MERITLINE B0BLHGHC5N

MERITLINE Twin House Bed for Two Children

Model: B0BLHGHC5N | Brand: MERITLINE

Important Safety Information

Please read all instructions carefully before assembly and use. Failure to follow these instructions may result in injury or damage to the product.

- Ensure proper assembly of the bed frame to prevent instability or collapse.
- Exceeding the maximum weight capacity of **250 lbs per bed** may result in damage or injury.
- Keep fingers and limbs away from moving parts during assembly to avoid pinch points.
- Regularly check all bolts and connections to ensure they remain tight.
- Do not allow children to hang or climb on the bed frame structure, especially the roof section.

Product Overview

The MERITLINE Twin House Bed is designed to provide a shared sleeping space for two children. Its unique house-shaped design with a roof structure adds a playful element to any room. The bed features integrated guardrails for enhanced safety and is constructed from durable pine wood and MDF.

Key Features:

- **2-in-1 Twin Bed Design:** Two twin beds positioned side-by-side, sharing a central roof structure.
- **House-Shaped Frame:** An engaging design with a roof and side frames, suitable for decoration.
- **Integrated Guardrails:** Guardrails surround each bed for child safety.
- **Sturdy Construction:** Made from pine wood and MDF for durability.
- **No Box Spring Required:** Designed for use with a mattress directly on slats.

Package Contents

Before beginning assembly, please ensure all components listed below are present and undamaged. If any parts are

missing or damaged, contact customer support immediately.

- Bed frame components (Pine Wood+MDF)
- Slats for two twin beds
- All necessary assembly tools
- Installation Manual (this document)

Dimensions

Image: Technical diagram illustrating the full dimensions of the MERITLINE Twin House Bed in inches.

Product Dimensions Overview

Measurement	Value
Overall Product Dimension (L x W x H)	81.3" x 80.1" x 67.1"
Each Bed Dimension (L x W)	75.4" x 39.4"

Measurement	Value
Total Height	67.1"
Recommended Mattress Thickness	6"
Bed Weight Capability (Each Bed)	250 lbs
Overall Product Weight	92.5 lbs

Setup and Assembly

Assembly of the MERITLINE Twin House Bed requires two adults. All necessary tools and pre-drilled holes are provided to facilitate the process. Follow the steps below carefully.

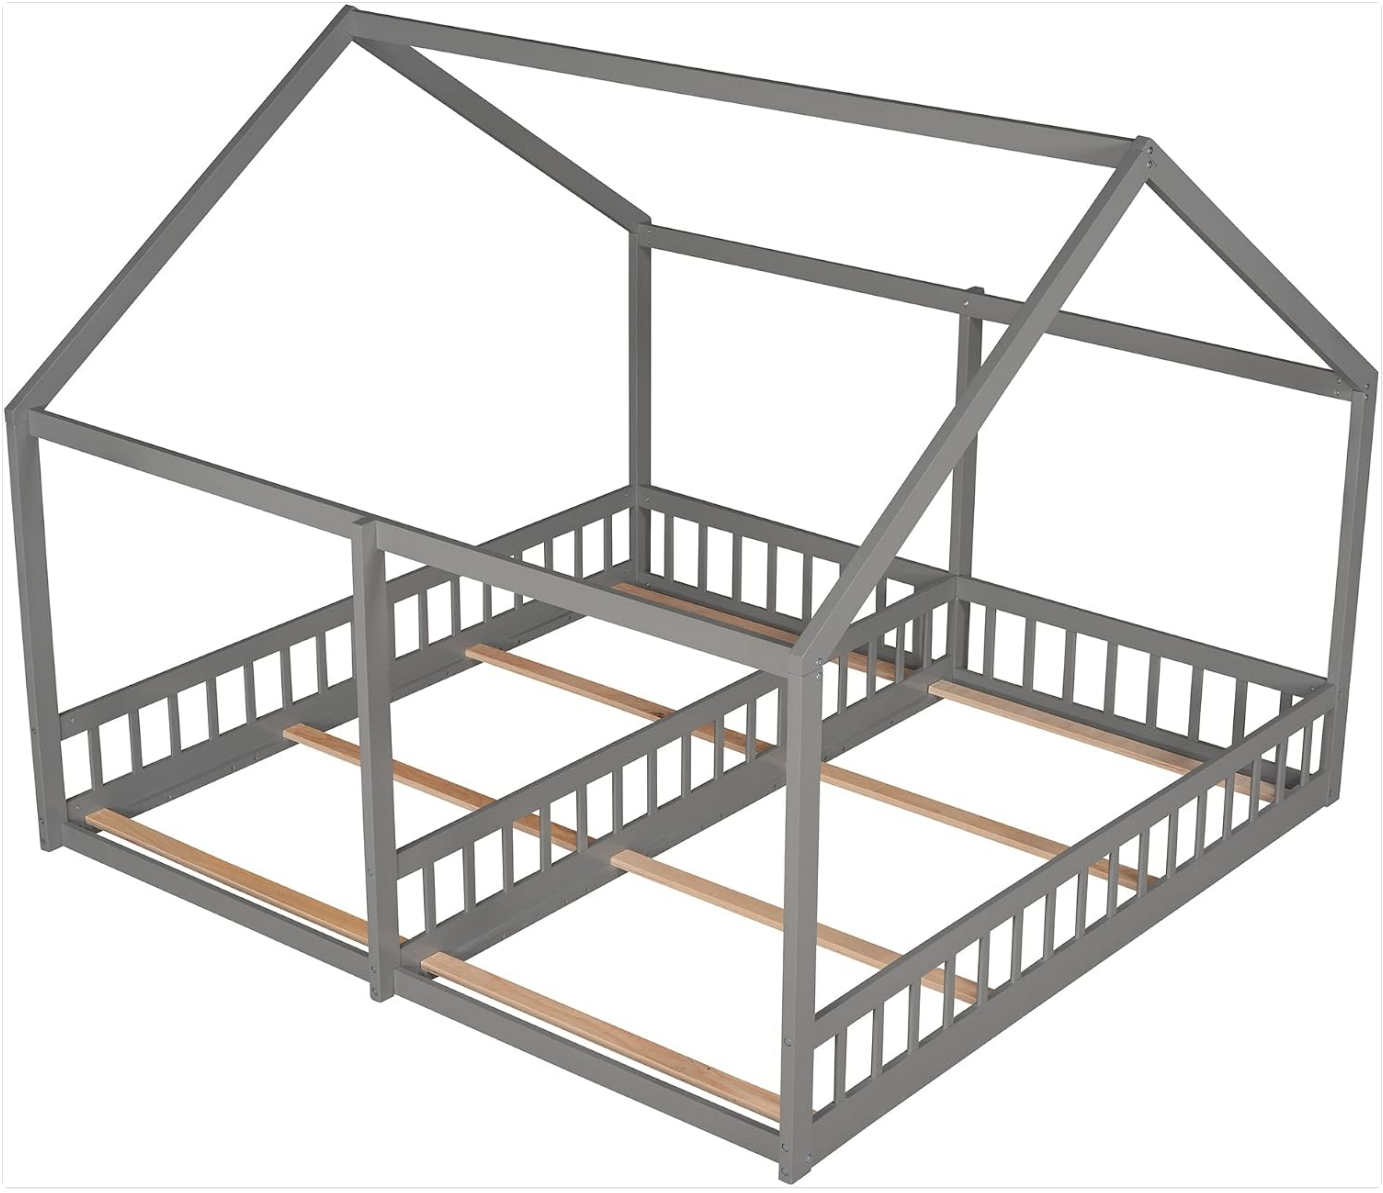

Image: The MERITLINE Twin House Bed frame in grey, viewed from the front, illustrating the slat support system.

Assembly Steps:

1. **Unpack Components:** Carefully remove all parts from the packaging. Lay them out on a clean, soft surface to prevent scratches. Verify all parts against the included parts list.
2. **Assemble Side Panels:** Attach the long side panels to the headboard and footboard sections for both twin beds using the provided hardware. Ensure all connections are secure.
3. **Install Bed Slats:** Place and secure the wooden slats onto the designated support rails within each bed frame. Ensure even spacing and firm attachment.
4. **Connect Twin Beds:** Join the two individual twin bed frames together using the central connecting hardware. This forms the double shared structure.
5. **Construct Roof Frame:** Assemble the roof support beams and attach them to the top of the bed frame posts. This step may require two people for stability.
6. **Final Tightening:** Once all components are in place, systematically tighten all bolts and screws. Do not overtighten.
7. **Placement:** Position the assembled bed in its desired location, ensuring it is level and stable.

Operating Instructions (Proper Use)

This section outlines the proper and safe use of your MERITLINE Twin House Bed.

- **Mattress Placement:** Place a standard twin-size mattress (recommended thickness 6 inches) directly onto the bed slats. No box spring is required.
- **Weight Limit:** Each twin bed section has a maximum weight capacity of 250 lbs. Do not exceed this limit.
- **Supervision:** Always supervise young children when they are using the bed, especially during play.
- **Decoration:** The roof frame can be decorated with lightweight items such as ribbons or string lights. Avoid hanging heavy objects or items that could pose a choking hazard.
- **Cleaning:** Refer to the Maintenance section for cleaning instructions.

Maintenance

Regular maintenance will help prolong the life and appearance of your bed.

- **Cleaning:** Wipe the bed frame with a dry or slightly damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these can damage the finish.
- **Hardware Check:** Periodically inspect all bolts, screws, and connections to ensure they are tight. Retighten as necessary to maintain structural integrity.
- **Avoid Moisture:** Keep the bed in a dry environment. Prolonged exposure to moisture can cause wood to warp or swell.
- **Sunlight Exposure:** Avoid direct and prolonged exposure to sunlight, which can cause fading or discoloration of the finish.

Troubleshooting

This section addresses common issues you might encounter with your bed.

Problem	Possible Cause	Solution
Bed feels wobbly or unstable	Loose hardware connections.	Check and tighten all bolts and screws. Ensure the bed is on a level surface.
Squeaking noises	Loose connections or friction between wood parts.	Tighten all hardware. If squeaking persists, apply a small amount of wax or lubricant to contact points between wood components.
Missing parts during assembly	Packaging error or lost component.	Review the parts list. Contact MERITLINE customer support with details of the missing part.
Damage to wood components	Shipping damage or improper handling.	Document the damage with photos. Contact MERITLINE customer support for assistance.
