

ASUS XD5

ASUS ZenWiFi AX Mini (XD5) AX3000 Mesh WiFi System User Manual

Model: XD5 (W-3-PK)

INTRODUCTION

The ASUS ZenWiFi AX Mini (XD5) is a dual-band whole home mesh WiFi system designed to provide fast, reliable, and secure wireless connectivity throughout your home. This system utilizes WiFi 6 (802.11ax) technology to deliver total wireless speeds of up to 3000Mbps, effectively eliminating WiFi dead zones across areas up to 5000 sq ft and 5+ rooms. It includes advanced features such as AiMesh for flexible network expansion, lifetime free cloud-based security powered by Trend Micro, and comprehensive parental controls.

This manual provides detailed instructions for setting up, operating, maintaining, and troubleshooting your ZenWiFi AX Mini (XD5) system.

Image: Three white ASUS ZenWiFi AX Mini (XD5) mesh WiFi units, showcasing the compact design of the system.

WHAT'S IN THE BOX

Before you begin, please ensure all items are present in your package:

- ZenWiFi XD5 Mesh Router (3 units)
- RJ-45 Cable
- Power Adapter (3 units)
- Quick Start Guide
- Warranty Card

PRODUCT OVERVIEW

Each ZenWiFi AX Mini (XD5) unit features essential ports for connectivity and an LED indicator for status updates.

Ports

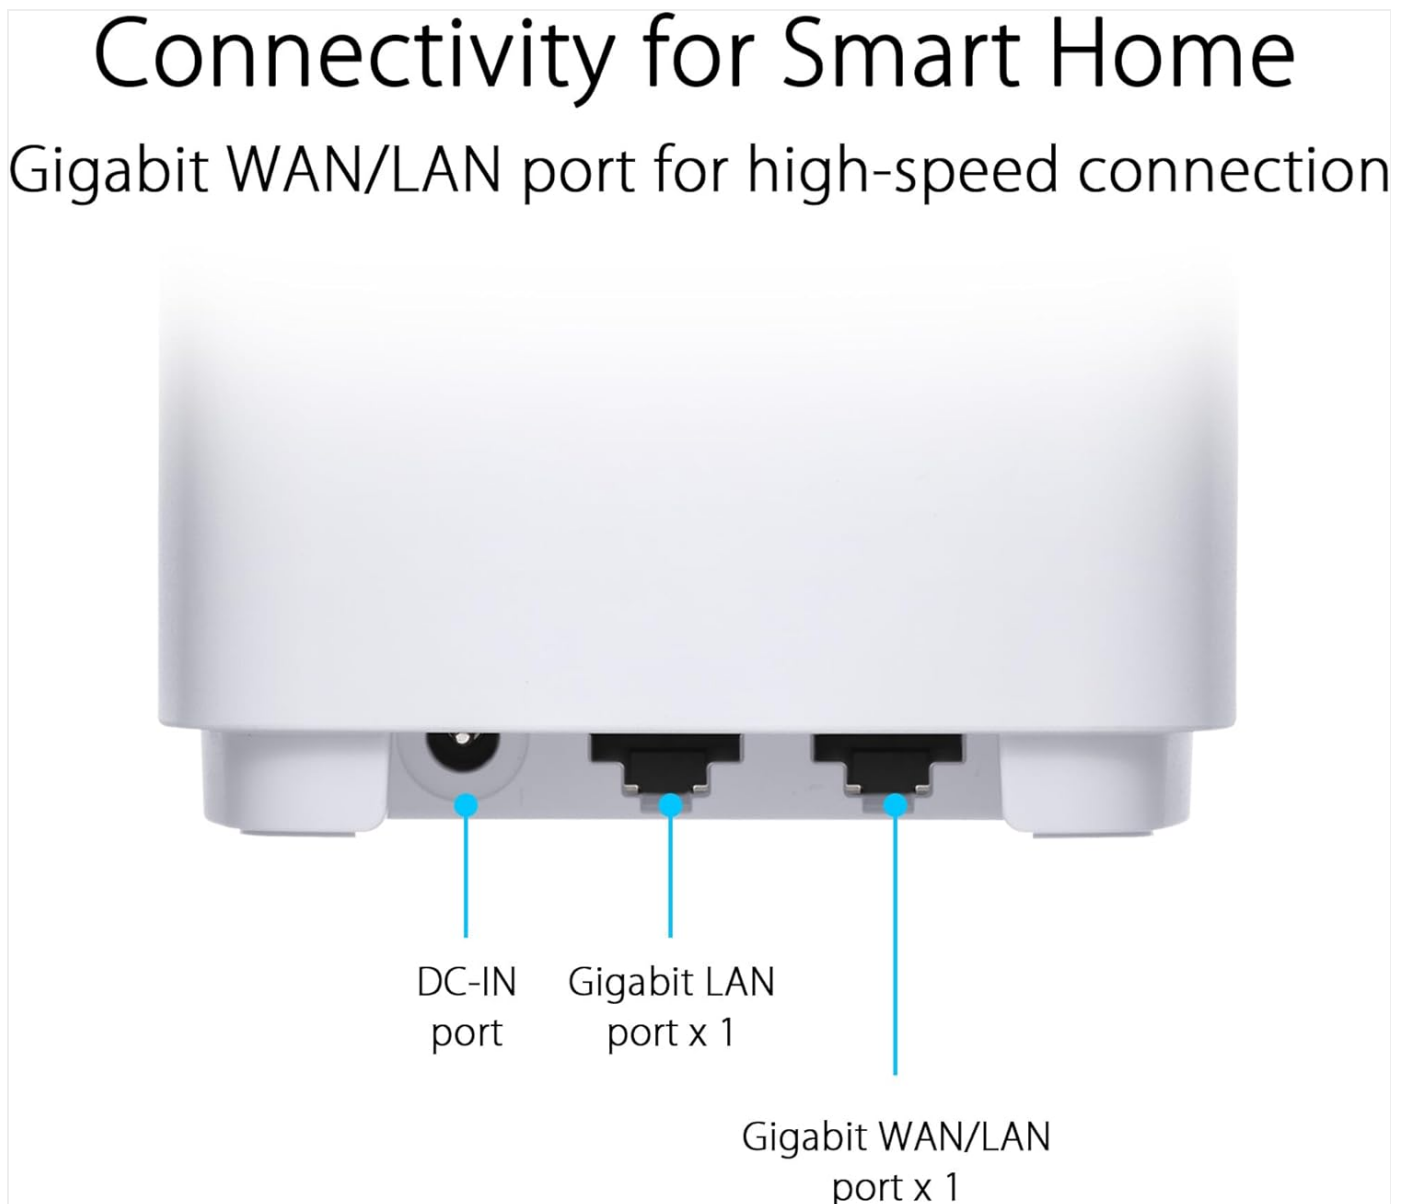

Image: Rear view of a single ASUS ZenWiFi XD5 unit, highlighting the DC-IN port, one Gigabit LAN port, and one Gigabit WAN/LAN port.

- **DC-IN Port:** Connects to the power adapter.
- **Gigabit LAN Port (x1):** For connecting wired devices to your network.
- **Gigabit WAN/LAN Port (x1):** Functions as either a WAN port for connecting to your modem/internet or an additional LAN port for wired devices.

LED Indicator

The LED indicator on the front of each ZenWiFi unit provides visual feedback on its status. Refer to the Quick Start Guide for a detailed explanation of LED colors and their meanings (e.g., solid blue for good connection, solid white for ready for setup, solid red for no internet connection).

SETUP INSTRUCTIONS

Setting up your ASUS ZenWiFi AX Mini (XD5) system is a straightforward 3-step process, primarily managed through the ASUS Router App.

1. Unpack and Place Units:

Place your ZenWiFi units in strategic locations throughout your home to ensure optimal coverage. For a 3-pack system, typically one unit acts as the main router connected to your modem, and the other two act as satellite nodes.

2. Connect and Power On:

- Connect one ZenWiFi unit to your modem using the provided RJ-45 cable. Use the WAN/LAN port on the ZenWiFi unit.
- Connect the power adapter to each ZenWiFi unit and plug them into a power outlet.
- Wait for the units to power on and the LED indicators to show a stable status (e.g., solid white or blue, indicating readiness for setup or a good connection).

3. App-Guided Setup:

Download the ASUS Router App from your mobile device's app store. Follow the on-screen instructions within the app to configure your mesh network. The app will guide you through connecting the nodes, setting up your WiFi name (SSID) and password, and applying initial settings.

Easy Setup via ASUS Router App

3-step setup and hassle-free management

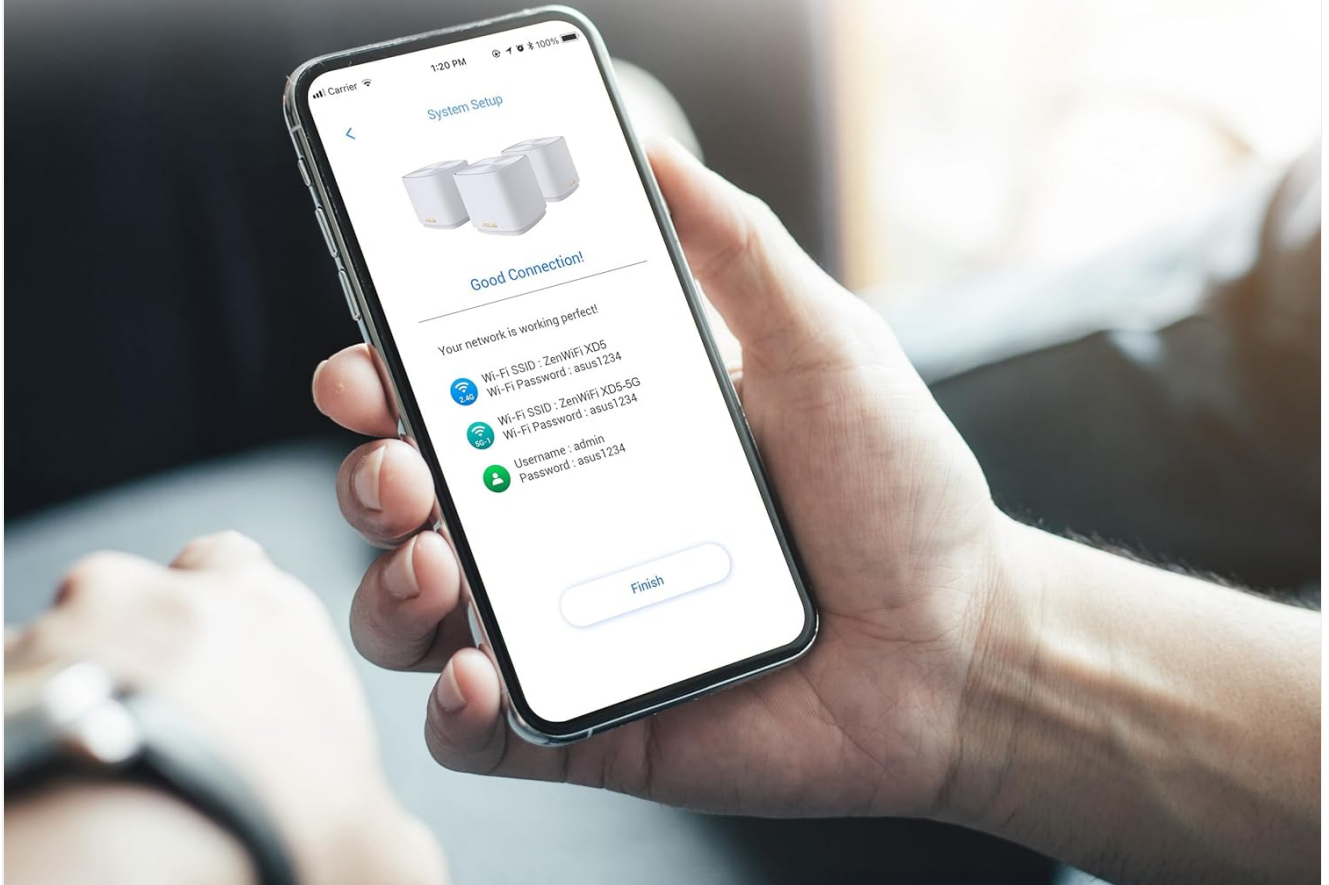

Image: A smartphone screen displaying the ASUS Router App, showing a "Good Connection!" message and network details after successful setup.

OPERATING INSTRUCTIONS

Once your ZenWiFi system is set up, you can manage and optimize your network using the ASUS Router App or the web interface.

Whole-Home WiFi Coverage

The ZenWiFi AX Mini system is designed to provide seamless WiFi coverage across large areas. The AiMesh technology ensures that all units work together to create a single, unified network, allowing your devices to automatically connect to the strongest signal as you move around your home.

Whole-Home WiFi Coverage

Channels

Up to

5000

sq. ft.

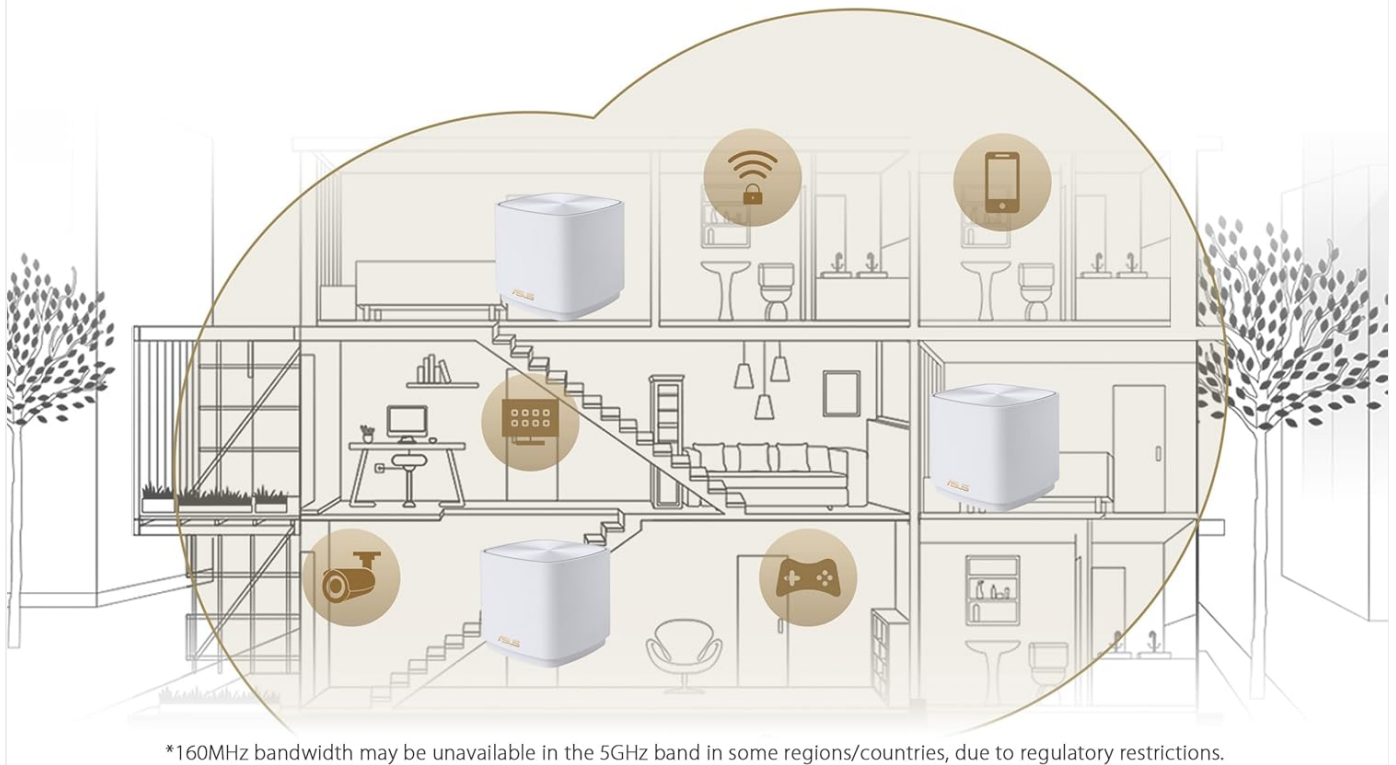

Image: A diagram showing a multi-story house with three ZenWiFi units strategically placed to provide WiFi coverage up to 3000 Mbps and 5000 sq ft, supporting 160 MHz channels.

Network Security (AiProtection Pro)

Your ZenWiFi system includes lifetime free AiProtection Pro, powered by Trend Micro. This feature provides commercial-grade network security, protecting all connected devices from online threats, malware, and intrusions without requiring subscriptions.

Subscription-Free Network Security

Commercial-grade AiProtection Pro, Safe Browsing, and one-click VPN for public WiFi

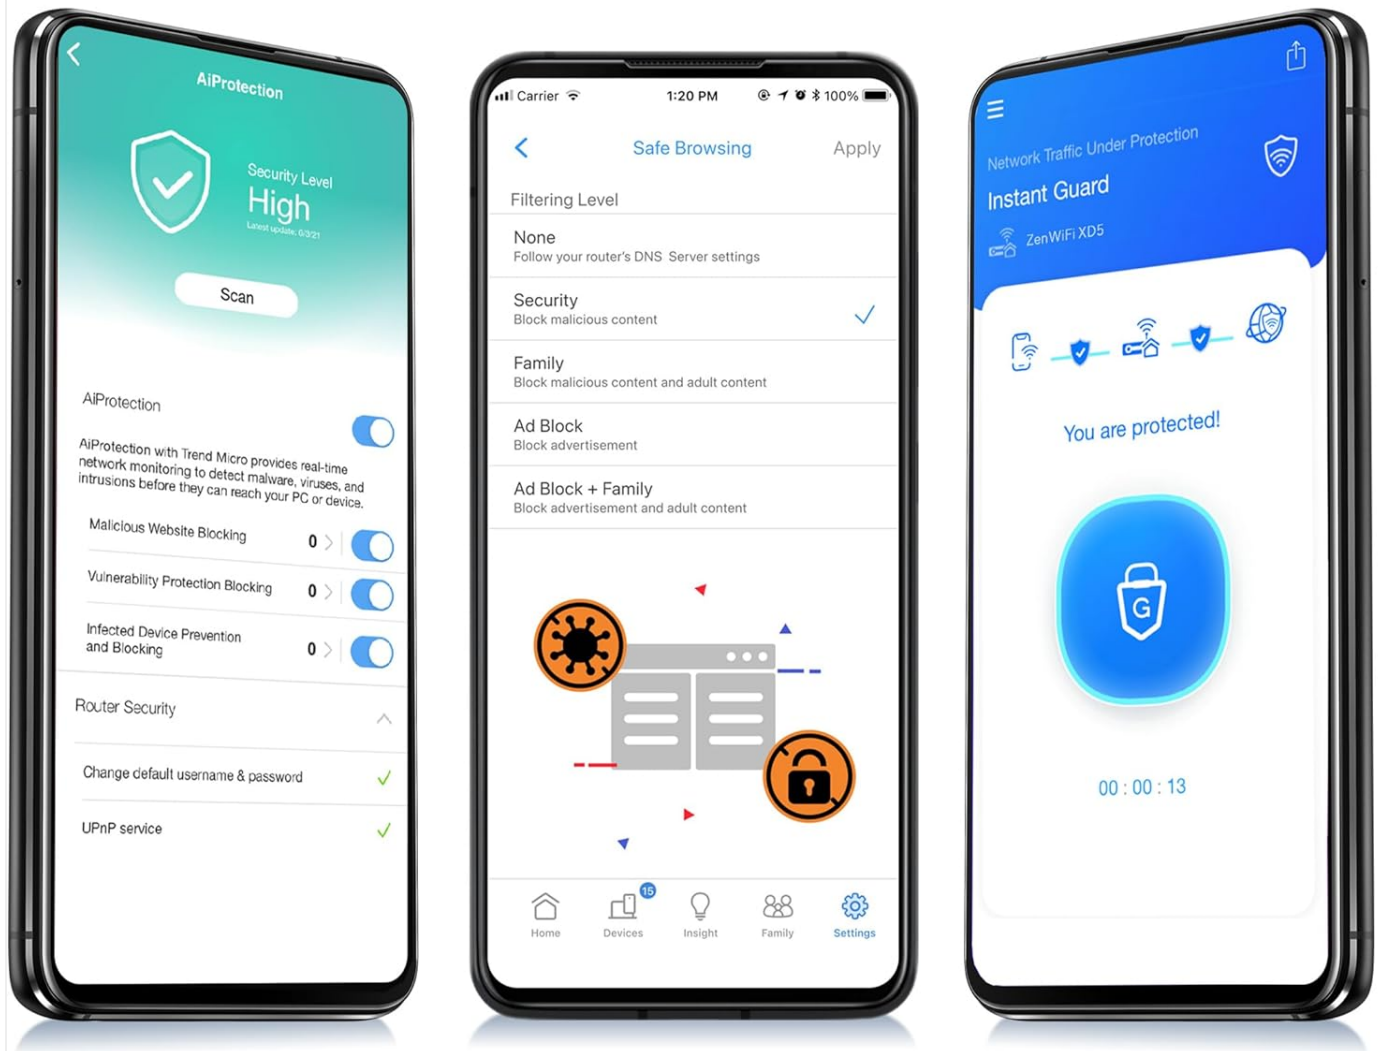

Image: Three smartphone screens displaying the ASUS Router App's security features, including AiProtection Pro with security level high, Safe Browsing options, and Network Traffic Under Protection status.

Parental Controls

Manage and monitor internet usage for family members with advanced parental controls. You can filter URLs, block inappropriate content, and schedule internet access times for specific devices or users.

Advanced Parental Controls

Hassle-free protection for kid's online activity

Image: A smartphone screen displaying the ASUS Router App's Advanced Parental Controls interface, showing options for device management, time scheduling, content blocking, and usage statistics for a user profile named "Benny".

VPN Features

The ZenWiFi AX Mini supports various VPN protocols, including WireGuard and OpenVPN, allowing you to create secure connections for remote access or enhanced privacy.

Comprehensive VPN Features

Support WireGuard®, OpenVPN and more protocols

Image: A smartphone screen displaying the ASUS Router App's VPN Server settings, showing options for PPTP, OpenVPN, IPSec VPN, and WireGuard VPN protocols.

Flexible Network Naming

You can configure separate names (SSIDs) for each frequency band (2.4GHz and 5GHz) or use a single SSID for both, allowing the system to intelligently steer devices to the optimal band.

Flexible Network Naming

Separate names for each frequency band

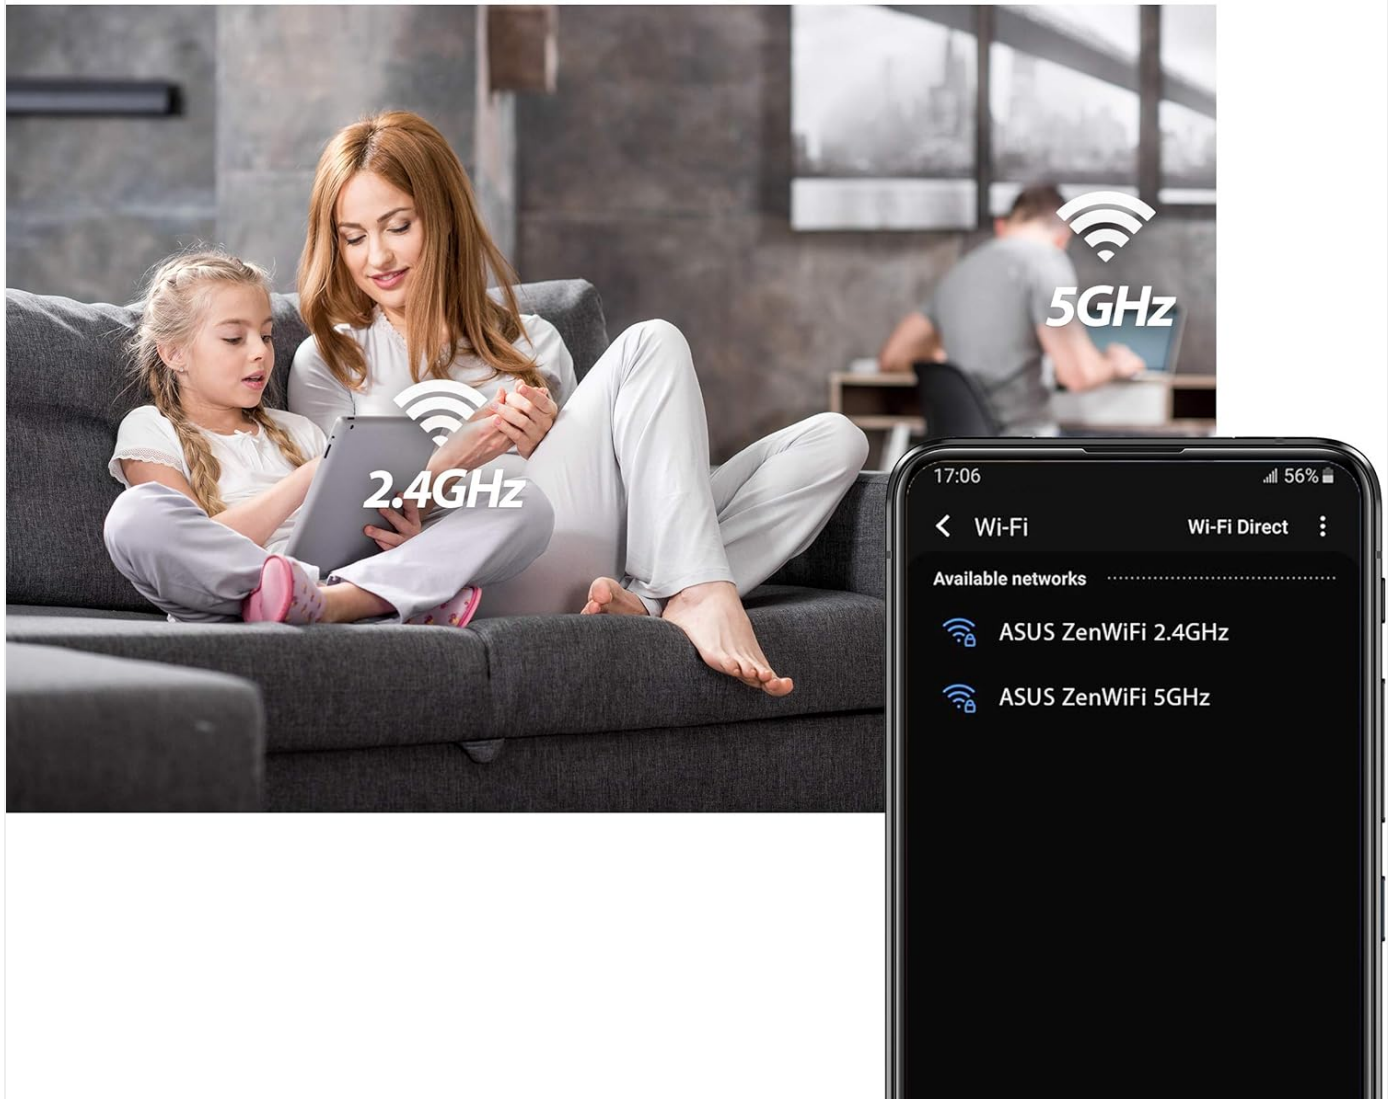

Image: A visual representation of 2.4GHz and 5GHz WiFi bands covering a living space, alongside a smartphone screen showing available networks with separate SSIDs for ASUS ZenWiFi 2.4GHz and ASUS ZenWiFi 5GHz.

MAINTENANCE

Regular maintenance ensures optimal performance and longevity of your ZenWiFi system.

- **Firmware Updates:** Regularly check for and install firmware updates via the ASUS Router App or web interface. Updates often include performance improvements, security patches, and new features.
- **Physical Cleaning:** Keep the units clean and free from dust. Use a soft, dry cloth to wipe the exterior. Ensure ventilation openings are not obstructed.
- **Optimal Placement:** Ensure units are placed in open areas, away from obstructions, large metal objects, and other electronic devices that may cause interference.
- **Restart Periodically:** A periodic restart (e.g., once a month) of your modem and ZenWiFi units can help refresh network connections and resolve minor performance issues.

TROUBLESHOOTING

This section addresses common issues you might encounter with your ZenWiFi AX Mini system.

• **No Internet Connection (Red LED):**

If the LED indicator is red, it typically means there is no internet connection.

- Check the connection between your main ZenWiFi unit and your modem. Ensure the RJ-45 cable is securely plugged into the WAN/LAN port of the ZenWiFi unit and the appropriate port on your modem.
- Restart your modem first, wait for it to fully boot up, then restart your main ZenWiFi unit. This can often resolve connectivity issues with your Internet Service Provider (ISP).
- Verify your ISP connection is active by connecting a computer directly to the modem (if possible).

• **Weak WiFi Signal or Dead Zones:**

While the system is designed for whole-home coverage, environmental factors can affect signal strength.

- Adjust the placement of your satellite ZenWiFi units. Try to place them roughly equidistant from the main unit and each other, avoiding thick walls or large appliances.
- Ensure there are no physical obstructions blocking the signal path between units.
- Check for sources of interference (e.g., microwaves, cordless phones, Bluetooth devices) and move units away from them.

• **Slow Internet Speed:**

- Perform a speed test on a wired connection directly from the main ZenWiFi unit to rule out ISP issues.
- Ensure your ZenWiFi firmware is up to date.
- Check for high network traffic from other devices and consider using Quality of Service (QoS) settings in the ASUS Router App to prioritize important traffic.

• **ASUS Router App Cannot Connect to System:**

- Ensure your mobile device is connected to the ZenWiFi network.
- Restart the ZenWiFi units and your mobile device.
- Try reinstalling the ASUS Router App.

SPECIFICATIONS

Key technical specifications for the ASUS ZenWiFi AX Mini (XD5) system:

Feature	Detail
Model Name	XD5 (W-3-PK)
Wireless Standard	WiFi 6 (802.11ax)
Frequency Band Class	Dual-Band
Total Wireless Speed	AX3000 (up to 3000Mbps)
Coverage Area	Up to 5000 sq ft & 5+ rooms
Processor	1.7 GHz quad-core processor
Memory	128 MB Flash, 512 MB RAM
Ethernet Ports	1x Gigabit LAN, 1x Gigabit WAN/LAN per unit

Feature	Detail
Special Features	AiMesh, AiProtection Pro, Parental Control, QoS, Alexa Compatible, Guest Mode, Internet Security
Product Dimensions	3.54 x 3.54 x 3.35 inches
Item Weight	10.7 ounces
Color	WHITE

Image: A single ASUS ZenWiFi XD5 unit with its dimensions (3.54 x 3.54 x 3.35 inches) indicated.

WARRANTY INFORMATION

The ASUS ZenWiFi AX Mini (XD5) system comes with a**3-year limited warranty**. Additionally, it includes **lifetime free AiProtection Pro** for network security, ensuring continuous protection against online threats without additional subscription fees.

For detailed warranty terms and conditions, please refer to the Warranty Card included in your package or visit the official ASUS support website.

SUPPORT

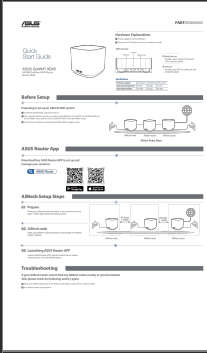

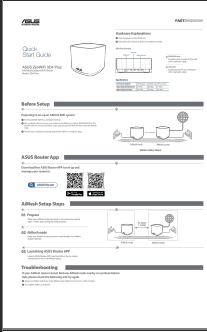

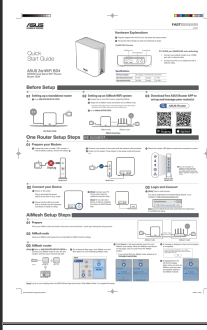

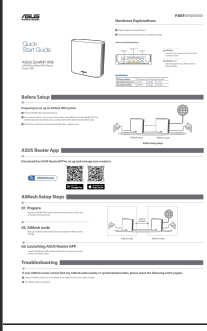

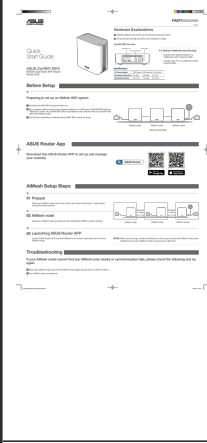

For further assistance, technical support, or to download the latest firmware and user manuals, please visit the official ASUS support website:

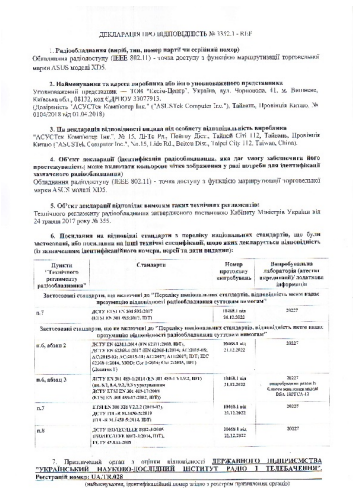

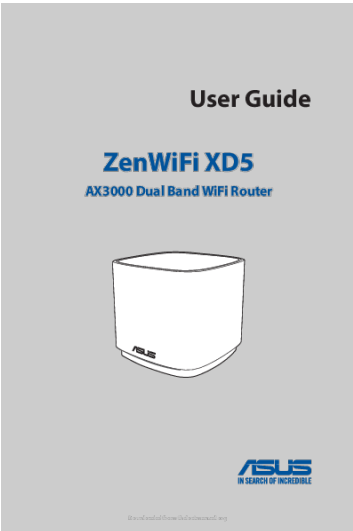

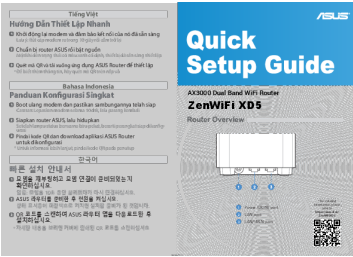

www.asus.com/support/

You can also utilize the ASUS Router App for diagnostics and direct access to support resources.

ASUS ZenWiFi XD (Wi-Fi 6E) Dual-Band (2x 12.01 Gbit/s) Wi-Fi 6 (802.11ax) Wall-Ethern

Hersteller ASUS

Artikelnummer: ZENWIFI6E-WH0000

Produktfamilie ZenWiFi (ZenWiFi 10 Pro)

Wi-Fi 6E-Technologie: Verbessert die Wi-Fi-Geschwindigkeit, effizientere Kommunikation zwischen den Geräten und reduziert die Latenz für anspruchsvolle Anwendungen wie VR und Gaming.
 Mesh-System: Ermöglicht die nahtlose Erweiterung des Netzwerks über mehrere Räume hinweg.
 Selbstheilungsfunktion: Erkennt und behebt automatisch Verbindungsprobleme zwischen den Knoten.
 Parental Controls: Ermöglicht die Überwachung der Internetnutzung der Kinder und die Festlegung von Nutzungszeiten.
 Fortschrittliche Beamforming-Technologie: Richtet das Signal präzise auf die empfangende Antenne aus, um die Reichweite und Stabilität zu verbessern.
 2,4 GHz-Band: Für eine zuverlässige Verbindung mit älteren Geräten und IoT-Geräten.
 5 GHz-Band: Für eine schnellere Verbindung mit modernen Geräten.
 6 GHz-Band: Für eine noch schnellere und stabilere Verbindung mit Wi-Fi 6E-fähigen Geräten.
 Gigabit Ethernet: Ermöglicht eine schnelle drahtgebundene Verbindung für Desktop-PCs und Server.
 QoS (Quality of Service): Priorisiert den Datenverkehr, um Streaming und Gaming zu optimieren.
 WPA3-Sicherheit: Bietet die neueste Verschlüsselung für einen sicheren WLAN-Netzwerk.

**ASUS**
A Smart Solution

FASTNetworking Solutions
POWERFUL • CAPABLE • RELIABLE

ASUS ZenWiFi XD5 AX3000 Dual-band Mesh WiFi 6 System

- The WiFi 6 Superhighway**- Operating in 160MHz of WiFi 6 standard for faster, more efficient networking in crowded WiFi environments, provides total wireless speed of 3000Mbps.
- Hassle-free Control**- 3-step setup and easy management with ASUS Router App.
- Always Up-to-date Security**- The lifetime free cloud-based security powered by Trend Micro™ makes sure your privacy on connected devices is protected. Parental Controls, URL Filter and Safe Browsing protect your family from inappropriate content and unhealthy Internet usage behavior.
- Support AiMesh**- Mix and match ZenWiFi with AiMesh-compatible routers to form a powerful and flexible whole-home WiFi system.
- Support Wallmount**- Hanging holes and a screw pack allows you to either stand it or mount it.

Whole-home Coverage

The ZenWiFi XD5 system consists of three ASUS AX3000 WiFi 6 routers, featuring unique technologies that give you superfast, reliable and secure WiFi connections — inside or outside your home!

WiFi 6
True 8K Streaming

ZenWiFi XD5 puts your WiFi into top gear! With a total bandwidth of up to 3000 Mbps, it's up to 3x faster** than WiFi 5 routers**.

* Compatible WiFi 6 device required.
** The data compares speed of 242.13x on 5GHz 160MHz bandwidth with 1024QAM modulation to speed of 242.13x on 5GHz 80MHz with 256QAM modulation.

Flexible Network Naming

Uniquely, ZenWiFi XD5 lets you choose how you name your WiFi network: a single name for everything, or separate names for each frequency band. The choice is yours!

**Achetez un produit ASUS éligible et obtenez jusqu'à
385€ de cashback !**

Période de promotion : 13 août 2024 - 23 septembre 2024
Période de remboursement : 27 août 2024 - 7 octobre 2024

Comment ça marche ?

1. Achetez un produit ASUS éligible entre le 13 août 2024 et le 23 septembre 2024 auprès d'un revendeur participant
2. Saisissez les informations requises dans le formulaire de participation et téléchargez votre facture entre le 27 août 2024 et le 7 octobre 2024
3. Après une brève vérification, vous recevrez votre remboursement directement sur votre compte

(La validation prend jusqu'à 10 jours ouvrables, après validation, vous recevrez le remboursement dans les 30 jours ouvrables).

Niniejsza kampania promocyjna jest prowadzona przez firmę ASUS Global Pte. Ltd. (ASUS) uczestniczących w niej partnerów.

Osoby biorące udział w programie akceptują następujące zasady poprzez dokonanie zgłoszenia swojego uczestnictwa:

1. Warunki ogólne

Informacje przedstawione w niniejszym dokumencie, wraz z Zasadami użytkowania firmy ASUS oraz Polityką prywatności firmy ASUS, stanowią zasady i warunki uczestnictwa w niniejszej Promocji ("Zasady i warunki uczestnictwa").

Biorąc udział w niniejszej promocji, wyrażasz zgodę na zasady i warunki uczestnictwa

2. Okres promocji

Pierwsza rozpoczyna się 04.03.2024 o 18:00 (czasu środkowoeuropejskiego) i kończy się 30.06.2024 o 23:59 (czasu środkowoeuropejskiego) ("okres promocji").

3. Uprawnienie do uczestnictwa

Pracownicy firmy ASUS, jej spółek zależnych/spółek macierzystych, filii lub agencji reklamowych uczestniczących w tej promocji, (jak również przedstawiciele handlowi, dystrybutorzy i inni sprzedawcy reklamowi, ich pracownicy i krewni nie są uprawnieni do udziału w tej promocji.

W promocii mogą brać udział tylko osoby, które mają stałe miejsce zamieszkania na terenie objętym akcją promocyjną i są pełnoletnie. Uczestnictwo jest bezpłatne.

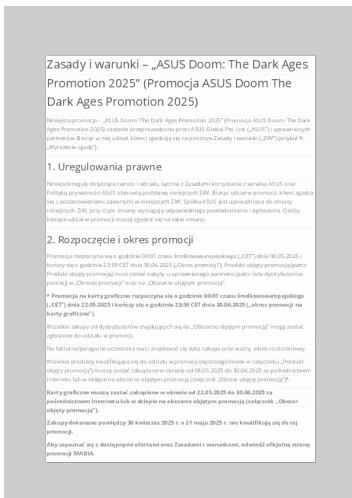

Biorąc udział w Promocji, uczestnicy mogą otrzymać nagrodę w postaci określonej kwoty pieniężnej w walucie polskiej dla obszaru objętego promocją.

Udział w Promocji odbywa się poprzez opublikowanie recenzji dotyczących jednego z Produktów objętych promocją wymienionych w Załączniku 3, w sklepie internetowym sprzedawcy dotychczas siedzący w Polsce wymienianym w Załączniku 2.

Następnie uczestnik przekazuje za pośrednictwem formularza zgłoszenia swoje adres URL, swoje

[illegible]

Uczestnikiem promocji jest osoba, która jest właścicielem adresu e-mail podanego podczas rejestracji na promocję. Niedopełnienie warunków promocji przez uczestnika, może skutkować brakiem możliwości wzięcia udziału w promocji.

Niniejsza promocja - „ASUS Dooms: The Dark Ages Promotion 2025” (Promocja ASUS Dooms: The Dark Ages Promotion 2025) zostanie przeprowadzona przez ASUS Global Pte. Ltd. („ASUS”) i uprawnionych partnerów. biorąc w niej udział, klienci zgadzają się na poniższe Zasady i warunki („ZW”) (artykuł 9: „Wyrażenie zgody”).

1. Uregulowania prawne

Niniejsze reguły dotyczące zwrotu i udziału, zgodnie z Zasadami korzystania z serwisu ASUS oraz Polityką prywatności ASUS stanowią podstawę niniejszych ZW. Biorąc udział w promocji, klient zgadza się z postanowieniami zawartymi w niniejszych ZW. Spółka ASUS jest upoważniona do zmiany niniejszych ZW, przy czym zmiany wymagają odpowiedniego powiadomienia i ogłoszenia. Osoby biorące udział w promocji muszą zgodzić się na takie zmiany.

2. Rozpoczęcie i okres promocji

Promocja rozpoczyna się godzinie 00:01 czasu środkowoeuropejskiego („CET”) dnia 01.05.2025 i kończy się godzinie 23:59 CET dnia 30.06.2025 („Okres promocji”). Produkt objęty promocją (patrz: Produkt objęty promocją) musi zostać nabyty u uprawnionego partnera (patrz lista dystrybutorów poniżej) w „Okresie promocji” oraz na „Obszarze objętym promocją”.
