## 1. PRODUCT OVERVIEW

The Yaheetech Double Metal Bed Frame is designed to provide a sturdy and comfortable foundation for your mattress. This manual provides detailed instructions for assembly, operation, maintenance, and troubleshooting to ensure safe and proper use of your bed frame.

*Image 1.1: The Yaheetech Double Metal Bed Frame (140x200 cm) in a typical bedroom setup.*

## Key Features:

- **Standard Double Bed Size:** Measures 196 cm in length, 142 cm in width, and 82 cm in height, designed to fit a double mattress of 140 cm W × 200 cm L.
- **High Headboard:** Features a high headboard designed to provide back support, offering a comfortable seating area. You can place soft pillows behind your back for reading or watching television in a relaxed position.
- **Under-Bed Storage:** With 32 cm of clearance, there is ample storage space under the bed for neat and organized storage. This makes it an ideal piece of furniture for bedrooms, dormitories, small apartments, or temporary stays.
- **Robust Metal Structure:** This two-person bed is entirely constructed from a durable metal frame with a high maximum load capacity of 272 kg. The robust frame includes 12 metal slats, providing solid support for a deep sleep.
- **Protective Foot Pads:** Each leg is equipped with a protective pad to reduce noise during movement and prevent scratches on the floor. This is a practical design for daily use.

## 2. SAFETY INFORMATION

---

Please read and understand all safety instructions before assembling or using the bed frame. Failure to follow these instructions may result in injury or damage to the product.

- Keep all parts and packaging materials away from children and pets.
- Ensure all bolts and screws are securely tightened before use. Periodically check and re-tighten as necessary.
- Do not exceed the maximum weight capacity of 272 kg (600 lbs).
- Do not stand or jump on the bed frame.
- Use the bed frame on a flat, level surface to prevent instability.
- Avoid using abrasive cleaners or harsh chemicals on the metal frame, as this may damage the finish.
- If any parts are missing, damaged, or defective, do not attempt to assemble or use the product. Contact customer support immediately.

## 3. PACKAGE CONTENTS

---

Before assembly, verify that all components are present and undamaged. Refer to the diagram below for identification.

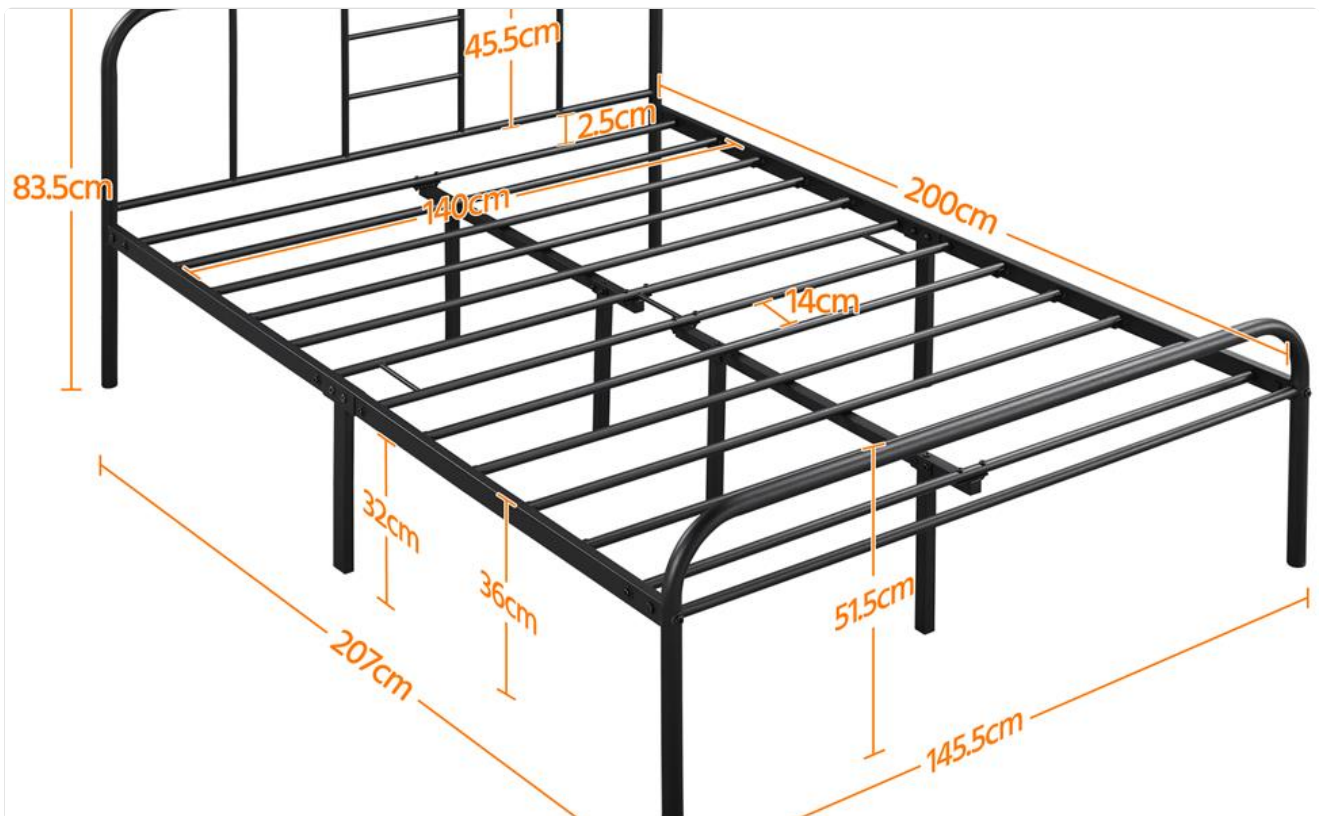

Image 3.1: Exploded view of bed frame components. Please check against this diagram.

Typical components include:

- Headboard and Footboard sections
- Side Rails
- Center Support Beam
- Metal Slats (12 pieces)
- Support Legs (various sizes)
- Hardware (bolts, nuts, washers, Allen wrench)
- Protective Foot Pads

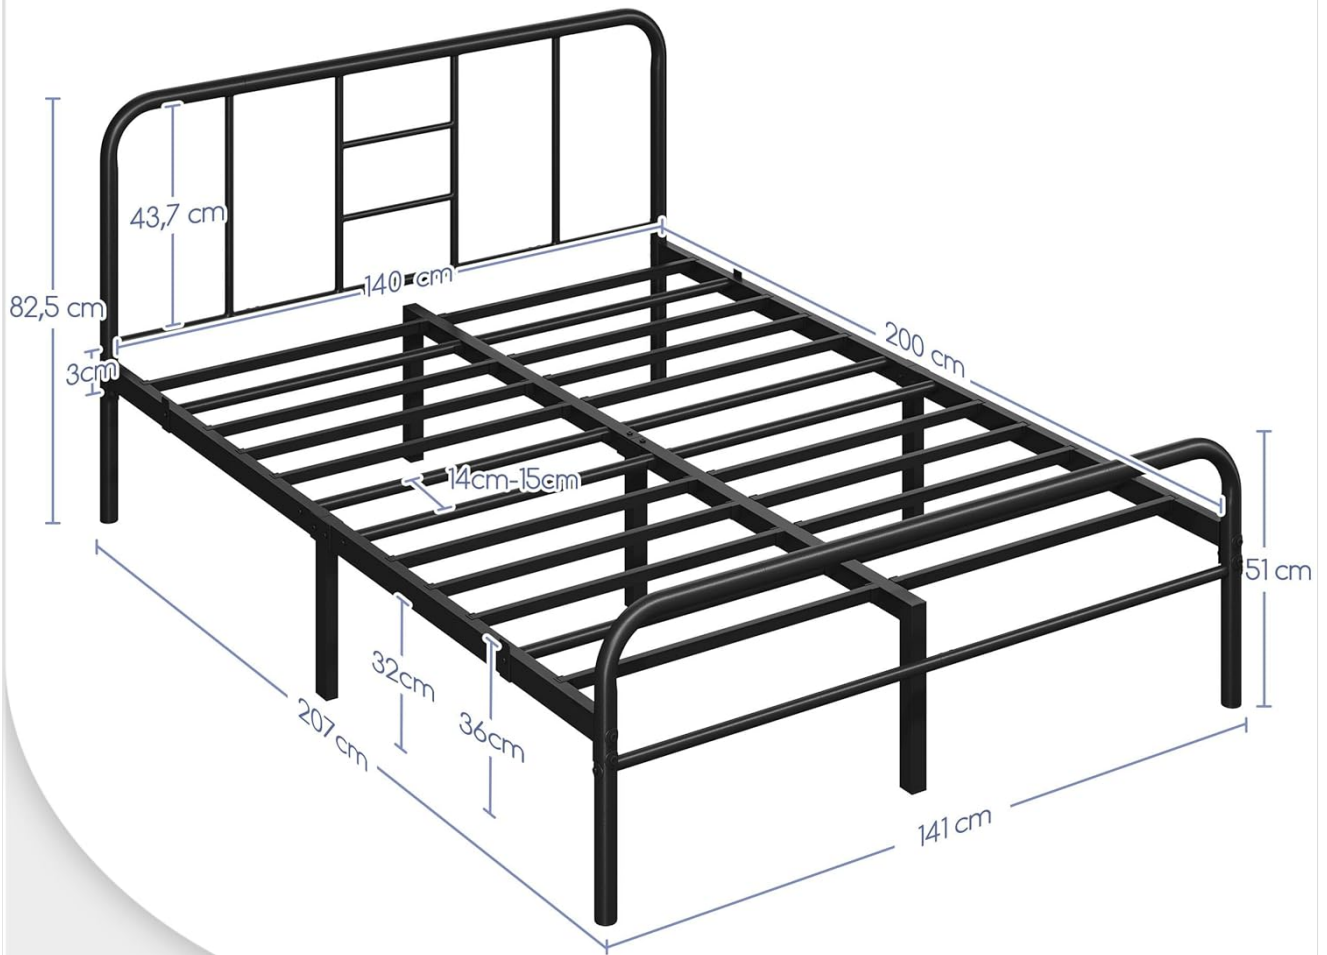

## 4. ASSEMBLY INSTRUCTIONS

---

Follow these steps carefully for proper assembly. It is recommended to assemble the bed frame with two people.

### Step 4.1: Prepare the Area and Identify Parts

Clear a spacious area for assembly. Lay out all components and hardware. Refer to the package contents diagram (Image 3.1) to identify each part.

Max.  
Weight Capacity  
363 KG

Applicable  
Mattress Size  
200 cm L × 140 cm W

*Image 4.1: Detailed dimensions and weight capacity of the bed frame.*

#### Step 4.2: Assemble the Main Frame

Connect the side rails to the headboard and footboard using the provided bolts and the Allen wrench. Ensure all connections are snug but do not fully tighten until all major components are in place.

Image 4.2: Attaching the side rails to the head and foot sections.

### Step 4.3: Install the Center Support Beam and Legs

Attach the center support beam to the designated points on the headboard and footboard. Then, attach the support legs to the center beam and the main frame. Ensure all legs are oriented correctly and securely fastened.

## PRODUKTDDETAILS

Das minimalistische Kopfteil bringt Eleganz in Ihr Schlafzimmer.

Die robusten Metallbeine sorgen für eine hohe Stabilität.

Der robuste Metallrahmen verfügt über eine ausgezeichnete Tragfähigkeit.

Image 4.3: Securing the central support beam.

Die Beschichtung ist für eine lange Lebensdauer ausgelegt.

Die rutschfesten Schutzfüße verhindern Kratzer und Ausrutschen.

Mit der Bodenfreiheit von 32 cm bietet es viel Stauraum unter dem Bett.

Image 4.4: Attaching the support legs for stability.

# REINFORCED SUPPORT

9 strong metal legs offer robust support, keeping the bed stable after proper assembly.

*Image 4.5: Overview of the reinforced support system with multiple legs.*

*Image 4.6: Detail of T-shaped brackets for enhanced joint stability.*

#### **Step 4.4: Install the Metal Slats**

Place the metal slats across the bed frame, ensuring they align with the designated slots or attachment points. Press down firmly to secure each slat. The anti-slip baffles will help prevent mattress movement.

*Image 4.7: Installing the metal slats onto the frame.*

*Image 4.8: Detail of slat alignment and securing mechanism.*

Image 4.9: Anti-slip baffles designed to keep the mattress in place.

### Step 4.5: Final Tightening

Once all components are assembled, go back and fully tighten all bolts and screws. Ensure the frame is stable and level before placing your mattress.

## 5. OPERATING INSTRUCTIONS

The Yaheetech Double Metal Bed Frame is designed for straightforward use.

- **Mattress Placement:** Carefully place your 140 cm W × 200 cm L mattress directly onto the metal slats. The slats provide even support, eliminating the need for a box spring.
- **Weight Capacity:** Ensure the total weight on the bed (including mattress, occupants, and bedding) does not exceed 272 kg (600 lbs).

- **Under-Bed Storage:** Utilize the 32 cm (12.6 inches) of clearance beneath the bed for storing boxes, bins, or other items to maximize space efficiency.

*Image 5.1: Illustration of the generous under-bed storage clearance.*

## 6. MAINTENANCE AND CARE

---

Regular maintenance will help prolong the life of your bed frame.

- **Cleaning:** Wipe the metal frame with a soft, damp cloth. For stubborn marks, use a mild soap solution and dry thoroughly immediately. Avoid abrasive cleaners, solvents, or harsh chemicals.
- **Inspection:** Periodically (e.g., every 3-6 months) inspect all bolts and connections to ensure they remain tight. Re-tighten any loose fasteners to maintain stability and prevent squeaking.
- **Protective Foot Pads:** Ensure the protective foot pads are intact and in place to prevent floor scratches and

reduce noise. Replace if worn or missing.

- **Weight Distribution:** Distribute weight evenly across the bed frame to prevent undue stress on specific areas.
