Olakids TQ10130

OLAKIDS 2 Seater Ride On Car Instruction Manual

Model: TQ10130

Product Overview

The OLAKIDS 2 Seater Ride On Car is a 12V off-road UTV electric vehicle designed for children aged 3 years and up, with a maximum weight capacity of 110 lbs. It features an electric auto-lifting dump bed, an extra shovel, and multiple entertainment functions including built-in music, USB, MP3, and AUX connectivity. This vehicle offers two driving modes: child-operated via foot pedal and parent-controlled via a 2.4GHz remote. Safety features include a soft start function and 2-wheel spring suspension. Constructed from durable PP and iron materials, it is designed for stability and longevity.

Safety Information

This product complies with DOE & CEC Certification for electrical energy efficiency and is US. CPSIA & ASTM Approved. It is made of non-toxic materials, free from BPA, PVC, Phthalates, Lead, Latex, and Formaldehyde. No sharp points or edges are present. The vehicle has passed tests for stability, asphyxiation, load, and shear. Always ensure children are supervised during operation. The remote control allows parents to override child control for added safety.

- **Adult Supervision Required:** Always supervise children when operating the vehicle.
- **Weight Limit:** Do not exceed the maximum weight capacity of 110 lbs.
- **Age Recommendation:** Suitable for children over 3 years old.
- **Seatbelt Use:** Ensure the seatbelt is properly fastened before operation.
- **Surface Conditions:** Operate on flat, dry surfaces. Avoid steep inclines, rough terrain, or wet conditions.

Setup and Assembly

Assembly of the OLAKIDS 2 Seater Ride On Car is required upon receipt. Follow the detailed instructions provided in the separate assembly manual. Ensure all components are securely fastened before first use. The battery is included and requires initial charging.

1. **Unpack Components:** Carefully remove all parts from the packaging. Verify all components are present against the packing list.
2. **Install Wheels:** Attach the wheels securely according to the diagrams.
3. **Connect Battery:** Locate the battery compartment, typically under the seat, and connect the battery terminals.
4. **Assemble Steering Wheel and Seats:** Secure the steering wheel and seats in their designated positions.
5. **Attach Accessories:** Install the dump bed, shovel holder, and any other accessories.
6. **Initial Charge:** Fully charge the battery before the first use. Refer to the charging section for details.

Operating Instructions

Charging the Battery

The vehicle is powered by a 12V rechargeable battery. The charging port is located under the seat. Connect the provided charger to the port and a standard wall outlet. Charging time may vary, but typically takes several hours for a full charge.

Do not overcharge the battery.

Driving Modes

The OLAKIDS Ride On Car supports two driving modes:

- **Child Driving Mode:** Children can operate the vehicle using the foot pedal and steering wheel. The pedal controls acceleration, and the steering wheel controls direction.
- **Parent Control Mode:** Parents can use the 2.4GHz remote control to steer and control the vehicle's speed and direction. This mode is ideal for younger children or for guiding the vehicle in challenging areas.

Dashboard Functions

The dashboard includes various controls for an enhanced experience:

- **Power Button:** Turns the vehicle on/off.

- **Music Controls:** Built-in music, volume adjustment, and track skipping.
- **Connectivity:** USB port, MP3 slot, and AUX input for playing external audio.
- **Speed Change Switch:** Adjusts the vehicle's speed (High/Low).
- **Rocking Mode:** Activates a gentle rocking motion for stationary play.
- **Horn Button:** Activates the vehicle's horn.
- **Battery Indicator:** Displays the current battery level.
- **Drive/Park/Reverse Lever:** Selects the vehicle's direction.

Maintenance

- **Battery Care:** Charge the battery fully after each use. If storing for extended periods, charge monthly to prolong battery life.
- **Cleaning:** Wipe down the vehicle with a damp cloth. Avoid using harsh chemicals or abrasive cleaners. Keep electronics dry.
- **Storage:** Store the vehicle in a dry, sheltered area away from direct sunlight and extreme temperatures.
- **Wheel Inspection:** Regularly check wheels for wear and tear. Ensure they are free of debris that could impede movement.

Troubleshooting

Problem	Possible Cause	Solution
Vehicle does not move.	Low battery; Loose battery connection; Overload protection activated.	Charge battery; Check battery terminals; Reduce load.
Remote control not working.	Remote batteries low; Remote not paired.	Replace remote batteries; Re-pair remote according to manual.
Dump bed not lifting.	Obstruction; Motor issue.	Clear obstruction; Contact customer support if issue persists.
Music/sound not working.	Volume too low; Connectivity issue (USB/AUX).	Increase volume; Check connections; Try different audio source.
