. Retain packaging for a short period in case of return.
2. **Placement:** Position the recliner and ottoman on a level surface. Ensure adequate space around the chair for full recline and swivel functionality.
3. **Base Attachment (if separate):** In some cases, the chair or ottoman base may require attachment. Align the base with the chair/ottoman mechanism and secure it according to the included hardware instructions. Ensure all connections are tight and stable.
4. **Final Check:** Before first use, gently test the swivel and recline functions to ensure smooth operation.

## OPERATING INSTRUCTIONS

---

The Fjords Anne R Recliner is designed for intuitive and comfortable use.

- **Reclining Function:** To recline, apply gentle pressure to the backrest while leaning back. The chair offers two reclining positions for varied comfort. To return to an upright position, shift your weight forward.
- **Adjustable Headrest:** The headrest angle can be adjusted manually. Locate the release mechanism, typically on the side or rear of the headrest, and adjust to your desired angle. Release the mechanism to lock it in place.
- **Swivel Feature:** The chair base allows for a full 360° swivel. Simply rotate the chair to your desired orientation.
- **Ottoman Use:** The accompanying ottoman provides continuous support for your legs. Position it at a comfortable distance from the recliner.

## CARE AND MAINTENANCE

---

Proper care will extend the life and appearance of your Fjords Anne R Recliner and Ottoman.

- **Leather Care:** The chair is upholstered in Soft Line Leather. For general cleaning, wipe clean with a soft, damp cloth. Avoid harsh chemicals, abrasive cleaners, or excessive moisture. For specific leather care, use a reputable leather cleaner and conditioner as recommended by leather furniture specialists.
- **Wood Base Care:** The stained laminate wood base can be cleaned with a soft, dry cloth. For stubborn marks, a slightly damp cloth followed by immediate drying is recommended. Avoid direct sunlight and extreme temperature changes to prevent wood damage.
- **General Cleaning:** Regularly dust the chair and ottoman. Vacuum crevices with a soft brush attachment to remove debris.
- **Weight Capacity:** Do not exceed the maximum weight recommendation of 300 pounds.

## TROUBLESHOOTING

---

If you encounter any issues with your Fjords Anne R Recliner, consider the following common solutions:

- **Recline Mechanism Stiff:** Ensure no obstructions are preventing the mechanism from moving freely. Check if the chair is placed on an uneven surface. Applying a silicone-based lubricant to moving metal parts (avoiding leather) may help, but consult customer support if unsure.

- **Swivel Not Smooth:** Verify that the chair base is clean and free of debris. Ensure the chair is on a flat surface. If the issue persists, the swivel mechanism may require professional inspection.
- **Unusual Noises:** Check all visible bolts and connections to ensure they are tight. Loose components can cause creaking or rattling. Do not overtighten.
- **Leather Damage:** For minor scratches or scuffs, specialized leather repair kits may be used. For significant damage, professional repair is recommended.

If these steps do not resolve the issue, please contact customer support for further assistance.

At Fjords, we keep our leather offering rational and simple. We use only top grain, semi-aniline leathers for our 3 grades, which are available on all products.

**ASTRO LINE LEATHER:** This is our best leather, and cannot be produced from just any bovine(cow) hide. This makes the raw material costs significantly higher than NL grade, as the hides must be relatively free of marks and have unusable areas that do not meet Astro Line standards.

It is uncorrected, meaning the surface of the hide has not been sanded smooth to remove imperfections and natural marks. This gives the leather natural variation in grain, and an improved look and feel. This top grain leather has been allowed to shrink at the tannery for a grainier, more varied and NATURAL appearance.
