

## HULALA HOME Charles

# HULALA HOME Charles Swivel Rocker Recliner Instruction Manual

Model: Charles

## 1. SAFETY INFORMATION

---

Please read and understand all instructions before assembling and using this product. Keep this manual for future reference.

- **Weight Capacity:** This chair has a maximum weight capacity of 250 lbs (113 kg). Do not exceed this limit.
- **Intended Use:** This recliner is designed for indoor use only. Do not use outdoors.
- **Children and Pets:** Keep children and pets away from the recliner's moving parts, especially during operation, to prevent injury.
- **Stable Surface:** Always place the recliner on a flat, stable surface to prevent tipping.
- **Clearance:** Ensure adequate clearance around the recliner when reclining to avoid obstructions or damage.
- **Footrest Operation:** Exercise caution when extending or retracting the footrest. Ensure no body parts or objects are in the path of the mechanism.

## 2. PRODUCT OVERVIEW

---

The HULALA HOME Charles Swivel Rocker Recliner offers versatile comfort with its manual reclining, 360-degree swivel, and gentle rocking features. It is designed with a sturdy construction and upholstered in durable fabric for lasting use.

## Expected Components:

- Chair Base (with swivel and rocking mechanism)
- Backrest
- Armrests (pre-attached to base)
- Legs (typically pre-attached or easily screw-in)
- User Manual (this document)

## 4. ASSEMBLY INSTRUCTIONS

Assembly is straightforward and typically takes 15-20 minutes with one person. No special tools are required.

### Step-by-Step Assembly:

1. **Unpack Components:** Carefully remove all parts from the packaging. Place them on a soft, clean surface to prevent damage.
2. **Attach Backrest:** Align the male and female metal brackets on the backrest with those on the chair

base. Ensure both sides are aligned simultaneously.

3. **Secure Backrest:** Gently push the backrest down firmly until it clicks securely into place. Verify that it is fully seated and stable.
4. **Attach Legs (if separate):** If your model has separate legs, screw them firmly into the designated holes on the bottom of the chair base.
5. **Final Check:** Once assembled, gently rock and swivel the chair to ensure all parts are correctly installed and functioning smoothly.

Video: Demonstrates the process of attaching the backrest to the chair base.

## 5. OPERATING INSTRUCTIONS

---

Your HULALA HOME Charles Swivel Rocker Recliner offers multiple ways to relax.

### Reclining Function:

---

- To recline, locate the lever on the side of the chair (typically on the right side when seated).
- Pull the lever to release the footrest and allow the backrest to recline.
- Lean back to achieve your desired recline angle (105° for a relaxed upright position, or 130° for a deeper recline).
- To return to the upright position, push down on the footrest with your legs while simultaneously leaning forward. The footrest will lock back into place.

### Swivel Function:

---

The chair base allows for a full 360-degree rotation. Simply turn the chair in your desired direction while seated.

### Rocking Function:

---

The chair provides a gentle rocking motion. To engage, simply lean back and forth while seated in the upright position.

## 6. MAINTENANCE

Proper care will extend the life and appearance of your recliner.

### Fabric Care (Polyester):

- **Regular Cleaning:** Vacuum regularly using an upholstery attachment to remove dust and loose debris.
- **Spot Cleaning:** For spills, blot immediately with a clean, dry cloth. For stubborn stains, use a mild fabric cleaner designed for polyester, testing on an inconspicuous area first. Follow the cleaner's instructions carefully.
- **Avoid Harsh Chemicals:** Do not use harsh detergents, bleach, or abrasive cleaners, as these can damage the fabric.

## General Care:

- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fabric fading.
- **Protect from Heat:** Keep the recliner away from direct heat sources like radiators or fireplaces.
- **Check Connections:** Periodically check all screws and connections to ensure they are tight. Retighten as necessary.

## 7. TROUBLESHOOTING

If you encounter any issues with your recliner, refer to the following common solutions:

Problem	Possible Cause	Solution
Footrest difficult to close	Mechanism stiffness or obstruction.	Ensure you are applying firm, consistent pressure with your legs while leaning forward. Check for any obstructions under the footrest. The mechanism may loosen with regular use.
Chair feels unstable or wobbly	Loose connections or uneven surface.	Check and tighten all assembly screws. Ensure the chair is on a flat, level surface.
Reclining mechanism not engaging smoothly	Lever not fully pulled or mechanism obstruction.	Ensure the reclining lever is pulled completely. Check for any objects obstructing the mechanism under the chair.

If the problem persists after attempting these solutions, please contact customer support.
