3. SETUP GUIDE

3.1 Physical Placement

Place the projector on a stable, flat surface. For optimal viewing, ensure the projection surface (wall or screen) is clean and smooth. The projector supports adjustable screen sizes from 30 to 200 inches with a projection distance of 2.3 to 16.3 feet.

3.2 Power Connection

Connect the provided power cord to the projector's AC input port and then to a power outlet.

3.3 Focus Adjustment

Adjust the focus by rotating the lens adjustment ring located at the top of the projector until the image appears clear and sharp on the screen.

4. OPERATING INSTRUCTIONS

4.1 Power On/Off

Press the power button on the projector's top panel or the remote control to turn the device on or off.

4.2 Navigation and Menu System

Use the navigation buttons on the top panel or the remote control to browse the intuitive menu system. Options include Photo, Music, Movie, and Settings.

4.3 Input Source Selection

The projector supports multiple input sources:

- **HDMI:** Connect laptops, TV sticks, gaming consoles (PS5/Xbox).
- **USB:** Play media directly from USB drives.
- **AV:** Connect older devices using the AV cable.
- **3.5mm Audio:** For external audio output.

Multiple Devices Compatible

4.5 Optimal Viewing Environment

For the best visual experience, operate the projector in a dimly lit or dark room. This maximizes the clarity and vibrancy of the projected image.

5. MAINTENANCE

5.1 Cooling System

The HISION G01-A features an advanced cooling system designed to ensure long-lasting performance, with an estimated LED lifespan of up to 10 years.

5.2 Lens Care

To maintain optimal image quality, keep the projector lens clean. Use a soft, lint-free cloth specifically designed for optical lenses. Avoid harsh chemicals or abrasive materials. If dust accumulates inside the lens, do not attempt to clean it yourself; contact customer support for assistance.

6. TROUBLESHOOTING

- **No Image/Poor Image Quality:** Ensure the power cord is securely connected and the projector is turned on. Adjust the focus ring for clarity. Verify the input source is correctly selected and the room lighting is adequate (dim or dark is recommended).
- **Bluetooth Pairing Issues:** Ensure your Bluetooth audio device is in pairing mode and within range. Confirm that Bluetooth is enabled in the projector's settings. Remember, the projector's Bluetooth does not support direct phone connections for content mirroring.
- **Overheating:** Ensure the projector's ventilation vents are not obstructed. Operate the projector in a well-ventilated area. If overheating persists, power off the device and allow it to cool before restarting.
- **Dust in Lens:** If you notice dust inside the lens that affects image quality, do not attempt to disassemble the projector. Contact HISION customer support for professional cleaning or service.

7. SPECIFICATIONS

Feature	Detail
Model Number	G01-A
Product Dimensions	3.9 x 5.5 x 7.9 inches
Item Weight	3.39 pounds
Display Resolution	1920 x 1080 (1080P), 4K Compatible
