

Imetec 16936

Imetec Adapto Elegance Heated Throw

Model: 16936

Brand: Imetec

PRODUCT OVERVIEW

Indulge in the comfort of the Adapto Elegance heated throw wherever and whenever you desire. Perfect for relaxing moments on the sofa, in bed, or even outdoors. It is ideal for staying warm, even while working remotely, with very low energy consumption. Simply turn it on, set it, and the throw adapts to your body temperature and the environment, always providing optimal warmth. The fabric is soft and silky double-sided velvet with an elegant design, suitable for any setting. Dimensions: 180 x 140 cm.

Key Features:

- **Patented Adapto Technology:** Ensures excellent performance in terms of rapid heating, personalized comfort, and overall user experience.
- **Electro Block Safety System:** Features advanced electronic control and a self-diagnosis function that activates every time the device is powered on, ensuring safe operation.
- **Fast Heating:** Quickly reaches desired temperature settings.
- **6 Temperature Settings:** Offers a range of heat levels to suit individual preferences.
- **Automatic Shut-off Timer:** Programmable to turn off after 1, 3, or 9 hours for convenience and safety.
- **Digital LED Control:** Features automatic LED light intensity adjustment for ease of use in various lighting conditions, contributing to low energy consumption.
- **Removable Control:** Allows for easy detachment of the control unit, making the product washable.
- **Washable:** Can be washed by hand or machine at 30 °C for easy maintenance.

SETUP AND OPERATING INSTRUCTIONS

Follow these steps for safe and effective use of your heated throw:

1. **Connect the Control:** Plug the removable control unit securely into the heated throw. Ensure the connection is firm before proceeding.
2. **Select Temperature:** Choose one of the 6 available temperature settings using the digital control. Start with a lower setting and adjust as needed for your comfort.
3. **Set Timer (Optional):** If desired, set the automatic shut-off timer for 1, 3, or 9 hours. This feature enhances safety and energy efficiency.
4. **Positioning:** Spread the throw evenly on your desired surface (sofa, bed, etc.) without folding or rolling it. Ensure there are no kinks or creases that could concentrate heat.

MAINTENANCE

Proper maintenance ensures the longevity and performance of your heated throw:

- **Washing:** Before washing, always remove the control unit from the throw. The throw can be washed by hand or in a washing machine at a maximum temperature of 30 °C.
- **Drying:** Allow the throw to air dry completely before reattaching the control unit and using it again. Do not tumble dry.
- **Storage:** When not in use, store the throw in a cool, dry place. Ensure it is completely dry before storing.

Figure 5: The heated throw is machine washable, as demonstrated by a user preparing laundry.

SAFETY WARNINGS

Caution: Adhere strictly to all instructions for use to prevent hazards.

- **Do Not Fold or Roll:** Never fold or roll the heated throw while it is operating. This can cause heat to concentrate and lead to overheating.
- **Do Not Use When Wet:** The throw must be completely dry before use. Do not operate if it is wet or damp.
- **User Suitability:** This product is not suitable for young children, individuals who are insensitive to heat, or animals. Ensure that all users are capable of understanding and responding to heat sensations.
- **Medical Conditions:** If you are pregnant or have any particular medical conditions, consult a doctor before using this product.
