INFLAND iPad Case Instruction Manual

Model: A2696/A2757/A2777

PRODUCT OVERVIEW

The INFLAND iPad Case is designed to provide comprehensive protection and enhanced functionality for your compatible iPad models. Crafted with high-quality materials, it offers durability, accessibility, and a sleek design.

Key Features:

- **Compatible Models:** Specifically designed for the New iPad (A16) 11th Generation 11 Inch 2025 and iPad 10th Generation 10.9 Inch 2022 release (Models: A2696/A2757/A2777). Please verify your iPad model on the back of your device for compatibility.
- **Integrated Pencil & Adapter Slot:** Features a dedicated slot on the left side to securely store your 1st generation Apple Pencil and USB-C adapter or Logitech Crayon, preventing loss.
- **Crystal Clear Design:** Made with German Bayer HD transparent material, the case offers over 99% light transmittance, showcasing the original beauty and Apple logo of your iPad from all angles.
- **Military-Grade Protection:** Incorporates 4 shock-proof airbags in the corners and utilizes German imported materials for high hardness, protecting your device from bending, cracking, and drops.
- **Full Accessibility:** Designed with precise cutouts for the camera, screen, headphone jack, charging port, microphone, and Touch ID, ensuring convenient use. Supports automatic sleep/wake functionality when opening and closing the cover, conserving battery life.

SETUP

1. Verifying iPad Model Compatibility:

Before installing your iPad, ensure it is one of the compatible models: New iPad (A16) 11th Generation 11 Inch 2025 or iPad 10th Generation 10.9 Inch 2022 (Models: A2696/A2757/A2777). You can find your iPad's model number on the back of the device or in the device settings under General > About.

⚠ ATTENTION

HOW to find your model

Option 1

Look on the back of your iPad for a model number.

Option 2

1. Open Settings > General > About
2. Tap the M part number to reveal the A model number

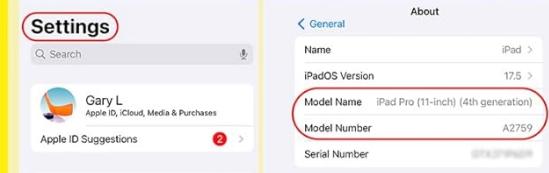

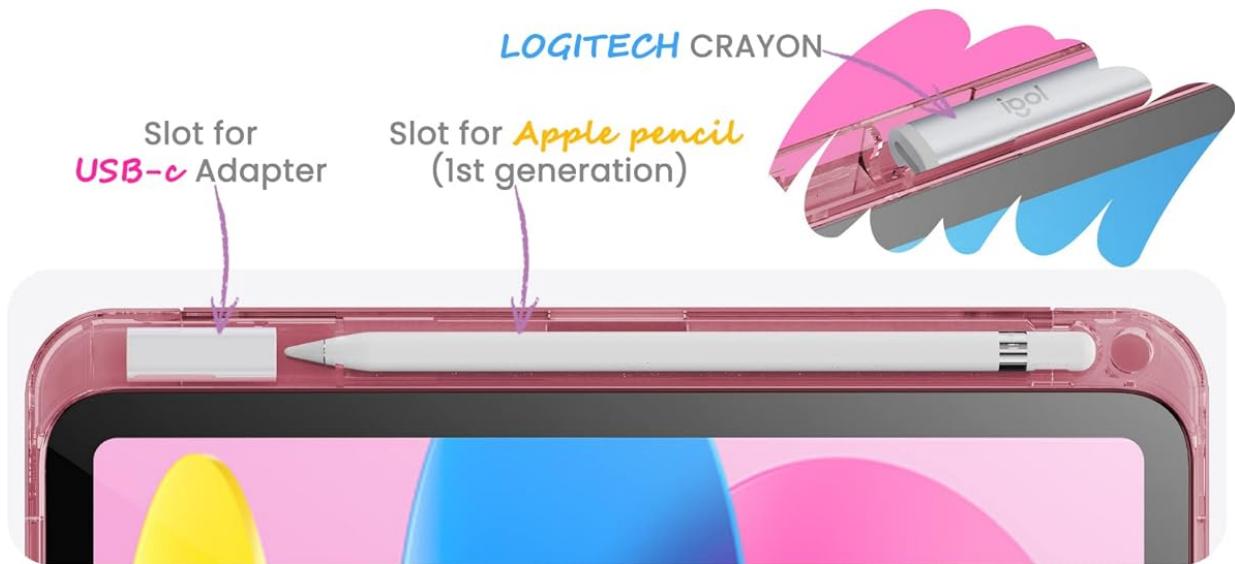

Figure 3: Guide to identifying your iPad model for case compatibility.

2. Installing Your iPad:

Gently align your iPad with the clear back shell of the case. Press firmly around the edges until the iPad snaps securely into place. Ensure all corners are properly seated within the case's protective airbags.

3. Placing the Apple Pencil:

The case features a dedicated slot for your 1st generation Apple Pencil and its USB-C adapter. Insert the front end of the Apple Pencil into the pen slot first, then gently push the rest of the pencil into the designated holder. This ensures proper protection and secure storage.

OPERATING INSTRUCTIONS

Auto Sleep/Wake Function:

The smart cover automatically wakes your iPad when opened and puts it to sleep when closed. This feature helps conserve battery life and provides instant access to your device.

Using the Multi-Angle Stand:

The foldable front cover allows for versatile viewing and typing angles. Simply fold the cover into a triangular stand to prop up your iPad for comfortable viewing of videos, browsing, or video calls. For typing or drawing, fold the cover to create a lower, ergonomic angle.

MAINTENANCE

Cleaning Your Case:

To maintain the crystal clear appearance of your INFILAND iPad case, wipe it regularly with a soft, damp cloth. Avoid using harsh chemicals or abrasive materials, as these may damage the transparent material or the case's finish. The German Bayer HD transparent material is designed to be anti-yellowing, ensuring long-lasting clarity.

Figure 7: Certifications highlighting the case's anti-yellowing, anti-drop, and anti-scratch qualities.

TROUBLESHOOTING

Case Not Fitting Properly:

Ensure your iPad model matches the compatible models listed in the Product Overview section. If the model is correct, gently re-seat the iPad into the case, ensuring all corners click into place. Avoid forcing the device, as this may cause damage.

Auto Sleep/Wake Not Working:

Verify that the case cover is fully closing and making proper contact with the iPad screen. Ensure there are no obstructions between the cover and the screen. If the issue persists, check your iPad's settings to ensure the

"Lock/Unlock" feature (for Smart Cover) is enabled.
