Lacoste Men's AG-LT21 Ultra Textile Tennis Shoes User Manual

Model: LPM060080

INTRODUCTION

This manual provides essential information for the proper use, care, and maintenance of your Lacoste Men's AG-LT21 Ultra Textile Tennis Shoes. Designed for performance, these shoes offer a blend of lightweight comfort and durability for on-court movement.

Key features include:

- **Helix-weave textile and synthetic mesh uppers:** Super-lightweight and breathable.
- **Lightweight Pebax structure and lace cage system:** High energy return for on-court movement.
- **Textile and synthetic linings:** Maximise airflow for comfort.
- **Goodyear rubber outsole:** Durable, dynamic, aids speed and agility.
- **Stylish crocodile quarter branding:** A signature finish.

SETUP AND FIRST USE

Your Lacoste AG-LT21 Ultra Tennis Shoes are ready for use right out of the box. Follow these steps for optimal initial experience:

1. **Unboxing:** Carefully remove the shoes from their packaging. Inspect them for any visible defects or damage.
2. **Initial Fit:** Try on both shoes with the type of socks you typically wear for tennis or athletic activities. Ensure a snug, comfortable fit without excessive pressure points. The lacing system allows for adjustable tightness.
3. **Break-in Period:** While designed for immediate comfort, a short break-in period during light activities is recommended before intense use to allow the shoes to conform to your foot shape.

OPERATING AND USAGE GUIDELINES

These shoes are specifically designed for tennis and athletic performance. Adhering to these guidelines will help maximize their lifespan and performance:

- **Intended Use:** Primarily for tennis on various court surfaces. They can also be used for general athletic training or casual wear.
- **Lacing:** Ensure laces are tied securely to provide adequate foot support and prevent slippage during dynamic movements. Avoid overtightening, which can cause discomfort.
- **Surface Compatibility:** The Goodyear rubber outsole is engineered for optimal grip and durability on tennis courts. While suitable for other surfaces, prolonged use on abrasive surfaces like concrete or asphalt may accelerate wear.
- **Rotation:** If you play frequently, consider rotating between two pairs of shoes. This allows each pair to fully dry out and recover, extending their overall lifespan.

MAINTENANCE AND CARE

Proper maintenance will help preserve the appearance and performance of your Lacoste tennis shoes:

- **Cleaning:**
 - For surface dirt, gently wipe with a soft, damp cloth.
 - For tougher stains, use a mild soap solution and a soft brush. Avoid harsh chemicals or abrasive cleaners.
 - Do not machine wash or tumble dry, as this can damage the materials and construction.
- **Drying:**
 - Allow shoes to air dry naturally at room temperature.
 - Avoid direct sunlight or artificial heat sources (e.g., radiators, hair dryers), which can cause materials to crack or warp.
 - Stuffing shoes with newspaper can help absorb moisture and maintain shape during drying.
- **Storage:** Store shoes in a cool, dry, well-ventilated area away from direct sunlight and extreme temperatures.
- **Odor Control:** If odors develop, remove insoles and air them out. Shoe deodorizers or baking soda can also be used.

TROUBLESHOOTING

Here are some common issues and their potential solutions:

Issue	Possible Cause	Solution
Discomfort/Rubbing	Incorrect size, improper lacing, new shoe break-in.	Ensure correct size. Adjust lacing. Allow for break-in period. Wear appropriate socks.
Squeaking Noise	Moisture inside shoe, loose insole, outsole material.	Ensure shoes are dry. Re-seat or replace insoles. Squeaking may reduce with wear.
Excessive Wear on Outsole	Frequent use on abrasive surfaces, dragging feet.	Limit use on harsh surfaces. Adjust footwork if dragging occurs. Consider shoe rotation.
Odor	Moisture and bacteria buildup.	Air out shoes after each use. Use shoe deodorizers. Ensure shoes dry completely.

SPECIFICATIONS

Detailed specifications for the Lacoste Men's AG-LT21 Ultra Textile Tennis Shoes (Model: LPM060080):

Feature	Detail
Brand	Lacoste
Model Number	LPM060080
Date First Available	3 November 2022
