## SAFETY INFORMATION

---

Adherence to the following safety guidelines is crucial for preventing damage to the product and ensuring user safety:

- **Always cover the conversation sets with the included waterproof cover when not in use.** Failure to do so may result in a dirty surface and water accumulation on cushions.
- During installation, **do not tighten screws immediately.** Ensure all screws are secured to approximately 80% tightness before fully tightening them. This protects the rattan from harm and prevents grinding of screw holes.
- **Use the manual screwdriver provided in the hardware package.** Electric drills are not recommended, or should be used with extreme caution, to avoid damaging the rattan or stripping screw holes.

## SETUP AND ASSEMBLY

Your patio conversation set is delivered in 3 separate boxes, which may arrive at different times. Please ensure all boxes have arrived before beginning assembly.

- **Unpacking:** Carefully unpack all components from the 3 boxes. Verify that all parts listed in the instruction manual are present. The package includes 1 protective cover, 4 single chairs, 2 corner chairs, 1 coffee table with a glass top, 10 seat fix buckles, cushions, and instructions.
- **Assembly Time:** Based on tests, assembly typically takes approximately 60 minutes for two people.
- **Screw Tightening:** When installing, it is crucial not to tighten the screws immediately. First, ensure that all screws are secured to approximately 80% tightness. Once all components are aligned and loosely assembled, then proceed to fully tighten all screws. This method helps protect the rattan and prevents stripping of screw holes.
- **Tools:** Use the manual screwdriver provided in the hardware package. Avoid using an electric drill, or use it with extreme caution, as it may damage the rattan or strip the screw holes.
- **Arrangement:** Utilize the metal frame's bottom secure fixing buckles to connect the modular pieces and ensure a sturdy form. Experiment with different layouts to find the best arrangement for your space.

## OPERATING INSTRUCTIONS

## MAINTENANCE AND CARE

---

Proper care and maintenance will extend the life and appearance of your UDPATIO furniture set.

- **General Protection:** Always cover the conversation sets with the included waterproof cover when not in use. This prevents dirt accumulation and water damage to the cushions and frame.
- **Cushion Cover Cleaning:** To clean the cushion covers, first remove the sponge inserts. Follow the specific care instructions sewn into the fabric of each cover. **Never use solvent-based detergents**, as these can bleach the material and damage the fabric.
- **Frame and Rattan Cleaning:** Wipe the metal frame and PE weaving rattan with clean water. It is not recommended to use strong cleaners or abrasive materials, as they may discolor or damage the surface.
- **Storage:** During off-season or prolonged periods of non-use, store the furniture in a dry, protected area, ideally covered, to prevent exposure to extreme weather conditions.
