EDUCIRO B999

EDUCIRO Impossible Pirate Bottle Building Blocks with LED Light Instruction Manual

Model: B999

1. INTRODUCTION

Thank you for choosing the EDUCIRO Impossible Pirate Bottle Building Blocks set. This manual provides comprehensive instructions for assembling your 924-piece model, integrating the LED light kit, and maintaining your finished display piece. Please read all instructions carefully before beginning assembly.

Figure 1: The EDUCIRO Impossible Pirate Bottle Building Blocks set, including the product box and the fully assembled model with its display stand.

2. PACKAGE CONTENTS

Verify that all components are present before starting assembly. The package should contain:

- 924 building block pieces, sorted into numbered bags.
- Instruction manual.
- LED light kit with battery box (batteries not included).
- Brick separator tool.
- Sticker sheet for detailing.

Figure 2: Overview of key components, including the pirate ship, treasure chest, and the base structure for the bottle.

3. SAFETY INFORMATION

WARNING: CHOKING HAZARD - Small Parts. Not for children under 3 years.

This building set contains small pieces that may pose a choking hazard. Adult supervision is recommended, especially for younger builders. The recommended age for this set is 8 years and older.

4. ASSEMBLY INSTRUCTIONS

General Tips:

- Organize your pieces by color and shape before starting.
- Follow the numbered bags and steps in the instruction booklet.
- Use the included brick separator tool for easier disassembly if needed.

Assembly Overview Video:

Video 1: A comprehensive overview of the assembly process, from unboxing to the final illuminated display. This video demonstrates building the ship, bottle, and stand, and integrating the LED lights.

Detailed Assembly Steps:

1. **Building the Pirate Ship:** Begin by assembling the core structure of the pirate ship using the pieces from the designated bags. Pay close attention to the mast and sail attachments.

Figure 3: The pirate ship component, ready for placement inside the bottle.

2. **Assembling the Bottle Structure:** Construct the transparent bottle sections. These sections will house the ship and the 'water' pieces. Ensure all connections are secure to form a stable enclosure.

Figure 4: Illustrates the process of assembling the transparent bottle around the ship and adding the 'water' elements.

3. **Constructing the Display Stand:** Assemble the yellow and black base stand. This stand is designed to hold the bottle securely and often includes decorative elements like a skull emblem.
4. **Integrating the LED Light Kit:** Carefully follow the instructions for installing the LED light wires and connecting them to the battery box. The lights are designed to illuminate the ship and the 'water' inside the bottle. Ensure wires are neatly tucked away.
5. **Final Assembly:** Place the assembled bottle onto the display stand. Connect any remaining decorative elements, such as the treasure chest and accessories.

Time-Lapse Assembly Video:

Video 2: A time-lapse demonstration of the assembly process, highlighting the construction of the ship, bottle, and stand, and showcasing the final product with its LED lighting.

5. OPERATING THE LED LIGHT

The EDUCIRO Impossible Pirate Bottle includes an integrated LED light kit to enhance its display. To operate the lights:

1. Ensure batteries (not included) are correctly installed in the battery box.
2. Locate the power switch on the battery box.
3. Flip the switch to the 'ON' position to illuminate the model.
4. Flip the switch to the 'OFF' position when not in use to conserve battery life.

6. MAINTENANCE

To keep your EDUCIRO Impossible Pirate Bottle in optimal condition:

- **Cleaning:** Gently dust the model with a soft, dry cloth. For more stubborn dirt, use a slightly damp cloth and dry immediately. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** Store the model in a stable location away from direct sunlight and extreme temperatures to prevent discoloration or warping of plastic pieces.
- **Battery Care:** Remove batteries from the LED light kit if the model will not be used for an extended period to prevent leakage.

7. TROUBLESHOOTING

If you encounter any issues during or after assembly, consider the following:

- **Missing Pieces:** Double-check all bags and the assembly area. If a piece is genuinely missing, contact customer support.
- **Pieces Not Fitting:** Ensure you are using the correct pieces for the current step. Apply gentle, even pressure. Refer to the instruction manual's illustrations.
- **LED Lights Not Working:**
 - Check if batteries are installed correctly and are not depleted.
 - Ensure the power switch on the battery box is in the 'ON' position.
 - Verify all wire connections are secure.

8. SPECIFICATIONS

Feature	Detail
Model Name	Impossible Pirate Bottle
Model Number	B999
Brand	EDUCIRO
Number of Pieces	924
Educational Objective	Team Building Skills
Approximate Dimensions (L x W x H)	31.5 cm x 12.0 cm x 12.5 cm (12.4 in x 4.7 in x 4.9 in)
