Care and Maintenance

- **Cleaning:** Dust your model regularly with a soft brush or compressed air. Avoid harsh chemicals.
- **Storage:** Store the model in a cool, dry place away from direct sunlight to prevent plastic degradation and color fading.
- **Handling:** Handle the model by its sturdy parts, such as the torso or legs, to avoid stressing delicate joints or accessories.

Troubleshooting

- **Loose Joints:** If a joint feels loose, a small amount of clear nail polish or hobby cement applied to the peg and allowed to dry can tighten it.
- **Parts Not Fitting:** Ensure parts are oriented correctly. If a part is too tight, gently sand the peg or hole. Do not force parts together.
- **Missing Parts:** Double-check the runners and packaging. If a part is genuinely missing, contact Bandai customer support.
