2. Checking Stability:

Once unfolded, gently press down on the seat and handles to confirm the pram is stable and all parts are correctly aligned.

OPERATING INSTRUCTIONS

Using your BABY born Pram is straightforward. Follow these guidelines for optimal play and doll security:

1. **Placing the Doll:**

Carefully place your BABY born doll or other compatible doll (up to 43 cm) into the pram seat.

2. **Securing the Doll:**

Fasten the safety harness around the doll to ensure it remains securely in place during movement. Adjust straps as needed for a snug fit.

3. **Using the Storage Bag:**

Utilize the mesh storage bag located behind the seat to carry doll accessories, small toys, or other items. This bag is

designed for lightweight items.

MAINTENANCE

Proper maintenance ensures the longevity of your BABY born Pram.

- **Cleaning:**

Wipe down the fabric and frame with a damp cloth and mild soap if necessary. Allow to air dry completely. Do not machine wash or tumble dry any fabric components.

- **Storage:**

When not in use, the pram can be easily folded for compact storage. To fold, locate the folding mechanisms (typically near the base of the handles or frame joints), release them, and gently push the handles together until the pram collapses. Store in a dry, cool place away from direct sunlight.

TROUBLESHOOTING

If you encounter any issues with your BABY born Pram, consider the following:

- **Pram not unfolding/folding smoothly:**

Ensure all locking mechanisms are fully disengaged or engaged as required. Check for any obstructions in the folding joints.

- **Wheels not rolling smoothly:**

Check wheels for any debris (e.g., hair, lint) that might be obstructing movement. Clean as necessary.

- **Doll not staying secure:**

Verify that the safety harness is correctly fastened and adjusted snugly around the doll.
