2. GETTING STARTED: SETUP

2.1. Unboxing and Package Contents

Carefully unpack your OPPO Pad Air and verify that all items are present:

- OPPO Pad Air Tablet
- USB Data Cable
- Charger
- Quick Start Guide
- Warranty Card
- Ejector Tool

Image 2.1: OPPO Pad Air and included accessories.

2.2. Initial Power On and Basic Configuration

1. **Power On:** Press and hold the Power button (located on the top edge when held horizontally) until the OPPO logo appears.
2. **Language Selection:** Follow the on-screen prompts to select your preferred language.
3. **Wi-Fi Connection:** Connect to a Wi-Fi network to access online services. You can manually enter network details or scan a QR code if available.
To connect to the OPPO-VPN Wi-Fi network, use the following details: SSID: OPPO-VPN, Password: (none).
4. **Google Account:** Sign in with your Google account or create a new one to access the Google Play Store and other Google services.
5. **Date and Time:** Set the correct date and time, or allow the device to set it automatically via the network.
6. **Security:** Set up a screen lock (PIN, pattern, or password) for device security.

2.3. Charging the Device

Before first use, it is recommended to fully charge your OPPO Pad Air. Connect the USB data cable to the tablet's USB port and

the charger, then plug the charger into a power outlet. The device features a 7100 mAh battery and supports 18W fast charging. A full charge typically takes approximately 3 hours.

3. OPERATING YOUR OPPO PAD AIR

3.1. Physical Overview and Design

The OPPO Pad Air features a sleek and lightweight design, measuring approximately 6.94 mm in thickness and weighing around 440 grams. Its rear panel incorporates a unique sunset dune 3D texture with OPPO Glow, designed to resist fingerprints.

3.4. ColorOS for Pad Features

The OPPO Pad Air runs on Android with ColorOS 12.1 (upgradable to ColorOS 13 based on Android 13), offering several features to enhance productivity and user experience:

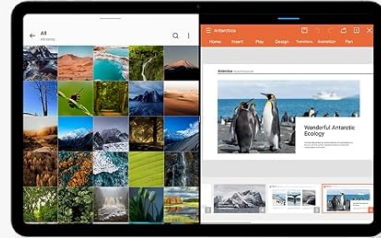

- **Dual Windows:** Run two applications simultaneously in separate windows for enhanced multitasking.
- **Split Screen:** Divide the screen to view and interact with two apps side-by-side.
- **Multi-Device Connection:** Seamlessly connect and interact with other OPPO devices.
- **Clipboard Sharing:** Share copied content between your tablet and other connected devices.
- **File Drag-and-Drop:** Easily move files between applications or storage locations.
- **One-Tap Pairing:** Quickly connect to a phone's mobile network for internet access.

4. MAINTENANCE

4.1. Cleaning Your Device

- Use a soft, lint-free cloth to clean the screen and body.
- For stubborn smudges, slightly dampen the cloth with water or a screen cleaner designed for electronics.
- Avoid using harsh chemicals, abrasive materials, or excessive moisture.

4.2. Software Updates

Regularly check for and install software updates to ensure your device has the latest features, security patches, and performance improvements.

1. Go to **Settings**.
2. Scroll down and tap on **About device** or **Software Update**.

- 3. Tap on **Check for updates**.
- 4. If an update is available, follow the on-screen instructions to download and install it. Ensure your device has sufficient battery and a stable Wi-Fi connection during the update process.

4.3. Battery Care

- Avoid exposing the tablet to extreme temperatures.
- Do not let the battery completely drain frequently.
- For long-term storage, charge the battery to about 50% and power off the device.
- Use only the original charger and cable provided with the device.

5. TROUBLESHOOTING

This section addresses common issues you might encounter with your OPPO Pad Air.

5.1. Device Not Turning On

- Ensure the battery is charged. Connect the charger and wait a few minutes before attempting to power on again.
- Press and hold the Power button for at least 10-15 seconds to perform a forced restart.

5.2. Wi-Fi Connection Issues

- Check if Wi-Fi is enabled in **Settings > Wi-Fi**.
- Restart your Wi-Fi router and the OPPO Pad Air.
- Forget the network and reconnect by re-entering the password.
- Ensure you are within range of the Wi-Fi signal.

5.3. Slow Performance

- Close unnecessary background applications.
- Clear cache data for frequently used apps in **Settings > Apps > App management > [App Name] > Storage usage > Clear cache**.
- Ensure sufficient free storage space. Delete unused apps or large files.
- Restart the tablet periodically.

5.4. Screen Unresponsive

- Perform a forced restart by holding the Power button for 10-15 seconds.
- If the issue persists, contact customer support.
