MAINTENANCE

To ensure the longevity and optimal performance of your Arcade1UP machine, regular maintenance is recommended:

- **Cleaning:** Use a soft, dry cloth to wipe down the cabinet and screen. Avoid abrasive cleaners or solvents that could damage the finish or screen.
- **Dusting:** Regularly dust the control panel and vents to prevent dust buildup, which can affect performance.
- **Power:** Always unplug the machine from the AC outlet before performing any cleaning or maintenance.
- **Storage:** If storing the machine for an extended period, ensure it is in a dry, temperature-controlled environment.

TROUBLESHOOTING

If you encounter any issues with your Arcade1UP machine, please refer to the following common troubleshooting steps:

- **No Power:** Ensure the power cord is securely plugged into both the machine and a working AC outlet. Check the power switch on the machine.
- **No Display:** Verify the power connection. If the marquee lights up but the screen is black, try restarting the machine.
- **Controls Unresponsive:** Check for any obstructions around the joysticks or buttons. Restart the machine.
- **Online Connectivity Issues:** Ensure your Wi-Fi network is active and the machine is within range. Check your network settings.

For persistent issues, please contact Arcade1UP customer support.
