Donerton T9

Donerton T9 Bluetooth Shower Speaker User Manual

Model: T9

1. INTRODUCTION

Thank you for purchasing the Donerton T9 Bluetooth Shower Speaker. This manual provides essential information for setting up, operating, maintaining, and troubleshooting your device. Please read it thoroughly to ensure optimal performance and longevity of your speaker.

Image 1.1: Donerton T9 Bluetooth Shower Speaker, showcasing its waterproof design.

2. PACKAGE CONTENTS

Ensure all items are present in the package:

- Donerton T9 Bluetooth Shower Speaker
- USB Charging Cable
- Suction Cup (pre-attached or separate)
- User Manual (this document)

3. PRODUCT OVERVIEW

Familiarize yourself with the speaker's components and dimensions.

Image 3.1: Side and front view of the Donerton T9 speaker, indicating the charging port, suction cup, and approximate dimensions (60mm/2.36in width, 85mm/3.35in height).

4. SETUP

4.1 Charging the Speaker

Before first use, fully charge the speaker. The speaker uses a Lithium Polymer battery.

1. Locate the charging port, typically covered by a waterproof flap.
2. Connect the provided USB charging cable to the speaker's charging port.
3. Connect the other end of the USB cable to a standard USB power adapter (not included) or a computer's USB port.
4. The LED indicator will show charging status (refer to LED indicator section for details).
5. Once fully charged, disconnect the cable and ensure the waterproof flap is securely closed.

4.2 Power On/Off

- To power on: Press and hold the Power button for approximately 3 seconds. An audible prompt will confirm power on.
- To power off: Press and hold the Power button for approximately 3 seconds. An audible prompt will confirm

power off.

4.3 Bluetooth Pairing

The speaker uses Bluetooth 5.0 for a stable wireless connection.

1. Ensure the speaker is powered on and in pairing mode (LED indicator will flash, typically blue).
2. On your device (smartphone, tablet, laptop), enable Bluetooth and search for available devices.
3. Select "Donerton T9" from the list of found devices.
4. Once connected, the speaker will provide an audible confirmation, and the LED indicator will change (e.g., solid blue).
5. The speaker has a memory function and will automatically attempt to reconnect to the last paired device when powered on.

4.4 Mounting the Speaker

The speaker comes with a suction cup for easy attachment to smooth surfaces.

- **Surface Preparation:** For best adhesion, ensure the surface (e.g., shower tile, mirror) is clean, dry, and smooth.
- **Suction Cup Preparation:** Lightly dampen the suction cup with warm water before pressing it onto the surface. Some users find applying a thin bead of petroleum jelly around the rim of the suction cup can improve long-term adhesion.
- **Attachment:** Press the speaker firmly against the desired surface, ensuring the suction cup creates a vacuum.
- **Verification:** Gently tug on the speaker to confirm it is securely attached before releasing it.

Enjoy Your Shower Time with Music

Image 4.1: The Donerton T9 speaker mounted on a shower wall, providing audio during a shower.

5. OPERATING THE SPEAKER

5.1 Button Functions

The speaker features multiple function buttons for control:

- **Power Button:** Press and hold to power on/off. Short press to play/pause music or answer/end calls.
- **Volume Up (+):** Short press to increase volume. Long press for next track.
- **Volume Down (-):** Short press to decrease volume. Long press for previous track.
- **Mode Button (M):** Short press to switch between Bluetooth mode, FM Radio mode, and LED light modes.

5.2 Audio Playback

Once connected via Bluetooth, audio from your device will play through the speaker. The T9 delivers 360° stereo sound with a 5W driver.

360° Stereo Crystal Sound

Image 5.1: An exploded diagram illustrating the internal components of the Donerton T9 speaker, highlighting its 360° stereo sound capabilities.

5.3 Dual Stereo Pairing (TWS Function)

You can pair two Donerton T9 speakers together for an enhanced stereo experience.

1. Ensure both T9 speakers are powered on and not connected to any Bluetooth device.
2. On one speaker, double-press the Power button (or a dedicated TWS button if available, refer to specific button layout). It will enter TWS pairing mode.
3. The two speakers will automatically connect to each other. An audible prompt will confirm successful TWS pairing.
4. Now, connect your device to one of the paired T9 speakers via Bluetooth as described in section 4.3. Both speakers will play audio in stereo.

Twins Wireless Pairing

Enjoy The 360° Surround Sound of The Cinema

Image 5.2: Two Donerton T9 speakers set up for dual wireless pairing, enhancing the audio experience.

5.4 LED Light Modes

The speaker features multiple LED light modes.

- To cycle through light modes: Short press the Mode button (M) repeatedly until you reach the desired light effect.
- The speaker offers various gradient light modes.

Image 5.3: The Donerton T9 speaker illuminating with a vibrant light show, enhancing the listening environment.

5.5 Hands-Free Calling

With its built-in microphone, the speaker can be used for hands-free calls when connected to your smartphone.

- **Answer Call:** Short press the Power button when an incoming call rings.
- **End Call:** Short press the Power button during a call.
- **Reject Call:** Press and hold the Power button for 2 seconds when an incoming call rings.

5.6 FM Radio

The speaker includes an FM radio function.

1. Switch to FM Radio mode by short pressing the Mode button (M) until you hear static or a radio station.
2. To auto-scan for stations: Press and hold the Power button for 2 seconds. The speaker will scan and save available FM stations.
3. To change stations: Use the Volume Up (+) and Volume Down (-) buttons (short press) to navigate through saved stations.

6. MAINTENANCE

6.1 Water Resistance (IPX7)

The Donerton T9 speaker is IPX7 waterproof, meaning it is resistant to splashes, rain, and gentle sprays. It can withstand immersion in water up to 1 meter for 30 minutes.

- **Important:** While waterproof, avoid prolonged direct immersion in water to extend the product's lifespan.
- Ensure the charging port's waterproof flap is securely closed before exposing the speaker to water.

6.2 Cleaning

Clean the speaker with a soft, damp cloth. Do not use abrasive cleaners or solvents.

6.3 Suction Cup Care

To maintain the suction cup's effectiveness:

- Regularly clean the suction cup and the mounting surface to remove dirt or soap residue.
- If the suction cup loses adhesion, try dampening it with warm water before re-applying.
- For enhanced grip, a small amount of petroleum jelly can be applied to the rim of the suction cup.

7. TROUBLESHOOTING

If you encounter issues, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Speaker does not power on	Low battery; Power button not pressed correctly	Charge the speaker fully; Press and hold the Power button for 3 seconds.
Cannot pair via Bluetooth	Speaker not in pairing mode; Device Bluetooth off; Speaker already connected to another device	Ensure speaker LED is flashing; Enable Bluetooth on your device; Disconnect from other devices or restart speaker.
Poor sound quality (tinny, distorted)	Volume too high; Weak Bluetooth signal; Speaker placement	Reduce volume; Move speaker closer to device; Adjust speaker position for optimal acoustics.
Suction cup does not hold	Surface dirty/uneven; Suction cup dry/damaged	Clean surface and suction cup; Dampen suction cup with warm water; Consider applying petroleum jelly to rim.
Buttons are stiff or unresponsive	Water/debris under buttons; Manufacturing variance	Ensure buttons are clean and dry; Apply firm, direct pressure. If persistent, contact support.
Short battery life	Speaker not fully charged; High volume usage; Age of battery	Ensure full charge before use; Reduce volume; Battery life naturally degrades over time.

8. SPECIFICATIONS

Key technical specifications for the Donerton T9 Bluetooth Shower Speaker:

- **Model Name:** T9
- **Connectivity Technology:** Bluetooth 5.0
- **Wireless Communication Range:** Up to 10 meters (33 feet)
- **Speaker Type:** Surround Sound

- **Audio Output Mode:** Stereo
- **Speaker Maximum Output Power:** 5 Watts
- **Water Resistance Level:** IPX7 (Waterproof)
- **Power Source:** Battery Powered (1 Lithium Polymer battery included)
