SETUP

1. Charging the Smartwatch

Before initial use, fully charge the smartwatch. A USB charging cable is included. Connect the cable to the smartwatch and a compatible USB power source. Charge for at least three hours prior to first use.

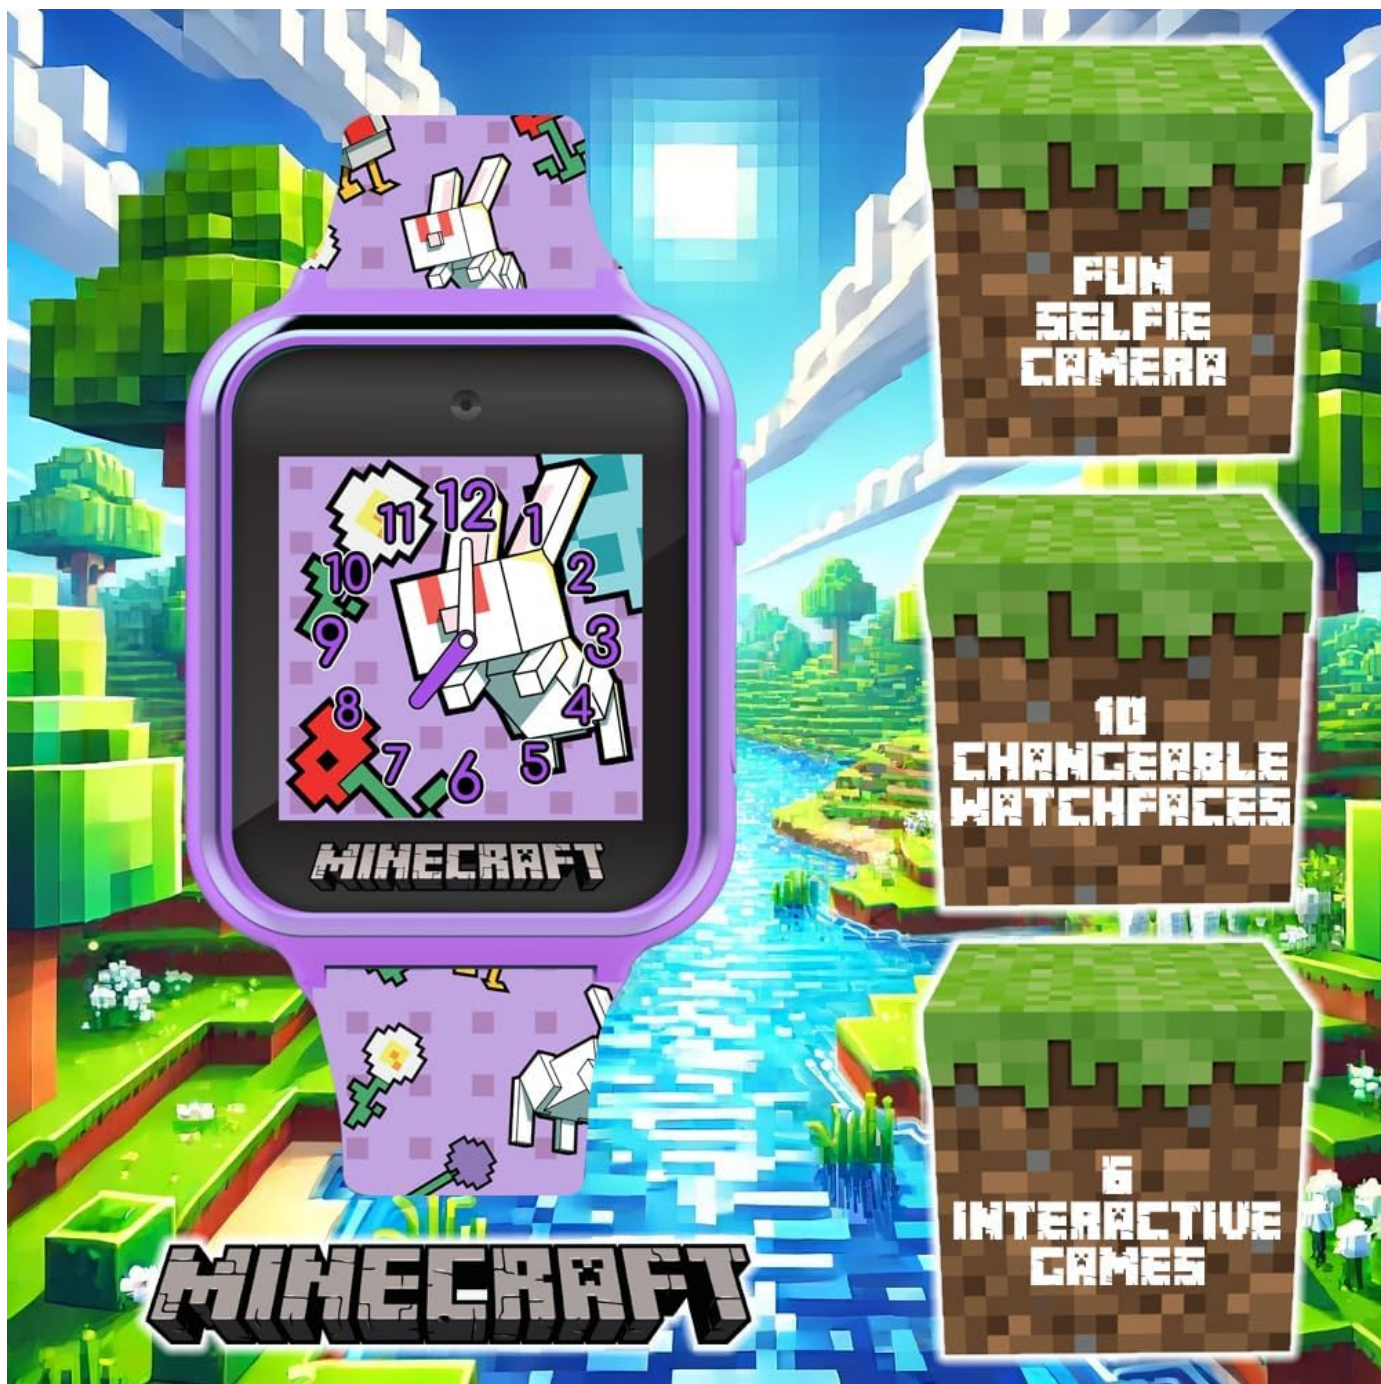

Image: Side view of the smartwatch, highlighting the USB charging port for connection.

- **Battery Type:** 1 Lithium Polymer battery (included)
- **Battery Capacity:** 400 mAh
- **Battery Charge Time:** Approximately 4 hours for a full charge
- **Average Battery Life:** Up to 12 hours of typical use

2. Powering On/Off

To power on the smartwatch, press and hold the power button located on the side of the device until the screen illuminates. To power off, press and hold the power button until the power-off option appears on the screen, then confirm your selection.

OPERATING INSTRUCTIONS

The smartwatch features a touchscreen display and physical buttons for navigation and interaction.

1. Navigation

- **Touchscreen:** Swipe left, right, up, or down to navigate through menus and applications. Tap to select an item.
- **Buttons:** Use the side buttons for specific functions such as returning to the home screen or activating certain features. Refer to the on-screen prompts for button-specific actions within applications.

2. Core Features

Watch Faces

The smartwatch includes 10 changeable Minecraft-themed watch faces. To change the watch face, navigate to the watch face selection menu and tap on your desired design.

Voice Recorder

Record audio messages using the built-in voice recorder. Access this feature through the applications menu.

Step Counter (Pedometer)

The integrated pedometer tracks your steps throughout the day. Access the pedometer application to view your step count.

Games

The smartwatch includes various playable games for entertainment. Navigate to the games section to select and play.

Timer, Stopwatch, Alarm, and Calculator

These utility features are accessible through the applications menu:

- **Timer:** Set countdown timers for various activities.
- **Stopwatch:** Measure elapsed time.
- **Alarm Clock:** Set multiple alarms with customizable sounds.
- **Calculator:** Perform basic arithmetic calculations.

Wallpapers

Customize the smartwatch background with various wallpapers available in the settings or display options.

MAINTENANCE

1. Cleaning

Wipe the smartwatch screen and strap with a soft, dry, or slightly damp cloth. Avoid using harsh chemicals or abrasive materials, as these can damage the device.

2. Water Resistance

The Accutime Minecraft Kids Smartwatch is **not water resistant**. Avoid exposing the device to water, including rain, splashes, showering, or swimming, to prevent damage.

3. Battery Care

To prolong battery life, avoid fully discharging the battery frequently. Charge the device regularly. Store the smartwatch in a cool, dry place when not in use for extended periods.

TROUBLESHOOTING

If you encounter issues with your smartwatch, refer to the following common solutions:

- **Smartwatch does not turn on:** Ensure the battery is fully charged. Connect the smartwatch to the charger for at least 30 minutes, then attempt to power it on again.
- **Screen is unresponsive:** Try restarting the device by holding down the power button. If unresponsive, allow the battery to fully drain, then recharge and power on.
- **Features not working correctly:** Ensure the smartwatch software is up to date (if applicable, check manufacturer's website for updates). Restart the device.
- **Short battery life:** Reduce screen brightness, close unused applications, and ensure the device is fully charged before use.

If problems persist, contact customer support for further assistance.
