CalExotics SE-4368-30-3

CalExotics Stella Liquid Silicone Dual Teaser Massager

Model: SE-4368-30-3

Brand: CalExotics

Introduction

The CalExotics Stella Liquid Silicone Dual Teaser Massager is designed for enhanced pleasure. Crafted from liquid silicone, it offers a soft, smooth, and durable experience. This device features powerful rumbling vibrations from dual motors and 12 intense functions of vibration, pulsation, and escalation. It is also waterproof and USB rechargeable for convenience.

Setup

Charging the Device

Before first use, fully charge your Stella Dual Teaser. Connect the included USB charging cord to the charging port on the device and to a USB power source (e.g., computer, USB wall adapter). The LED light will flash while charging and glow solid when fully charged. A complete charge takes approximately 2 hours, providing 60 minutes of use on high speed or 110 minutes on low speed.

Power On/Off and Travel Lock

The device features a security travel lock. To unlock or lock the device, press and hold the power button for 3 seconds. This prevents accidental activation during travel or storage.

Operating Instructions

The Stella Dual Teaser offers intuitive control for its powerful functions.

Activating and Cycling Functions

1. **To Activate the Stimulator:** Once unlocked, press the power button to turn on the vibration.
2. **To Cycle Functions:** Continue to press the power button to cycle through the 12 powerful functions of vibration, pulsation, and escalation.

3. **To Activate the Shaft:** Press the bottom button to turn on its vibration.
4. **To Cycle Shaft Functions:** Continue to press the bottom button to cycle through its 12 powerful functions of vibration.
5. **Memory Chip:** The device features a memory chip that resumes on the last function used when powered on again.

Maintenance

Cleaning and Storage

The Stella Dual Teaser is made from liquid silicone and is waterproof, allowing for easy cleaning. After each use, clean the device with warm water and a mild, toy-safe soap. Rinse thoroughly and pat dry with a lint-free cloth. Store the device in a clean, dry place away from direct sunlight and extreme temperatures. Avoid using harsh chemicals or abrasive cleaners, as these can damage the silicone material.

Troubleshooting

Common Issues

- **Device not turning on:** Ensure the device is fully charged. Check if the travel lock is activated (press and hold the power button for 3 seconds to unlock).
- **Vibrations are weak:** The battery might be low. Recharge the device.
- **Charging indicator not working:** Ensure the charging cable is securely connected to both the device and the power source. Try a different USB port or adapter.

If you experience persistent issues not covered here, please refer to the support section.

Specifications
