## SHARDOR SF701

# SHARDOR 1200W Blender SF701 User Manual

Model: SF701

## 1. IMPORTANT SAFETY INFORMATION

Please read all instructions carefully before using your SHARDOR Blender. Failure to follow these safety guidelines may result in injury or damage to the appliance.

- Always unplug the blender from the power outlet before cleaning, assembling, or disassembling parts.
- Keep hands and utensils out of the container while blending to reduce the risk of severe personal injury.
- Do not blend hot liquids in the sealed personal travel cup as pressure buildup can cause the cup to burst.
- Ensure the blender jar or personal cup is securely locked onto the motor base before operating. The blender features a safety lock mechanism that prevents operation if not properly assembled.
- Do not immerse the motor base in water or other liquids.
- Supervise children closely when the appliance is in use.
- Avoid contact with moving parts.
- Do not operate any appliance with a damaged cord or plug, or after the appliance malfunctions or has been dropped or damaged in any manner.

## 2. PRODUCT COMPONENTS

Your SHARDOR 1200W Blender comes with the following components:

- **Motor Base:** The main power unit with speed control dial.
- **52oz Glass Jar:** Large capacity jar for family-sized blending.
- **22oz Travel Cup:** Personal-sized cup for on-the-go beverages.
- **6-Blade Assembly:** Designed for the 52oz glass jar for efficient blending.
- **4-Blade Assembly:** Designed for the 22oz travel cup.
- **Lid with Pouring Shield:** For the glass jar, includes a removable measuring cup insert.
- **Travel Lid:** For the 22oz personal cup.

# 1200 WATT MOTOR

Powerful 1200-watt motor easily crushes ice and blends even the toughest ingredients.

Diagram illustrating the dimensions of the SHARDOR 1200W Blender with both the 52oz glass jar and 22oz travel cup.

### 3. SETUP

Before first use, wash all parts that will come into contact with food. Ensure the motor base is placed on a clean, dry, and stable surface.

#### Assembling the Countertop Blender (52oz Glass Jar):

1. Place the 6-blade assembly onto the bottom of the glass jar and twist clockwise until secure.
2. Add your ingredients to the glass jar. Do not exceed the MAX fill line.
3. Secure the lid onto the glass jar. Ensure the measuring cup insert is in place.
4. Place the assembled glass jar onto the motor base, aligning the arrows on the jar base with the arrows on the

motor base. Twist clockwise until it locks into place. The indicator light on the dial will illuminate when correctly locked.

### **Assembling the Personal Blender (22oz Travel Cup):**

1. Add your ingredients to the 22oz travel cup. Do not exceed the MAX fill line.
2. Place the 4-blade assembly onto the open end of the travel cup and twist clockwise until secure.
3. Invert the travel cup and place it onto the motor base, aligning the arrows on the blade assembly with the arrows on the motor base. Twist clockwise until it locks into place. The indicator light on the dial will illuminate when correctly locked.

## **4. OPERATING INSTRUCTIONS**

Once the blender is properly assembled and locked into place, you can begin blending.

### **Adding Ingredients:**

- For best results, add liquids first, followed by soft ingredients (e.g., yogurt, soft fruits), then harder ingredients (e.g., frozen fruits, ice, nuts).
- Ensure ingredients are cut into small, manageable pieces, especially for tougher items.

### **Using the Speed Control Dial:**

The SHARDOR blender features an intuitive dial with three settings:

- **P (Pulse):** Turn the dial to 'P' and release for short bursts of power. Ideal for crushing ice, chopping tough ingredients, or achieving chunky textures like salsa.
- **1 (Low Speed):** Turn the dial to '1' for continuous low-speed blending. Suitable for soft fruits, vegetables, and mixing sauces.
- **2 (Fast Speed):** Turn the dial to '2' for continuous high-speed blending. Use for harder ingredients, achieving smooth purees, or quickly processing larger quantities.

# INTUITIVE EASY- TO-USE SPEED CONTROL

## “P” PULSE SPEED

FOR ICE AND TOUGHEST  
INGREDIENTS

## “1” LOW SPEED

FOR SOFT FRUITS AND  
VEGETABLE

## “2” FAST SPEED

FOR HARD FOODS,  
SUCH AS GUAVA

## 5. CLEANING AND MAINTENANCE

Proper cleaning and maintenance will ensure the longevity and optimal performance of your blender.

- Always unplug the blender before cleaning.

- **Easy Cleanup:** The blade assemblies are removable for thorough cleaning. Carefully detach the blade from the jar/cup.
- **Dishwasher Safe:** The 52oz glass jar, 22oz travel cup, lids, and blade assemblies are dishwasher safe. Place them on the top rack.
- **Self-Cleaning Function:** For quick cleaning, fill the glass jar halfway with warm water and add a drop of dish soap. Secure the lid and run the blender on the 'P' (Pulse) setting for a few seconds. Rinse thoroughly.
- **Motor Base:** Wipe the motor base with a damp cloth. Do not immerse it in water.

## 6. TROUBLESHOOTING

Problem	Possible Cause	Solution
Blender does not turn on.	Jar/cup not properly locked onto the motor base. Power cord not securely plugged in.	Ensure the jar/cup is twisted clockwise until it clicks and the indicator light illuminates. Check power connection.
Ingredients are not blending smoothly.	Too little liquid. Too many solid ingredients. Ingredients are too large.	Add more liquid. Reduce the amount of solid ingredients. Cut ingredients into smaller pieces. Use the 'P' (Pulse) setting to break up larger chunks.
Burning smell during operation.	Overloading the motor. Prolonged continuous operation.	Stop operation immediately and unplug the blender. Allow the motor to cool down. Reduce ingredient load. If the smell persists, contact customer support.

## 7. SPECIFICATIONS

Feature	Detail
Brand	SHARDOR
Model	SF701
Wattage	1200 watts
Voltage	120 Volts
Number of Speeds	3 (Low, Fast, Pulse)
Capacity (Glass Jar)	1.5 Liters (52 oz)
Capacity (Travel Cup)	22 oz
Material	Stainless Steel (Base), Glass (Jar), BPA Free Plastic (Travel Cup)
Blade Material	Stainless Steel
Dishwasher Safe	Yes (Removable parts)
Product Dimensions	9"D x 5"W x 7"H
Item Weight	7.05 Pounds
