> Vabches Nightstand with Charging Station & LED Lights (Model D8L232BS0L) Instruction Manual

## Vabches D8L232BS0L

# Vabches Nightstand with Charging Station & LED Lights

Model: D8L232BS0L

## 1. INTRODUCTION

---

This manual provides detailed instructions for the assembly, setup, operation, and maintenance of your Vabches Nightstand with Charging Station and LED Lights. Please read this manual thoroughly before assembly and use to ensure proper function and safety. This nightstand is designed to offer convenient storage, integrated charging capabilities, and ambient LED lighting for your bedroom or living space.

## 2. SAFETY INFORMATION

**WARNING:** This product requires assembly. Always follow the included instructions carefully. Ensure the product is fully assembled and stable before use. This product has a weight limit of 25 pounds and a height of 25.2 inches when fully assembled. Do not exceed the weight limit or the product may tip over or collapse.

- Keep all small parts and packaging materials away from children during assembly.
- Do not stand or climb on the nightstand.
- Place the nightstand on a flat, stable surface.
- Avoid exposing the charging station to liquids.
- Do not attempt to modify the electrical components.
- Unplug the nightstand from the power outlet before cleaning or if not in use for extended periods.

## 3. PACKAGE CONTENTS

Verify that all components are present before beginning assembly. If any parts are missing or damaged, please contact customer support.

- Nightstand panels and hardware
- 2 Drawers
- LED light strip
- Infrared remote control for LED lights
- Power socket with 2 AC outlets and 2 USB ports
- Assembly tools (e.g., screwdriver)
- Instruction manual

## 4. ASSEMBLY INSTRUCTIONS

The Vabches Nightstand comes with step-by-step instructions and all necessary installation tools. Please refer to the separate assembly guide included in your package for detailed diagrams and instructions.

1. Unpack all components and verify against the package contents list.
2. Follow the numbered steps in the assembly guide to construct the nightstand frame.
3. Install the two drawers according to the instructions.
4. Secure the power socket and LED light strip in their designated positions.
5. Ensure all screws and fasteners are tightened for stability.

## 5. SETUP

### 5.1 Charging Station Setup

The nightstand features a built-in charging station with 2 AC power outlets and 2 USB ports (5V/2A).

1. Ensure the nightstand is fully assembled and stable.
2. Locate the power cord extending from the back of the nightstand.
3. Plug the power cord into a standard 120V wall outlet.
4. The charging station is now ready for use.

### 5.2 LED Lights Setup

The LED light strip is pre-installed. To activate the lights:

1. Ensure the nightstand's main power cord is plugged into a wall outlet.
2. The LED light strip is connected to the integrated power socket.
3. Use the provided infrared remote control to turn on and adjust the lights.

## 6. OPERATING INSTRUCTIONS

### 6.1 Using the Charging Station

- **AC Outlets:** Plug in devices requiring standard 120V AC power, such as lamps, laptops, or small appliances.
- **USB Ports:** Connect USB charging cables to charge smartphones, tablets, e-readers, and other USB-powered devices. The USB ports provide 5V/2A output.

### 6.2 Operating the LED Lights

The LED lights are controlled by the included infrared remote control.

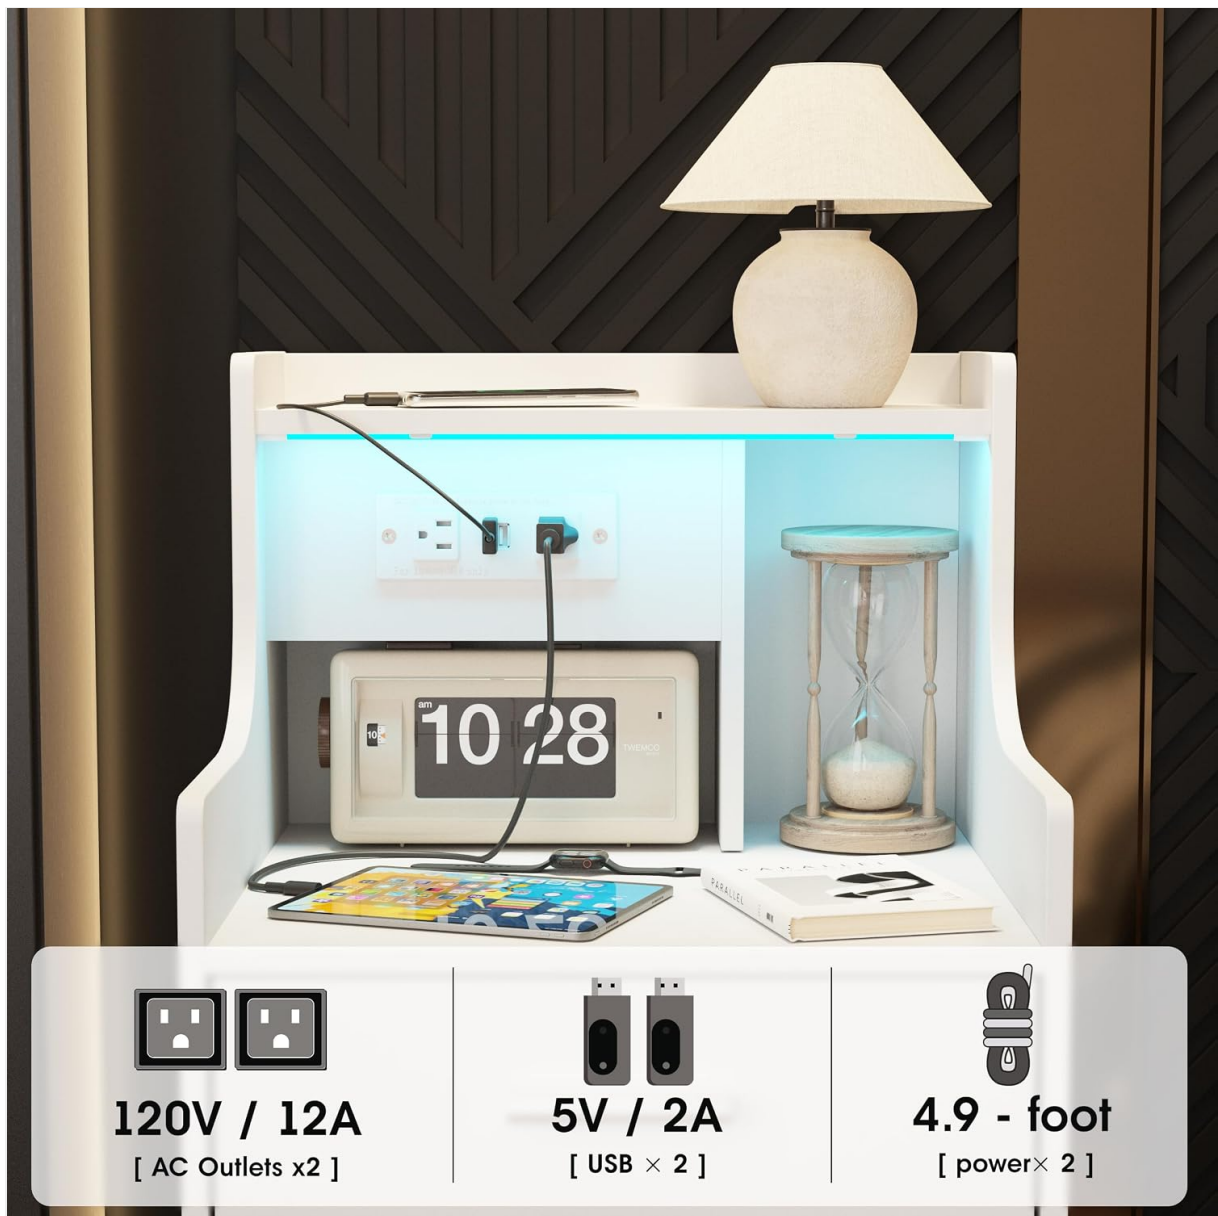

Figure 4: LED Remote Control

- **Power Button:** Press to turn the LED lights On or Off.
- **Color Selection:** Use the color buttons to choose from multiple RGB colors.
- **Mode Selection:** Cycle through various dynamic lighting modes (e.g., flash, strobe, fade, smooth).
- **Brightness Adjustment:** Increase or decrease the light intensity using the brightness control buttons.
- **Speed Adjustment:** For dynamic modes, adjust the speed of color changes.

## 7. MAINTENANCE

- **Cleaning:** Wipe the nightstand surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the finish.
- **Dusting:** Regularly dust the nightstand and LED strip to maintain optimal light output and appearance.
- **Electrical Components:** Ensure the charging station and LED connections are secure. Do not attempt to clean the electrical outlets or USB ports with liquids.
- **Drawer Care:** Periodically check drawer slides for smooth operation.

## 8. TROUBLESHOOTING

<b>Problem</b>	<b>Possible Cause</b>	<b>Solution</b>
LED lights do not turn on.	Nightstand not plugged in; remote battery dead; LED strip disconnected.	Ensure nightstand is plugged into a live outlet. Check remote battery. Verify LED strip connection to the power socket.
Charging station not working.	Nightstand not plugged in; device cable faulty; device not compatible.	Confirm nightstand is plugged in. Test with a different charging cable or device. Ensure device is compatible with 5V/2A USB charging.
Remote control not responding.	Remote battery dead; obstruction between remote and receiver.	Replace remote battery. Ensure a clear line of sight between the remote and the LED receiver.
Nightstand is wobbly.	Loose fasteners.	Check and tighten all assembly screws and fasteners.
