Coleman B0BLXL7QFM

Coleman Classic Series 52-Quart Insulated Portable Cooler User Manual

Model: B0BLXL7QFM

Introduction

The Coleman Classic Series 52-Quart Hard Ice Chest Cooler is designed to keep your food and drinks chilled for extended periods. Inspired by a legacy of craftsmanship, this cooler offers robust construction and practical features for various outdoor activities. This manual provides essential information for the proper use and care of your cooler.

Figure 1: Coleman Classic Series 52-Quart Insulated Portable Cooler.

Key Features

- **Fully Insulated:** Lid and body are designed to keep ice for up to 3 days in temperatures as high as 90°F.
- **Swing-Up Handles:** For easy carrying and lifting, even when fully loaded.
- **High Capacity:** Capable of holding up to 80 cans, providing ample space for refreshments.
- **Have-A-Seat Lid:** The closed lid is sturdy enough to support up to 250 lbs, offering an additional seating option.
- **Cup Holders:** Molded into the lid to securely hold drinks and prevent spills; fits up to 30 oz. tumblers.
- **Stain-Resistant Liner:** Facilitates easy cleanup after use.
- **Easy to Open:** Features a recessed lip for convenient access to contents.

Figure 2: Multi-day ice retention with TempLock FX insulation.

Setup & First Use

1. **Pre-Chill the Cooler:** For optimal performance, pre-chill your cooler by filling it with ice or ice packs several hours before loading. This lowers the internal temperature, helping to keep contents colder for longer.
2. **Load Contents:** Place items you wish to keep cold inside the cooler. For best results, use a good ice-to-contents ratio (ideally 2:1 ice to contents by volume).
3. **Secure the Lid:** Ensure the lid is closed tightly to maintain insulation and prevent cold air from escaping.
4. **Positioning:** Place the cooler in a shaded area whenever possible to minimize exposure to direct sunlight and heat.

Figure 3: Loading the cooler for transport.

Operating Instructions

- **Maximize Ice Retention:** Keep the lid closed as much as possible. Every time the lid is opened, cold air escapes, and warm air enters.
- **Utilize Cup Holders:** The four molded cup holders on the lid are designed to keep your beverages stable and within reach, preventing spills.
- **Use as a Seat:** The sturdy Have-A-Seat lid can support up to 250 lbs, providing a convenient extra seating option

during outdoor gatherings.

- **Transport:** Use the swing-up handles on the sides for comfortable and secure lifting and carrying.

Figure 5: The Have-A-Seat lid provides convenient seating.

Maintenance

- **Cleaning:** Hand wash the cooler with mild soap and warm water. The stain-resistant liner makes cleaning easy. Avoid abrasive cleaners or scrubbers that could damage the surface.
- **Draining:** After use, open the tethered drain plug located on the side of the cooler to easily empty melted ice and water. This prevents the need to tip the entire cooler.
- **Drying:** Ensure the cooler is thoroughly dry before storing to prevent mold or mildew growth. Leave the lid slightly ajar during storage to allow for air circulation.
- **Storage:** Store the cooler in a cool, dry place away from direct sunlight when not in use.

Figure 7: Easy cleanup with the stain-resistant liner.

Troubleshooting

- **Ice Melts Too Quickly:**
  - Ensure the cooler was pre-chilled before use.
  - Verify the lid is securely closed and sealed.
  - Increase the amount of ice used; a higher ice-to-contents ratio improves retention.
  - Keep the cooler in a shaded area and avoid frequent opening.
- **Lid Not Sealing Properly:**
  - Check for any debris or obstructions along the rim of the cooler or the lid gasket.
  - Inspect the lid and hinges for any damage.
- **Difficulty Draining Water:**

- Ensure the drain plug is fully unscrewed or opened.
- Check if the drain opening is clogged with ice or debris.

Specifications

Attribute	Value
Brand	Coleman
Model Name	Classic Series
Model Number	B0BLXL7QFM
Color	Twilight
Capacity	52 Quarts
Item Weight	3.9 Kilograms
Material	Plastic
Insulation Material	Polyurethane Foam
Special Feature	Insulated
Product Care Instructions	Hand Wash
UPC	076501171778
