## SAFETY INFORMATION

---

- Ensure the desk is properly assembled according to the instructions to support the maximum weight capacity of 176 pounds (80 kg).
- Do not touch the moving parts of the desk while it is in motion to prevent injury.
- Adjust the desk height to a comfortable level for good posture and health.
- Keep children and pets away from the desk during operation.
- Do not overload the desk beyond its specified weight capacity.
- Ensure all cables are properly managed to avoid entanglement or damage during height adjustments.

## SETUP AND ASSEMBLY

---

The CubiCubi Electric Standing Desk is designed for easy assembly. All necessary tools and detailed instructions are included. Please follow the steps below carefully.

## Assembly Video Guide

Video: Detailed assembly instructions for the CubiCubi Electric Standing Desk. This video guides you through each step of putting the desk together, from unboxing to final setup.

## Key Assembly Steps

1. **Unpack Components:** Carefully remove all parts from the packaging. Verify that all components listed in the included parts list are present.
2. **Assemble the Frame:** Attach the crossbar to the desk legs. Ensure the motor faces upwards and the larger holes on the crossbar face the end of the pillars. Do not fully tighten screws until all components are aligned.
3. **Attach Feet:** Secure the feet to the bottom of the desk legs.
4. **Connect Desktop Panels:** Use the provided wooden dowels and metal plates to join the two desktop panels securely.
5. **Mount Desktop to Frame:** Carefully place the assembled desktop onto the frame and secure it with screws.
6. **Install Control Panel and Cable Management:** Attach the control panel to the underside of the desk. Connect the motor and power cables. Use the provided cable management clips and tray to organize wires neatly.

# Desk Dimensions

Image: Desk Dimensions. The desktop measures 48 inches in width and 24 inches in depth. The height is adjustable from 28.3 inches to 45 inches.

## OPERATING INSTRUCTIONS

Your CubiCubi Electric Standing Desk features an intuitive control panel for easy height adjustment and memory presets.

### Height Adjustment

- Use the **Up** (▲) and **Down** (▼) buttons on the control panel to adjust the desk height.

- The desk can be adjusted from a minimum height of 27.4 inches (69.6 cm) to a maximum height of 45.5 inches (115.6 cm).

## **Memory Presets**

The desk features 3 programmable memory preset buttons (1, 2, 3) to save your preferred sitting and standing heights.

1. Adjust the desk to your desired height using the Up/Down buttons.
2. Press and hold one of the memory buttons (e.g., '1') for 3 seconds until the green light flashes. This saves the current height to that preset.
3. To recall a saved height, simply press the corresponding memory button. The desk will automatically move to the saved position.

# Standing Schedule

set a reminder to stand more often

Image: Control panel details, highlighting the Up/Down buttons for momentary control, automatic anti-collision technology, and two height memory preset buttons. Reset instructions are also visible.

## Anti-Collision Feature

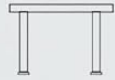

The electric lift system includes anti-collision technology. If the desk encounters an obstacle during lifting or lowering, it will automatically stop and move slightly in the opposite direction to prevent damage.

# Ultra Quiet Design

50dB

60dB

80dB

Our Product

Normal Voice

Engine Sound

## MAINTENANCE

---

To ensure the longevity and optimal performance of your CubiCubi Electric Standing Desk, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the desktop and frame with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that could damage the finish.
- **Regular Checks:** Periodically check all screws and connections to ensure they are tight. Retighten if

necessary.

- **Cable Management:** Ensure cables remain organized and are not pinched or stretched during height adjustments.
- **Weight Distribution:** Distribute weight evenly across the desktop to prevent strain on the lifting mechanism.

## TROUBLESHOOTING

---

If you encounter any issues with your CubiCubi Electric Standing Desk, please refer to the solutions below. For further assistance, contact customer service.

### Common Issues and Solutions

- **Desk Does Not Lift or Lower:**  
**Solution:** Perform a reset of the desk control panel. Press and hold both the 'Up' (▲) and 'Down' (▼) buttons simultaneously for 5 seconds until the green light flashes and the desk resets.
- **Desktop Is Tilted:**  
**Solution:** Confirm both desk legs are at the same height. If not, manually press the adjustable leg down until it reaches the lowest position, then perform a reset. Verify the desktop is level after reassembling.

### Troubleshooting Video Guide

Video: FAQ - Reset, Memory Height Settings, Adjust Desk Legs. This video provides visual guidance on how to perform a reset, set memory heights, and adjust desk legs to resolve common issues.
