Pure Enrichment PEAIRCYL-G

Pure Enrichment PureZone Turbo Smart Air Purifier Instruction Manual

Model: PEAIRCYL-G

Introduction

This manual provides essential information for the safe operation, maintenance, and troubleshooting of your Pure Enrichment PureZone Turbo Smart Air Purifier. Please read this manual thoroughly before using the appliance and retain it for future reference.

The PureZone Turbo Smart Air Purifier is designed to improve indoor air quality by utilizing a 5-stage filtration system, covering large rooms up to 1050 sq. ft. in 30 minutes. It features smart technology for app and voice control, an intuitive control panel, and an auto mode that adjusts fan speed based on detected air quality.

Important Safety Instructions

- Read all instructions before operating the air purifier.
- Always unplug the air purifier from the power outlet before moving, cleaning, or performing any maintenance.
- Do not operate the air purifier in areas where flammable gases or vapors are present.
- Keep the power cord away from heated surfaces.
- Do not use the air purifier near water or in wet environments.
- Ensure the air intake and outlet are not blocked.
- This appliance is not intended for use by persons (including children) with reduced physical, sensory, or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.
- Children should be supervised to ensure that they do not play with the appliance.

Package Contents

- PureZone Turbo Smart Air Purifier Unit
- 4-Stage Air Filter (pre-installed)
- UV-C Bulb (pre-installed)
- User Manual

Product Overview

Familiarize yourself with the components of your PureZone Turbo Smart Air Purifier.

Figure 1: Intuitive Control Panel. This image displays the top of the air purifier, highlighting the various touch controls and indicators including PM2.5 display, filter reset, sleep mode, fan speed settings, child lock, UV-C light control, and auto timer.

Figure 2: 5-Stage Air Purification System. This diagram illustrates the internal components and the sequence of the five filtration stages: Washable Pre-Filter, Antibacterial Filter, H13 True HEPA Filter, Activated Carbon Filter, and Antimicrobial UV-C Light.

Setup

1. Unpacking

- Carefully remove the air purifier from its packaging.
- Remove all plastic bags and protective materials.

2. Filter Installation

The 4-stage filter and UV-C bulb are typically pre-installed. If not, or if you are replacing the filter:

1. Ensure the unit is unplugged.
2. Locate the filter compartment (usually at the base or side of the unit).
3. Remove the cover and insert the filter, ensuring it is correctly oriented.

4. Replace the cover securely.

Figure 3: Air Purifier with Filter. This image shows the air purifier unit alongside its cylindrical filter, illustrating the filter's appearance and the unit's overall size.

3. Placement

- Place the air purifier on a firm, level surface.
- Ensure there is at least 6 inches of space around all sides for optimal airflow.
- Avoid placing the unit directly against walls or furniture.

4. Power Connection

- Plug the power cord into a standard AC electrical outlet.

5. Smart Technology Setup (Optional)

To utilize smart features, download the Pure Enrichment app from your smartphone's app store. Follow the in-app instructions to connect your air purifier to your Wi-Fi network and integrate with Amazon Alexa or Google Assistant-enabled devices.

Figure 4: Smart Air Quality Control. This image demonstrates controlling the air purifier via a smartphone app, highlighting its compatibility with Amazon Alexa and Google Assistant for voice commands.

Operating Instructions

Control Panel Functions

The intuitive touch control panel on top of the unit allows you to manage all settings.

- **Power Button:** Turns the unit on or off.
- **Fan Speed:** Adjusts between 4 fan speeds (Low, Medium, High, Turbo).
- **Auto Mode:** Automatically adjusts fan speed based on real-time air quality detection. A color-coded light indicator (Blue: Good, Green: Moderate, Yellow: Lightly Polluted, Red: Heavily Polluted) displays current air quality.
- **Sleep Mode:** Operates the unit at the lowest fan speed with all lights dimmed or off for quiet operation during rest.
- **UV-C Light:** Activates or deactivates the antimicrobial UV-C light.
- **Child Lock:** Locks the control panel to prevent accidental changes to settings. Press and hold the child lock button

to activate/deactivate.

- **Auto Timer:** Sets the unit to operate for a specified duration (e.g., 1, 2, 4, 8, 12 hours) before automatically turning off.
- **PM2.5 Display:** Shows the real-time particulate matter 2.5 concentration in the air.
- **Filter Reset Indicator:** Illuminates when it's time to check or replace the filter.

Figure 5: Auto Mode Air Quality Indicator. This image demonstrates the air purifier's auto mode, which uses a color-coded light ring to indicate current air quality levels (Good, Moderate, Lightly Polluted, Heavily Polluted).

Smartphone App Control

Once connected via the Pure Enrichment app, you can remotely control all functions of the air purifier, including checking air quality, adjusting fan speeds, setting timers, and automating settings.

Voice Control

For hands-free operation, the PureZone Turbo is compatible with Amazon Alexa and Google Assistant-enabled devices. After linking the device through the respective smart home apps, you can use voice commands to control the air purifier.

Maintenance

Filter Replacement

The air purifier uses a 4-stage filter that requires periodic replacement. The Filter Reset Indicator on the control panel will illuminate when it's time to check or replace the filter. Filter life can vary based on usage and air quality.

1. Unplug the air purifier from the power outlet.
2. Access the filter compartment.
3. Remove the old filter and dispose of it properly.
4. Insert a new Pure Enrichment replacement filter, ensuring correct orientation.
5. Secure the filter compartment cover.
6. Plug in the air purifier and press and hold the Filter Reset button on the control panel until the indicator light turns off.

Cleaning the Unit

- Always unplug the unit before cleaning.
- Wipe the exterior surfaces with a soft, dry cloth.
- Do not use abrasive cleaners or solvents.
- The washable pre-filter can be gently cleaned with water and allowed to air dry completely before reinstallation.

Troubleshooting

Problem	Possible Cause	Solution
Unit does not turn on	Not plugged in; Power outage; Filter not installed correctly	Ensure power cord is securely plugged in; Check power supply; Reinstall filter correctly.
Poor air purification	Filter is dirty or needs replacement; Air intake/outlet blocked; Room size exceeds capacity	Replace filter; Clear obstructions; Ensure unit is used in appropriate room size.
Unusual noise	Filter not seated correctly; Foreign object inside unit	Check and reseat filter; Unplug and inspect for foreign objects.
App/Voice control not working	Wi-Fi disconnected; Incorrect app setup; Device not linked	Check Wi-Fi connection; Re-do app setup; Link device in Alexa/Google Home app.

Specifications

- **Product Dimensions:** 11.1 x 11.1 x 21.7 inches
- **Item Weight:** 11.5 Pounds
- **Model Number:** PEAIRCYL-G
- **Power Source:** AC
- **Control Method:** Touch, Amazon Alexa, Google Assistant, Remote Control (via app)

- **Filter Type:** 4-in-1 H13 True HEPA Filter and UV-C Light (5-stage filtration)
- **Floor Area Coverage:** Up to 1050 Square Feet (in 30 min)
- **Noise Level:** As low as 27 Decibels
- **Wattage:** 55 watts
- **Special Features:** Smart Home Compatible, Auto Mode, Sleep Mode, Child Lock, Auto Timer, PM2.5 Display
- **Color:** Graphite
- **UPC:** 817387029155
