2. PACKAGE CONTENTS

Upon opening your Popglory P66 Smartwatch package, please verify that all the following items are included:

- Popglory P66 Smartwatch (with one strap attached)
- Additional Silicone Strap
- Magnetic Charging Cable
- User Manual

3. SETUP

3.1 Charging the Smartwatch

Before first use, fully charge your smartwatch. Connect the magnetic charging cable to the charging points on the back of the watch and plug the USB end into a power adapter (not included) or a computer's USB port. A full charge typically takes about two hours.

3.2 App Installation (GloryFit)

To unlock all features and synchronize data, download the **GloryFit** application on your smartphone.

1. Scan the QR code provided in the quick start guide or search for "GloryFit" in the App Store (iOS) or Google Play Store (Android).
2. Install the application on your smartphone.
3. Ensure your phone's Bluetooth is enabled.

3.3 Pairing the Smartwatch

Follow these steps to pair your Popglory P66 with the GloryFit app:

1. Open the GloryFit app and create an account or log in.
2. Navigate to the 'Device' section within the app.
3. Tap 'Add Device' or 'Search for Device'.
4. Select 'P66' from the list of available devices.
5. Confirm the pairing request on both your phone and the smartwatch.
6. Once paired, the watch's time will automatically synchronize with your phone.

4. OPERATING INSTRUCTIONS

4.1 Basic Navigation

- **Touch Screen:** Swipe left/right, up/down to navigate through menus and features. Tap to select.
- **Side Button:** Press to return to the previous screen or wake up the display. Long press for power options.

4.2 Bluetooth Calling

The P66 Smartwatch supports Bluetooth calls, allowing you to make and receive calls directly from your wrist.

Call Function

Image 4.2.1: Smartwatch displaying call features.

- **Making Calls:** Access the dial pad or contact list on the watch to initiate a call.
- **Receiving Calls:** When a call comes in, you can answer or reject it directly from the watch screen.
- **Contact Synchronization:** Use the GloryFit app to synchronize your favorite phone contacts to the smartwatch.

4.3 Smart Notifications

Receive alerts for incoming calls, text messages, and app notifications (e.g., WhatsApp, Messenger, Facebook) directly on your smartwatch.

- Enable 'Call Reminder', 'SMS Reminder', and 'App Reminder' in the GloryFit app settings.
- Notifications displayed on the watch can be cleared individually.
- **Note:** You cannot reply to messages directly from the watch. The watch only displays messages that appear in your phone's notification bar.

4.4 Health Monitoring

The Popglory P66 provides various health monitoring features. **Note: These measurements are for general fitness purposes only and are not intended for medical use.**

Health Management

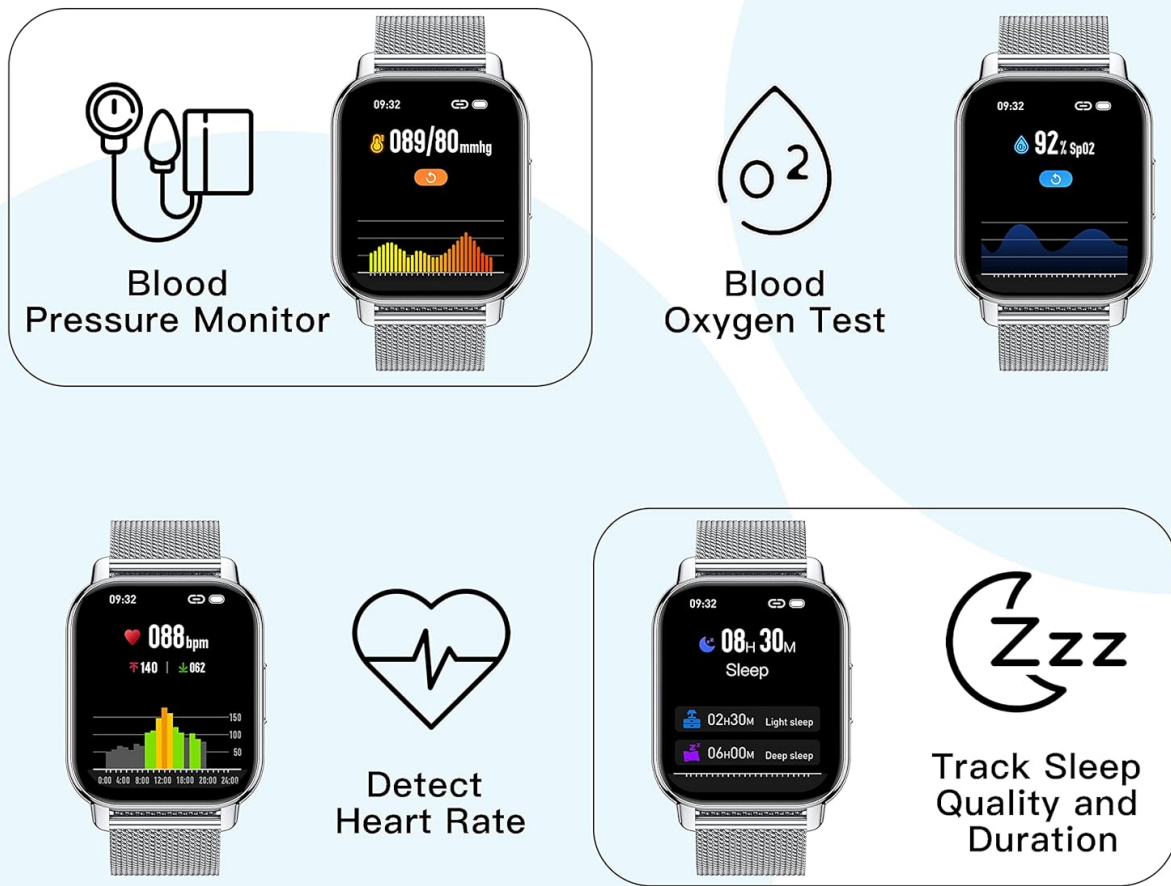

Image 4.4.1: Health monitoring features.

- **Heart Rate (HR):** Monitors your heart rate 24/7.
- **Blood Pressure (BP):** Measures your blood pressure.
- **Blood Oxygen (SpO2):** Measures your blood oxygen saturation.
- **Sleep Monitoring:** Tracks your sleep patterns and quality.
- **Menstrual Cycle Tracking:** For female users, the watch can record physiological cycles. Set up your cycle details in the GloryFit app.

For accurate measurements, ensure the watch is worn snugly on your wrist, and your arm is flat and relaxed during readings. Incorrect wearing posture can affect data accuracy.

4.5 Sport Modes

The smartwatch supports over 20 sport modes to track your activity data.

- **Music Control:** Control music playback on your smartphone directly from the watch.
- **Sedentary Reminder:** Set reminders in the app to prompt you to move after periods of inactivity.
- **Alarm:** Configure alarms through the GloryFit app to wake you up or remind you of tasks.
- **Timer & Stopwatch:** Utilize built-in timer and stopwatch functions for various activities.
- **Weather Forecast:** View weekly weather information when connected to your phone.
- **Remote Camera Control:** Open the camera function in the GloryFit app, then shake your watch to remotely trigger your phone's camera shutter.
- **Brightness Adjustment:** Adjust screen brightness directly on the watch.

5. MAINTENANCE

5.1 Cleaning

Regularly clean your smartwatch and strap to prevent skin irritation and maintain device functionality.

- Wipe the watch screen and body with a soft, damp, lint-free cloth.

- For silicone straps, you can wash them with mild soap and water, then rinse thoroughly and dry completely before reattaching.
- Avoid using harsh chemicals or abrasive materials.

5.2 Water Resistance

The Popglory P66 is designed for daily use and can withstand splashes and sweat. However, it is not recommended for swimming, showering with hot water, or diving. Avoid prolonged exposure to water.

5.3 Battery Care

- Charge the watch using the provided magnetic charging cable.
- Avoid extreme temperatures during charging and storage.
- If the watch will not be used for an extended period, charge it to about 50% before storing.

6. TROUBLESHOOTING

If you encounter issues with your Popglory P66 Smartwatch, refer to the following common solutions:

- **Watch not turning on:** Ensure the watch is fully charged. Connect it to the charger for at least 10-15 minutes.
- **Unable to pair with phone:**
 - Ensure Bluetooth is enabled on your phone.
 - Make sure the watch is within Bluetooth range of your phone.
 - Restart both your phone and the smartwatch.
 - Try unpairing and re-pairing the device through the GloryFit app.
- **Time synchronization issues:** Disconnect and reconnect the watch to the GloryFit app. The time should automatically sync.
- **Inaccurate health data:** Ensure the watch is worn snugly on your wrist, not too loose or too tight. Keep your arm still during measurements. Remember, data is for general fitness, not medical diagnosis.
- **No notifications:**
 - Check notification settings in the GloryFit app to ensure they are enabled.
 - Verify that your phone's notification permissions are granted to the GloryFit app.
 - Ensure the app is running in the background and not being closed by your phone's power-saving features.
- **Charging issues:** Check if the charging cable is properly connected to both the watch and the power source. Ensure the charging pins are clean and free of debris.

If problems persist, please contact customer support for further assistance.
