## Prolux B0BLGBT866

# Prolux Cosmetics Cheek & Lip Tint User Manual (Apricot)

Model: B0BLGBT866

---

## PRODUCT OVERVIEW

---

The Prolux Cosmetics Cheek & Lip Tint is a versatile, dual-function makeup product designed to provide pigmentation for both lips and cheeks. This creamy formula delivers a natural finish with blendable and long-lasting color. It is available in four shades, including Apricot, allowing for buildable coverage from sheer to bold.

Prolux™

MULTI-USE  
CREAMY TINT

CHEEKS  
LIPS

Net Wt: 10ml

## SAFETY INFORMATION

---

No specific safety warnings are applicable for this product. Always perform a patch test before full application if you have sensitive skin or known allergies to cosmetic ingredients.

## APPLICATION INSTRUCTIONS

---

This multi-purpose cream can be applied to both cheeks and lips to achieve your desired look. The formula is designed for easy blending and buildable coverage.

1. **For Cheeks:** Swipe the tint along your cheekbones. Blend gently using your fingertips, a makeup brush, or a sponge until the desired flush is achieved.
2. **For Lips:** Dab the tint onto your lips for a simple, natural color. You can build up the intensity by applying additional layers.

The tint's creamy consistency allows for smooth application and blending without disturbing underlying foundation.

### MAINTENANCE AND STORAGE

---

To ensure the longevity and hygiene of your Prolux Cheek & Lip Tint, follow these guidelines:

- Store in a cool, dry place away from direct sunlight and extreme temperatures.
- Keep the cap tightly closed when not in use to prevent drying and contamination.
- Avoid sharing personal cosmetic products to maintain hygiene.
- If applying with fingers, ensure hands are clean to prevent transferring oils or bacteria to the product.

### TROUBLESHOOTING

---

If you encounter any issues with your Prolux Cheek & Lip Tint, consider the following:

- **Uneven Application:** Ensure your skin is moisturized before application. Use a clean brush or sponge for smoother blending.
- **Color Intensity:** For a sheer look, apply a small amount and blend quickly. For bolder color, apply multiple thin layers, allowing each to set slightly before adding more.
- **Product Drying Out:** Ensure the cap is securely fastened after each use. If the product appears dry,

a small amount of facial oil or primer can sometimes help revive it, but this is not guaranteed.

- **Skin Irritation:** Discontinue use immediately if irritation occurs. Consult a healthcare professional if symptoms persist.
