MERITLINE bunk bed with slide and trundle

MERITLINE House Bunk Beds with Slide for Kids Instruction Manual

Model: bunk bed with slide and trundle

Introduction

This manual provides detailed instructions for the assembly, operation, maintenance, and troubleshooting of your MERITLINE House Bunk Beds with Slide for Kids. Please read this manual thoroughly before assembly and use to ensure safe and proper operation. This twin over twin bunk bed features a unique house-shaped design with a convertible slide and a pull-out trundle bed, crafted from solid pine wood and MDF.

Important Safety Information

For safe use, always follow the assembly instructions provided. Ensure the bed is properly secured to prevent tipping or collapse. Supervise children during use to avoid any potential risks.

- Always use the recommended mattress size and thickness to prevent falls.
- Ensure all connections are tight before and during use. Periodically check and tighten hardware.
- Do not allow children under 6 years of age on the upper bunk.
- Prohibit more than one person on the upper bunk.
- Always use the ladder for entering and exiting the upper bunk.
- Do not attach or hang items on any part of the bunk bed that are not designed for use with the bed; for example, but not limited to, hooks, belts, and jump ropes.
- Keep children away from the slide when not in use or unsupervised.

Setup and Assembly

Assembly of the MERITLINE House Bunk Bed is required. The product comes in two separate packages, which may arrive on different dates. Please ensure you have received both packages before beginning assembly.

Included Components and Tools

Your package includes all necessary tools and a detailed installation manual. Please refer to the provided manual for step-by-step assembly instructions and a complete list of parts.

- House bunk bed frame (components)
- All necessary hardware (screws, bolts, etc.)

- Installation Manual

Assembly Tips

- Follow the instructions in the provided manual carefully.
- It is recommended to assemble the bed with at least two adults.
- Ensure all connections are securely tightened. Periodically check and re-tighten hardware to maintain stability.
- For enhanced stability, especially if the bed feels wobbly, consider securing the bed to a wall using appropriate wall anchors (not included).

Operation and Usage

The MERITLINE House Bunk Bed is designed for children, offering a fun and functional sleeping solution.

Bunk Bed Features

- **Twin Over Twin Design:** Accommodates two twin-sized mattresses.
- **House-Shaped Framework:** Features a pitched roof and wall section with a window, creating a playhouse environment.
- **Convertible Slide:** The smooth slide can be interchanged to be positioned on either the left or right side of the bed, depending on your room layout and preference.
- **Pull-Out Trundle Bed:** A built-in trundle bed slides out from underneath the lower bunk, providing an additional sleeping space for guests or sleepovers.
- **Integrated Ladder:** A side ladder provides safe and easy access to the upper bunk.
- **Safety Guard Rails:** The upper bed is equipped with protective guard rails on all four sides to prevent accidental falls.

Mattress Requirements

- **Upper Bed Mattress Thickness:** Maximum 6 inches.
- **Lower Bed Mattress Thickness:** Recommended 8-10 inches.
- **Trundle Bed Mattress Thickness:** Maximum 6 inches.
- *Note: Mattresses are not included with the bed frame.*

Maintenance

Proper maintenance will extend the life and appearance of your bunk bed.

- **Cleaning:** Wipe down the bed frame with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that could damage

the finish.

- **Hardware Check:** Periodically inspect all bolts, screws, and connections to ensure they are tight. Re-tighten as necessary to maintain structural integrity.
- **Wood Care:** Protect the wood from extreme temperature changes and direct sunlight, which can cause warping or fading.
- **Slide Maintenance:** Keep the slide surface clean and free of debris to ensure smooth operation.

Troubleshooting

If you encounter any issues with your bunk bed, please refer to the following common problems and solutions.

Problem	Possible Cause	Solution
Bed feels wobbly or unstable.	Loose hardware; uneven floor; insufficient support.	Ensure all bolts and screws are fully tightened. Check if the bed is on a level surface. Consider securing the bed to a wall using appropriate wall anchors for added stability (professional installation recommended). Verify all support slats are correctly installed and intact.
Parts arrived cracked or damaged.	Shipping damage; manufacturing defect.	Inspect all parts upon arrival. Contact MERITLINE customer support immediately with details and photos of the damaged parts for replacement.
Missing hardware or components.	Packaging error.	Double-check all packaging materials. Refer to the parts list in the installation manual. Contact MERITLINE customer support to request missing parts.

Specifications
